

Careful assay of specimens, and fails to find the faintest trace of gold in them.

The theory started by those interested is, that an auriferous quartz vein did at one time exist in the vicinity of Cape Wolfe, but has been removed by denudation, and the gold which it held is now contained in these conglomerate beds.

On the other hand, the great abundance of mica, the fragments of garnets and rock crystal, which flash in their tiny spheres as only real gems can, and tritirated red quartz which are found in these sandstones, all point to the disintegration of metamorphic schists with accompanying intrusive rocks of red granite; and which are known to be most barren of auriferous veins.

The materials of which the rock here is composed are somewhat less decomposed and tritirated than on a great part of the rest of the Island, because they are near the base of our system. The abundance of hematite is common at this horizon in other parts of the Island. Similar beds of conglomerate are found through various parts of Queen's and Prince Counties.

It is an accepted principle among miners, that gold, in its original bed, is not found in limestone rocks; yet our enterprising company have reposed their hopes in the most calcareous members of our entire rock system.

Some small deposits of gold dust may possibly be found here, resulting from the disintegration of metamorphic rocks. But to suppose that any considerable quantity exists, so extensive with the distribution of the conglomerate, is one of the wildest delusions that ever got possession of the popular mind.

CIVIC AFFAIRS.

THE City Council's action in imposing a tax of one and one-twentieth per cent on real estate, should be explained. When the late Council were in power the gentlemen who compose the present Board were loud in their denunciations of the manner in which Civic affairs were managed.

There is another letter, a few days following, to the same effect, taking in all the Island railroads. Mr. Brecken has also had several interviews, within the past few weeks, with the Postmaster General, relative to the establishment, in Charlottetown, of a postal delivery by messengers from house to house, as also of letter boxes in prominent parts of the city, the same as obtains in Montreal, Ottawa, and Toronto.

THE Academy of Music was well filled last night on the first appearance of Cohan, Sellon & Burn's Comedy Company. Owing to the late arrival of the troupe in the city, they were unable to place their complete programme on the stage, being obliged to omit their beautiful panoramic views of Ireland, which are described as being the most interesting feature of the entertainment.

At the residence of Mr. William H. Batt, Charlottetown, on Friday, the 25th inst., of inflammation, John Thomas Botts, aged 21 years. [Funeral will leave Mr. Batt's residence to-morrow, Sunday, at 10 a. m.]

ESCAPED FROM JAIL.—A prisoner named Somerville, who was undergoing a sentence of 60 days hard labor, escaped from jail at New Glasgow, N. S., in a novel manner. He stripped off his clothes and greased himself all over. He then threw his clothes through the hole by which prisoners are fed, which is only 6x10 inches, and managed to squeeze himself through the same place.

The Coming Governor-General.

The Marquis of Lansdowne, who has been appointed Governor-General of Canada, was born 14th January, 1845, became Marquis 5th July, 1866, married Maud Evelyn, daughter of the Duke of Abercorn, 8th November, 1869, and has several children.

He is described as being enormously rich, his annual rental being over £53,000 sterling. He speaks French as well as English, and is noted for his great generosity. In the welfare of Canada he has ever taken a lively interest, and in 1881 he held a Conference at the Lansdowne House of noblemen and gentry, for the purpose of discussing plans relative to the emigration of British subjects to this country.

THE Ottawa correspondent of the Charlottetown Herald, referring to Mr. Brecken, M. P., says:—Mr. Brecken does not let the grass grow under his feet while in Ottawa. His eyes are always open to the interests of the Island. He has, for some time back, been in communication with Sir Charles Tupper, Minister of Railways, with the view of having the rolling stock of the Island railroads made in the Island, and has received the following letter on the subject:

DEAR SIR.—I am in receipt of your letter of the 18th ultimo, and have the honor to state, in reply, that when the present rolling stock of the Cape Traverse railroad wants renewing, I shall have it built on the Island.

THE ceremony of blessing the Imperial flag was performed in the Kremlin on Wednesday in the presence of the Emperor, Empress, Imperial family and Emperor's military household.

The Czar left Petrofsky palace at noon on the 2nd, and reached Kremlin at 12.50 o'clock. There was a slight fall of rain during the march of the procession, but otherwise the affair was a complete success. The enthusiasm of the people along the route was unbounded. The Emperor wore the uniform of a general and was mounted on a splendid charger. He rode a little in advance of four generals who were directly attending him.

The Emperor mounted his horse other salutes were fired. The procession then moved according to the original programme. The Emperor wore a broad blue ribbon of the order of St. Andrew over his uniform. The Empress and Grand Duchess wore national Russian dresses. After entering the Kremlin, the court officials presented their majesties with bread and salt on plates of silver and gold.

The ceremony of blessing the Imperial flag was performed in the Kremlin on Wednesday in the presence of the Emperor, Empress, Imperial family and Emperor's military household. The Emperor and Empress drove from the Alexandrovsky Palace to the Kremlin in an open carriage and without escort.

THE undersigned beg to inform the Farmers of P. E. Island that they have leased that commodious store, and intend devoting their attention to the Agency for the celebrated firm of Patterson & Bro.
