Nearly a Riot at Dundas

It appears a certain character, more admired for brazen effrontery than brains, with some coadjutors, engaged the public hall at Dundas, in order to give vent to their pro-Boer feelings on the night of the 19th inst. Word was formally given to the parties by a gentleman who is employed as superintendent of the Dairying Association here, to desist as serious consequences might be the result. The large hall was literally packed, and the speakers appeared on the stage. Being denied the privilege of the press, blind zeal for a rotten cause impelled them to endeavor to vent their spleen or "burst." Scarcely had the speaker entered on barely the prologomena of his speech, when cries of "pull him down," "out with him," were heard, and the noise was deafening. A man present turned to a crowd of young Scotchmen near him and said, "Boys, is this all the sympathy you find for your P. E. I., boys who bled and died on Modder River, and the 1300 Scotchmen who fell at Magerfontein. It was enough. A crowd rushed on the platform, and tried to lay hold of the pro-Boers with the intention of throwing them out through the windows, which, fortunately, was frustrated. It would have been instant death as the windows are fully 20 feet from the ground, and below is a pile of wood across the end of the hall. In the melee others endeavored to rescue the parties, and so for a time it appeared as if some were to lose their lives.

After a scene of the wildest confusion the Hall was cleared, and "God Save the Queen" rang on the midnight air.

During the Spanish-American war, we had Spaniards among us, if they dared express their views. Now, when the British Empire and our flag is threatened, strange to say, there are found among us men who, (and by their words we must judge them) would sell the British Empire for less money than their elder brother sold his Lord and Divine Master. Such men must be a trouble to themselves, and to society they are as dangerous as rattle-snakes. Had they the courage of their convictions why not join that consummate hypocrite's army, Oom Paul's, and shows by their actions, like Roland Taylor and Alred Riggs, that principles are dearer than life.

There is a deep game now being played on the checker board of Europe. Secret designs are worked up to thwart Britain's supremacy, and the "muster roll" of the British Empire to those who are Englishmen means more than the subjugation of the Boers and the floating of the "Old Flag" in the Cisvaal and the Transvaal. The spirit of the nation is aroused. We trust a recurrence of this nature may never be brought to our notice and that the author of this confusion may, in his forlorn conditions, pray for light and that like the man of old "possessed," we shall yet see him clothed and in his right mind.

BANQUET AT THE FORESTER HOUSE, CRAPAUD.

On Thursday evening the 20th inst., a farewell banquet was given at the Forester House, Crapaud, in honor of Mr. John McVitie, Mr. John McDonald and Mr. Harry McDonald, who leave for Seattle, Wash.

At 10 o'clock, the guests who numbered about twenty, repaired to the dining room of the hotel, where an excellent supper was prepared, which could not fail to satisfy the epicurean taste, and gave evidence of the rare culinary skill of the hostess. After the wants of the inner man had been provided for the following toasts were proposed and responded to:

The Queen and British Empire—Dr. N. R. Boyer.

Canada—Isaac Beer.

Canadian contingents—O. B. Wadman.

Parliament of Canada—Gordon McLean.

Our Local Government—Harry McDonald.

The Ladies—O. B. Wadman.

Our host and hostess—Robert Reid.

Our Island boys in South Africa—Everett McIntosh.

The following address was then read:

To Mr. John McVitie, Mr. Joseph McDonald and Mr. Harry McDonald:

DEAR FRIENDS,—It is with feelings of deepest regret we learn that you are about to leave Crapaud and seek your fortunes on the Pacific Coast. Your friends have assembled on this occasion to bid you farewell, ere you take your departure from our midst, and to assure you that you are held in very high esteem by them. While among us you have always conducted yourself as gentlemen, you have been industrious in your work, and your associations with us have always been of the pleasantest nature,—such as will cause you to be long held by us in kind remembrance wherever your lot may be cast.

In leaving your homes to seek employment in a Western clime you will doubtless meet with many difficulties and temptations; but, knowing your dispositions and characters, as we do, we believe that your industry and perseverance will overcome difficulties and your high sense of honor will prevent you from stooping to anything that is unbecoming a gentleman.

Though you may cross the boundary line and reside in the American Republic, we hope that you will still remember with feelings of pride that you are Britishers, Canadians, and natives of Prince Edward Island. In bidding you farewell, we cordially wish you a pleasant journey to the Pacific Coast, and hope that you may meet with success in whatever sphere of labor you may engage.

Signed on behalf of friends,

O. B. WADMAN.
ISAAC BEER.
N. R. BOYER.
GORDON McLEAN.

Mr. Joseph McDonald made a suitable reply to the address, after which the National Anthem was sung with great enthusiasm and the guests departed for their homes.

Local and Other Items.

PATRIOTIC FUND.—The British patriotic fund in Boston has reached the total of \$11,862.22.

IS A BLUE NOSE.—John Fraser, Mayor of Bloemfontein, who handed over the keys of the city to Roberts' delegation is a Nova Scotian. His native place is McLellan's Brook, Pictou County, a hundred miles from Halifax. His father was a school teacher in that district.

RAILWAY SMASHUP.—A Grand Trunk freight train came to grief two miles east of Lennoxville this week. In rounding a sharp curve twenty-seven cars left the track and tumbled over into a ditch smashing them almost to kindling wood. The engine did not leave the track, nor were the train hands injured.

SWELLING THE FUND.—The Canadian Pacific Railway employes on the divisions between St. John and Fort William devoted half a day's pay each towards the Canadian Patriotic War Fund. Eighty-five per cent of the men signed for a half day, making a total of \$6,031.06 subscribed. It is expected that when the western branches have been heard from fully \$30,000 will be raised.

MAUD S. DEAD.—Maud S., the famous trotter, died at Port Chesley, N. Y., a few days ago. The former champion trotter of the world was taken to Schultze's farm at Port Chester, from New York last week, and was it intended to use her for breeding purposes. She was sick, and was placed under the care of a veterinary surgeon. She was 26 years old, and made a trotting record of 2.08 3-4 in 1895.

GREENLAND JOURNALISM.—In Greenland journalism is represented by a single paper conducted by a certain Mr. Moeller. This energetic gentleman is editor, printer and distributor, and the entire paper is the product of his own pen. His primitive printing establishment is at Goodthaab, and twice a month he skates through the country to dispose of his journal, originally nothing more than a collection of crude illustrations. Mr. Moeller gradually introduced into the pages of his paper first words, then sentences and finally regular articles on the affairs of the day. In fact, he may be said to have actually taught his

IN MODERN LIFE,

Painful Ailments That Affect our Brainy People.

Dodd's Dyspepsia Tablets are a Positive Perfect and Permanent cure—They not Only Banish the Disease, but Remove its Cause.

There can be not the slightest shadow of a doubt that many people suffer the greatest agony quite needlessly.

Many of the so-called "minor" complaints, such as Dyspepsia, Indigestion, Sour Stomach, Biliousness, Heartburn, Flatulence, Nervous Headache, Jaundice, etc., are looked upon as practically incurable, and their victims endure the torments of these ailments year in and year out, living in perpetual misery, and enjoying none of the joys of good health and vigorous strength.

This is why so many pale, thin, nervous, shattered wrecks of humanity are to be seen on our streets daily. This is why so many clever, brainy young men and women die before they have tasted the real joys of life.

It is strange that this should be so, when there is, within the easy reach of every sufferer, a sure, easy and permanent cure.

Dodd's Dyspepsia Tablets will banish every vestige of the diseases named. They go straight to the root of the trouble, and by removing the cause, banish the disease.

Dodd's Dyspepsia Tablets act on the food; on the stomach, on the liver, and on the bowels. They digest the food, tone, strengthen and stimulate the bowels and the liver, and ensure perfect action on the part of these organs.

This means that perfect digestion is brought about. When this end has been attained the diseases have been thoroughly cured.

Dodd's Dyspepsia Tablets do their work without the least strain on, or damage to the system. They strengthen the entire frame, and give perfect and robust health.

CLEAR OF SMALL POX.—The Moncton Times says: The remaining three patients confined in the small-pox hospital were released yesterday and a clear bill of health given them. The disease is now stamped out of the city. There is not, in fact, the slightest suspicion of the disease in the city or country and with the almost perfect arrangements now in force there is no fear of the appearance of any further cases here. The building on the Mountain Road used as a small pox hospital has been thoroughly fumigated.

A GOOD SEND OFF.—The Leinster Regiment will leave Halifax on Tuesday next. The militia will give the Irish lads a grand send off. All the militia corps, including the Provisional Militia Regiment, which is to garrison Halifax, will take part in the parade. There will be five bands of music in the procession, and arrangements are being made to have the troops parade the principal streets to the embarkation pier.
