PORK CURING ESTABLISHMENT.—The Guardian's Summerside correspondent says: The meeting in Market Hall yesterday afternoon to consider the question of establishing a pork curing and packing company was a large one, the different sections of the county being represented by quite a number of influential farmers. Mr. J. M. Clarke, secretary of the Company, read some correspondence from parties in the neighboring provinces who are either engaged or interested in pork-packing establishments. After a good deal of discussion it was decided that a Joint Stock Company be organized for the purpose of handling dressed hogs only. It was decided that the shares be limited to \$10 each. Canvassers were appointed to canvass the meeting for shares. The result of the canvass was the subscription of 91 shares. The old board of directors was re-elected as follows: A. C. Rogers, President, J. M. Clarke, Secretary; William Andrew Edwin Darby.

Firmly Grounded Upon Real Merit—They Know Hood's Sarsaparilla Absolutely and Permanently Cures When All Others Fail.

Hood's Sarsaparilla is not merely a simple preparation of Sarsaparilla, Dock, Stillingia and a little Iodide of Potassium. Besides these excellent alternatives, it also contains those great anti-bilious and liver remedies, Mandrake and Dandelion. It also contains those great kidney remedies, Uva Ursi, Juniper Berries, and Pipsissewa.

Nor are these all. Other very valuable curative agents are harmoniously combined in Hood's Sarsaparilla and it is carefully prepared under the personal supervision of a regularly educated pharmacist.

Knowing these facts, is the abiding faith the people have in Hood's Sarsaparilla a matter of surprise? You can see why Hood's Sarsaparilla cures, when other medicines totally, absolutely fail.

Hood's Sarsaparilla is the best—in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

HOCKEY AT SUMMERSIDE.

Abbies Defeat Stars and Anchors Win From Britannias.

A grand game of hockey took place last evening in the Crystal Rink, Summerside, between the Abbies and Stars. The special train from Charlottetown had on board nearly 120 excursionists. At 8 o'clock the rink was packed and the excitement was intense as the hour to play approached.

At 8:10 the referee's whistle sounded and both teams took their positions on the ice, the Stars defending the western goal and the Abbies the eastern. The first goal of the evening was shot by Bethune for the Abbies from cover point. This made the Stars furious and McDonald shortly after scored for that side. The play now was very fast—the puck being kept running up and down the rink for a considerable time. But here McDonald broke the spell, by scoring again for the Stars. The Summerside people now were jubilant; but Bethune again scored the puck and by one of his great lifts scored again for the Abbies, and shortly afterwards Grady scored for the Stars. At half time the count stood 3-2. In the second half the play was very fast, and the first goal was shot by McLeod. After this only one more goal was made, and that in favor of the Abbies by Sullivan.

The match between the Anchors and Britannias was all one-sided, the Anchors from the start to finish having maintained the lead. The score in the first half was 4-1. In the second half the Britannias played a better game, but they were unable to make as many points as their opponents, the score in the second half being 4-3. This making a total of 8-3 in favor of the Anchors.

Creel McArthur refereed for the Abbies and Stars and James Brebant for the Anchors and Britannias in a very satisfactory manner. After the game was over the Abbies were invited to Mr. Geo. Grady's restaurant by the Stars where they partook of a hot supper. The Anchors were treated in the same manner by the Britannias in Montgomery's Hall. The special train left Summerside on return at 1 o'clock and arrived in town shortly after 3.

FARMERS' AND DAIRYMEN'S MEETING.—The Farmers' and Dairymen's Association of Bejeque, held their quarterly meeting in Lower Freetown hall on Thursday afternoon. According to the Guardian correspondent, there was a fair attendance of farmers from the different sections of the surrounding country. PROTESTANTS IN FRANCE.—The Protestants in France number 600,000. They are strongest in the South of France, where in former centuries the Huguenots were so numerous, and in a few large cities like Nimes, Montpellier, Marseilles, Bordeaux, and especially Paris. Much of the wealth of the country is in their hands. The majority of these Protestants are Reformed; the Lutheran group is limited to the region of Montebeliard. The only great dogmatic division is between the "Orthodox" and the "Liberals." The two great Schools of Theology are the Theological Seminary of Montauban, which is Orthodox, and the Paris school which is Liberal or Rationalist. The Dean of the Faculty of Paris is M. Sabatier, author of the "Philosophy of Religion," which has created such a stir recently. There are here and there a few small Baptist and Methodist congregations.—Ex.
