

Mrs. James Constable, Seaforth, Ont., writes:—"Ever since I can remember I have suffered from weak action of the heart. For some time past it grew constantly worse. I frequently had sharp pains under my heart that I was fearful if I drew a long breath it would cause death. In going up-stairs I had to stop to rest and regain breath. When my children made a noise while playing I would be so overcome with nervousness and weakness that I could not do anything and had to sit down to regain composure. My limbs were unnaturally cold and I was subject to nervous headaches and dizziness. My memory became uncertain and sleep deserted me.

"I have been taking Milburn's Heart and Nerve Pills, and as a result am very much better. I have improved in health and strength rapidly. The blessing of sleep is restored to me. My heart is much stronger, and the oppressive sensation has vanished. I can now go up-stairs without stopping and with the greatest of ease, and I no longer suffer from dizziness or headache. It seems to me the circulation of my blood has become normal, thereby removing the coldness from my limbs. I can truly say that Milburn's Heart and Nerve Pills have done me a world of good."

### Save the Babies.

Thousands of them die every summer who could be saved by the timely use of Dr. Fowler's Ext. of Wild Strawberry.

There is not a mother who loves her infant but should keep on hand during the hot weather a bottle of Dr. Fowler's Extract of Wild Strawberry.

There is no remedy so safe and so effective for the diarrhoea of infants, and none has the endorsement of so many Canadian mothers who have proved its merits, and therefore speak with confidence. One of these is Mrs. Peter Jones, Warkworth, Ont., who says: "I can give Dr. Fowler's Extract of Wild Strawberry great praise, for it saved my baby's life. She was cutting her teeth and was taken with diarrhoea very bad. My sister advised me to get Dr. Fowler's Extract of Wild Strawberry. I got a bottle and it cured the baby almost at once."
