World's Columbian Exposition, Chicago, 1893.

THE Government of the Dominion of Canada has accepted the invitation of the Government of the United States to take part in the World's Columbian Exposition, to be held in Chicago from 1st May to 31st October, 1893. As it is important that a very full display of Canadian products be made on that occasion, a general invitation is extended to Canadian producers and manufacturers in agriculture, horticulture, products of forests, fisheries, minerals, machinery, manufactures, arts, etc., to assist in bringing together such a display of the natural resources and industrial products of Canada as will be a credit to the country.

An Executive Commissioner for Canada has been appointed, who will have the general charge of the exhibits and the allotment of space, and the several Provincial Governments have been invited to co-operate with the view of making the exhibition as complete and satisfactory as possible.

The Dominion Government will pay the transport of exhibits going and returning, and for the placing of articles sent.

Entries must be made not later than 31st July. The reception of articles at the Exposition buildings will commence 1st November, 1892, and all exhibits, excepting Live Stock, must be in place by 1st April, 1893.

Forms of application for space and general information can be obtained on applying by letter post free, to the undersigned.

WM. SAUNDERS,
Executive Commissioner for Canada.

Department of Agriculture, Ottawa, 20th April, 1892. may19

THE DAILY EXAMINER.

JUNE 22, 1892

Sir John Thompson Defended.

A good man is never without defenders. The attack of the Rev. Dr. Douglass upon Sir John Thompson has been met by persons of every class and creed. Among the most prominent of Sir John's defenders is Mr. Coatsworth, member of Parliament for Toronto and a leading and influential Methodist. In the course of a letter to the Ottawa Citizen, Mr. Coatsworth says:

"As a member of the Methodist Church having great respect for Dr. Douglas, a venerable minister of that church, I was deeply pained at the evident lack of Christian charity and moderation evinced by him on that occasion. It was also a matter of deep regret to observe Dr. Douglas' entire misconception of the public life of Sir John Thompson. The whole tenor of his address shows clearly to me that he was misinformed and the inferences he drew were based on a statement of facts which were in every important particular totally at variance with the true state of the case. I do not yield to any person in my jealous care to guard the very interests which I believe Dr. Douglas intended by his speech to preserve. At the same time I am free to say candidly that after nearly two years of intimate relations with Sir John Thompson, I have ever found him to be a courteous, fair, liberal-minded gentleman and a statesman of the highest rank, and I have yet to see the slightest indication on his part to introduce religious questions into politics. The wrong impressions made upon many minds by such addresses as that of Dr. Douglas have given rise to erroneous opinions concerning Sir John Thompson. These are always dispelled on meeting and hearing him. Dignified in manner, calm and temperate in discussion, logical in debate, seldom asserting a position that cannot fairly be maintained, extreme in nothing, an enthusiastic lover of Canada and British connection, he is loved by his friends and respected by all as a statesman worthy of emulation by Canadian youth."

It is evident that Sir John Thompson has no need to personally resist Dr. Douglas' attack. In so far as Sir John is concerned, Dr. Douglas is repelled by the men of his own communion and fellowship, as well as by fair-minded men of every party and creed.

Notes and Comments.

—The report of Mr. Ingalls, of the Geological Survey, to the Dominion Government, shows that during the past four years the annual mineral production of Canada has largely increased. The value of the coal output has increased from $4,758,590 to $7,792,175. The nickel industry has been established within that period, and last year the output was valued at $2,775,-976. The production of copper has increased from $342,345 to $1,238,780. Other minerals, excepting gold, also show a satisfactory increase.

—The Montreal Witness returns thanks to the broad shoulder of its mountain and the virtuous character of its aldermen, for having escaped the thunder, lightning and rain which made havoc elsewhere in the province of Quebec. A St. John, N. B., man at present in Toronto, upon reading of the damage done by the storm in Halifax, N. S., was heard to remark, "They wanted that to wake them up," upon which the Empire remarks that it is strange what narrow prejudices lead men to say.

—Halifax Herald: It is a suggestive fact, in connection with the theory advanced by Rev. Dr. Douglas that the Roman Catholic church is making use of Sir John Thompson to control this country, that the two provinces of this dominion in which the adherents of that denomination consititute a larger proportion of the population than they do in the others—to wit Quebec and P. E. Island—were the only two provinces in which the present dominion government failed to secure a majority at the last general election. Quebec, in which the Roman Catholics are as 7 to every 1 non-Catholic, returned 38 opposition to 28 government supporters,—though the government carried nearly all the Protestant districts in the province. And P. E. Island, in which the Roman Catholics are within a fraction of one half the population, elected 4 grits to 2 conservatives. On the other hand Manitoba, in which the Roman Catholic population is the smallest in proportion to population of any of the provinces, elected 4 conservatives to 1 grit. The moral of which seems to be that at the last general election the Roman Catholic church did not exercise any undue activity in support of the government of which Sir John Thompson is a member.

FOR OVER FIFTY YEARS Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. 1yr

The government crop bulletin for Manitoba gives the following figures showing the acreage under crop: Wheat, 875,990; oats 332,-974; barley, 97,644; peas, 2,188; potatoes, 10,000; roots, 17,498. The acreage of wheat is slightly less than last year. The report states the dairying interest is in an unfavorable state, owing to the scarcity of help. Regarding the crop prospects it states the outlook is exceedingly bright and fully up to last year's enormous yield. The farmers are jubilant over the situation.

LETTERS TO THE EDITOR.

Educational

SIR,—In the Patriot of the 9th inst., I noticed a paragraph entitled, "Educational," and signed "Teacher," which, I think, voices the sentiments of every school teacher on the Island. It cannot be doubted but that parents have suffered much by the many changes in school books which have been made within the past year, and the change made in the two books referred to by the Patriot's correspondent was not definite, but optional, so that some teachers preferred retaining the old series. We hope that Mr. McLeod, Superintendent of Education, will give the matter his due consideration.

TEACHER OF UNGRADED SCHOOL.

School Examination.

The annual examination of the Bluefield School was held on Wednesday, the 15th June, under the management of Mr. A. Stitson, who is a very efficient and painstaking teacher. During the short time he has been with us he has made a marked improvement in our school. Prizes were awarded by the teacher and several of the heads of families as an inducement for the scholars to strive to gain the point and carry off the prize.

There was a good attendance of both parents and scholars, and after a thorough examination in the different classes several of our prominent men rose and expressed their gratitude to Mr. Stitson for the able manner in which he conducted and improved the school. Hoping he may long be spared to advance the cause of right, I remain,

ONE WHO WAS PRESENT.

Kingston, Lot 31.

Personal.

Mr. Wemyss Reid, in a recent magazine article, names certain men as being likely material for the next Liberal Cabinet. Amongst the peers are the Marquis of Ripon, Lord Spencer, the Earl of Kimberley, Lord Herschell, the last Liberal Lord Chancellor, and possibly Lord Carrington, the late Governor of New South Wales. In the House of Commons, Sir William Harcourt, John Morley, Messrs. Campbell-Bannerman, Shaw Lefevre and A. J. Mandella, Sir George Trevelyan, Sir Charles Russel, Mr. Fowler, and possibly Prof. James Bryce and Mr. Labouchere are mentioned. Of these Lord Ripon was a firebrand while Viceroy of India, Lord Kimberley was the weakest Colonial Secretary after Lord Derby that England has had in modern times, whilst most of the others are ordinary every day politicians. Mr. Morley is academic, Sir Charles Russel is really brilliant, Prof. Bryce is a clever writer and thinker, and Labouchere is hopelessly erratic. But Mr. Gladstone is not yet out of the woods, and it is too soon for his followers to shout.

Exercise for Cows.

Do not turn them out for that purpose; they do not need it, nor will they take it; besides, every movement in that direction by the cow machine brings you a loss in butter fat. Chewing the cud is all the exercise the cow machine needs. Do not dog the cow nor strike her. You would consider the owner of a steam mill crazy or a fool if you were to see him throwing sticks into his fly-wheel when running at full speed, but that is what the owner of the cow machine is doing who ill-treats his cows. Shoot or sell the dog and substitute a pint of wheat bran every day in the feeding boxes. It will bring the cow to the stables regularly every night and morning without the aid of boy or dog.

SKODA'S DISCOVERY, the Great German-American Remedy for Heart, Nerves, Liver, Kidneys, Blood. Guarantee contract with every bottle. Pay only for the good you receive. At all Druggists, $1.00 per bottle, six bottles $5.50. If you want to know about SKODA'S REMEDIES, send postal for "**Morning Light.**"

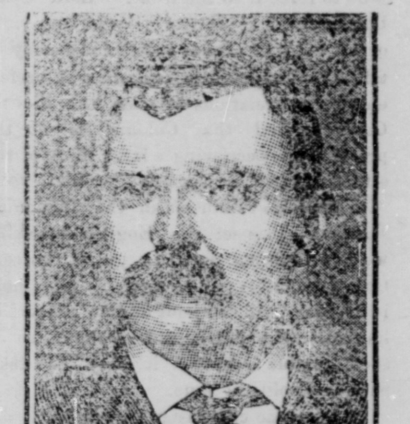
Treasurer Hall has introduced into the assembly of Quebec, a bill to tax all transfers of real estate one and a half per cent., and also to place a succession duty of one to 10 per cent on moveables and immoveables.

HUNTER RIVER TEA.—A special train will run in connection with the tea at Hunter River on the 23rd, leaving Summerside at 8 o'clock, a. m; returning, will leave Hunter River for Summerside at 5 15 p. m., standard time, connecting at Emerald morning and evening with Cape Traverse train. Return fares: Summerside and Barbara Weit, inclusive, 60c; Kensington and Freetown, 50c; Emerald, 40c; Bradalbane and Clyde, inclusive, one single first-class fare.—D. McKinnon, sec'y. tf

SYRUP OF FIGS produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation. jul3 1m

FEW people have any idea of the care with which tobacco has to be attended after it is grown. It will imbibe odors of almost any kind if placed near the source of them. A pig sty, for instance, near the place where the planter stores his crops will impart a disagreeable flavor, which no care afterwards will divest it of. Among the many precautions taken to obtain a faultless leaf for the "Myrtle Navy" brand is to ascertain carefully the methods which every farmer adopts with his crops in the sections of Virginia where the "Myrtle Navy" leaf is grown. ....

"HACKMETACK," a lasting and fragrant perfume. Price 25 and 50 cents.—Reddin Bros. novldwly



STEPHEN H. WARREN.

FROM THE ISLES OF THE SEA.

Liver & Kidney Trouble

COMBINED WITH

PALPITATION OF THE HEART

CURED!

STEPHEN H. WARREN OF ISLESBORO, ME., IS WELL KNOWN IN HIS NATIVE TOWN, AND THE GREATEST CREDENCE CAN BE GIVEN TO HIS STATEMENT. TO A REPRESENTATIVE OF THE SKODA DISCOVERY CO., HE RECENTLY SAID:

"For more than two years I have suffered great misery from what Physicians called Liver and Kidney Troubles. Nearly all the time I would have severe pains in my back and side, with a constant dull pain in the region of my liver. My bowels were constipated. Food distressed me badly, and my Heart would palpitate greatly at times, in fact I was well broken up.

BETTER THAN GOLD

For two months I have been taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS, and I AM A NEW MAN. Appetite good. Bowels in good condition. Heart palpitation all gone. No trouble with Liver or Kidneys now. I AM WELL. You certainly have a wonderful remedy in SKODA'S DISCOVERY as I have taken many of the Sarsaparillas, and have been treated by different Physicians without getting permanent benefit."

THE ONLY MEDICINE SOLD WITH A GUARANTEE CONTRACT WITH EACH BOTTLE. TRY A COURSE (6 BOTTLES) AT OUR RISK, IF NOT BENEFITTED RETURN BOTELES AND GET YOUR MONEY. PAY ONLY FOR THE GOOD YOU RECEIVE.
