IN MEMORIAM

GILLIS — In fond and loving memory of Alexander Gillis of Newtown Cross, who departed this life November 28, 1953.

A precious one from us is gone
The voice we loved is still
His chair is vacant in our home
No one will ever fill.

We have lost a real companion
A life linked with our own
And day by day we miss you more
As we walk through life alone.

Looking back with memories
Along the path we trod
We bless the years we had with you
And leave the rest with God.

Lovingly remembered and sadly missed by his wife and family.

FERGUSON—In loving memory of H. Leigh Ferguson, Bethel, our dear husband and father, who passed away on Nov. 28, 1955.

God saw that you were weary,
He did what he thought was best,
He put his arms around you,
And whispered "Come and Rest."
Your memory to us is a treasure
Your loss a lifetime regret
Sweet memories we shall treasure forever
Of one we shall never forget.

Lovingly remembered by wife and family.

McGONNELL—In memory of my dear mother, Mrs. James McGonnell who passed away Nov. 27, 1950.

It was in the sad month of November
That I stood by an open grave
And watched friends lower my mother
I would have gladly died to save,
But I knew my thoughts could not waken
Her soul in its silent clay,
So I laid my heart down beside her,
And silently walked away.

Always remembered by her daughter, Mrs. George Chandler.

CUDMORE—In memory of Albert J. Cudmore, who passed away November the 28, 1942.

Ever remembered by wife and family.

DRAKE—In loving memory of Pte. Earle James Drake, who passed away November 28, 1940

Just as you were you will always be
Treasured forever in our memories.

Ever remembered by daughter Vera, Montreal, Quebec.

CARD OF THANKS

The family of the late Rudolph Doiron wish to thank all kind friends and neighbours who helped in any way during their recent sad bereavement, also those who sent flowers, masses, spiritual bouquets, memorials and messages of sympathy.

IN MEMORIAM

E.W. UNDERHAY

On October 30th, 1957, Bay Fortune lost one of its best known and well beloved citizens when after a long illness, Edward Whelan Underhay was called from his earthly home to inherit the home in heaven prepared for those who have come out of great tribulation and have washed their robes and made them white in the blood of the Lamb.

Mr. Underhay was born in Bay Fortune, October 9th, 1869, and was in his 89th year. He was the youngest and only surviving son of the late Hon. J.C. and Mrs. Underhay of Bay Forutne. At a very early age he emigrated to the United States, where he remained for about twenty - five years, returning in later life to his native land.

He was a great reader and a great student and lover of nature This combined with a wonderful memory made for him hosts of friends wherever he went.

He was loving and kind in all his ways. Upright and just to the end of his days, and he will be greatly missed in the community where he lived so long and honorably.

The funeral which was held from the home of his nephew, Reid Underhay, was largely attended and the service at the home and the church was conducted by the pastor, Rev. Donald Sharpe. The funeral arrangements were in the capable hands of the Dingwell Funeral Home, Souris, and burial was in the Church cemetery.

The pall bearers were Charles Mills, Archibald Fisher, John Francis, Tommy Banks, Lorne Keefe and Russel Mills.

The beautiful floral tributes were testimony to the place he held in the hearts of his loved ones and friends.

He leaves to mourn the loss of a loving and devoted brother, three sisters, all living on Prince Edward Island. Two brothers and three sisters having predeceased him some years ago.

Makes Loan To Help India Produce Sufficient Steel

By FORBES RHUDE
Canadian Press Business Editor

Royal Bank of Canada is one of the participants in a loan which will assist in a program to make India self-sufficient in steel production.

The loan—totalling $32,500,000—is to Tata Iron and Steel Co. Ltd., and is made by the International Bank for Reconstruction and Development (World Bank), eight United States commercial banks and the Royal.

Of the total, the American banks and Royals are putting up $15,000,000 among them.

Announcement of the loan, made by the World Bank, says that Tata's program aims at 2,000,000 ingot tons steel capacity, compared with 1,100,000 tons in 1950.

The program calls for total investment in the five-year period ending March, 1960, equivalent to $250,000,000—more than half of it in foreign exchange. Tata is providing about half the investment from its own resources, and in June, 1956, the World Bank made a loan to it of $75,000,000.

MAJOR PRODUCER

Tata, with the largest integrated steel mill in Asia, at present accounts for more than two-thirds of India's steel production. Shipments of finished steel now are met from abroad and demand is growing rapidly. The country's second five-year plan, however, aims at bringing domestic steel production abreast of demand by March, 1961.

The loan is for a period of 13½ years, with interest—including a one per cent commission credited to the World Bank's special reserve—of six per cent.

Participations of the American and Canadian banks are without World Bank guarantee and the maturities which they have taken up will be the first five semi-annual payments, falling due from October, 1960, to October, 1962.

The participating American banks are Bank of America N.T. and S.A., Chase Manhattan, First National City of New York, Chemical Corn Exchange, Manufacturers Trust, Northern Trust, Philadelphia National and National of Washington.

The new loan brings to $356,000,000 the amount the World Bank has lent to private enterprises and government agencies in India.

STEP UP SPENDING

Canadian Westinghouse Co. Ltd. announces that it will step up its capital spending in the next two years to a rate of $5,000,000 a year, compared with $3,500,000 in 1957 and $1,200,000 in 1956.

George L. Wilcox, president, in making the announcement, also said total sales this year will be 12 to 15 per cent above last year and that net income will be "considerably higher."

Backlog of heavy apparatus orders, he added, assures a rate of production throughout 1958 comparable to the 1957 level.

Of this year's sales, some 60 to 65 per cent would be in non-consumer items.

In consumer goods, first half-year appliance sales were down some 10 per cent; about even with 1956 in the third quarter; but probably below 1956 in the fourth quarter. A sales pick-up in September was not maintained in October and November.
