GRAIN

WINNIPEG, Aug 22 (CP)—Light profit-taking, apparently influenced by the firmer tone displayed by stock markets, left wheat futures prices irregular when trading finished on Winnipeg grain exchange today. Quotations closed 3-4 cents lower to 1-8 cent higher, with October at 55 3-8, November 56 3-8, December 56 1-8 and May 59 5-8 cents. Operations started briskly but slackened off as the session progressed. Outside selling accounted for most of the weakness and over-balanced support offered by commission houses, mills and seaboard interests.

REPORT OF ROALD AMUNDSEN from 1903 to 1906. Amundsen succeeded in navigating the Passage in 1906, being the first to accomplish the feat. He sailed from east to west, but the new expedition will try from west to east. Only one member of the party of six, Pastor, Flind-Kelless, has ever been to sea before. As a rule the North-West Passage is only free of ice for six weeks of the year, from the beginning of August to the middle of September.

SCIENTIST TABS LEAF BREATHING LONDON, Aug. 22 (CP)—While crises have been shaking the world during the past few months, some anonymous research expert in a laboratory in distant East Africa has been engaged on a mighty important piece of work. He has invented an apparatus for measuring under natural conditions the rate of breathing of a
