The Ministers will shortly scatter. Joly and Fitzpatrick have already gone to England.

AMERICANS LOST MANY MEN.

Killed by the Spanish Sharpshooters.

IN THE ENGAGEMENT FOUGHT AT GUANTANAMO.

Spanish Rifle Fire Was Deadly—Many Americans Killed.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, June 15.—Advices from Guantamamo say that the Spanish sharpshooters, in their encounter with the United States marines there, fired with deadly effect.

A number were killed and injured on the American side.

CAME OF FIGHTING STOCK

A Native of Gloucester, and has a Sister in Prince Edward Island.

GLoucester, Mass., June 13.—William Dunphy, who was killed while gallantly charging the Spaniards at Santiago de Cuba, yesterday, is Gloucester's first contribution of life in the present struggle, although many of the 325 men shipped here have been in the thick of the fighting on all the ships of the fleet.

Young Dunphy was 21 years of age and was born on Vincent st. in this city. He was born of Prince Edward Island stock. His parents came to Gloucester about 22 years ago. Young Dunphy never saw his father, who died six months before his birth.

He was the child of his mother's second marriage. His mother died when he was quite young and he lived with his aunt, Mrs. Catherine McDonald, 55 Duncan St., and with others at intervals.

He was essentially a boy of a roving disposition and unfettered by parental ties made a wide orbit, working in various of the large cities since growing up to manhood.

When in Gloucester he always lived with his aunt, Mrs. McDonald, who has always endeavored to get him to steady down to existence in Gloucester, but he was of an adventurous temperament and wanted to see the world. Last fall he went to Boston, since which time nothing was heard from him until his aunt, Mrs. McDonald, received the following letter:

KEY WEST, May 22, 1898.

Mrs. McDonald: Dear Madam—I want to inform you about Mr. William Dunphy, private U. S. marine corps, stationed with North Atlantic squadron, under the command of Admiral Sampson of the U. S. battleship Iowa. William Dunphy enlisted Dec 10th 1896. He has money due him from the government. If anything is to happen to him while he is in the war I will let you know and I will send author (evidently meant for authority) from Washington. I have information that he was an orphan and had a sister, Mrs. Josephine Dunphy, but could not find out where she was. William Dunphy's money is to be presented to his sister if she is living and if she is not living I shall give it to the authorities to bury him. Yours respectfully,

Wm. Haywood, Colonel commanding marines from Key West to Washington, D.C., U.S.A.

There is every indication that this letter was not written by Col. Haywood, but may have been authorized by him.

In the first place it is not written on paper bearing the official stamp of the navy, and although fairly well written and in a legible hand, its phraseology and general makeup does not indicate its coming from one of the war office staffs of the U. S. service.

The paper on which it is written is of small size, embellished with gilt scroll work. It was evidently written by young Dunphy or a companion to apprise his aunt of the fact that he had shipped. His reference to his burial indicates that he had a premonition of his impending fate should he land on Spanish soil.

His sister, Miss Josephine Dunphy, to whom he refers, is the nearest surviving relative, and a resident of Souris, P. E. Island.

Young Dunphy comes of unquenchable fighting stock and his reference to his possible burial is very significant. He is a sample of the many fishermen who have recently been recruited for the navy from this port.

Mayor Davis ordered the flags on the city hall and public buildings to be displayed in his honor and the fishing vessels generally follow their example.

ANOTHER PLAN DECIDED UPON

By the United States Administration.

LARGE FORCES WILL LAND AT ALL CUBAN PORTS

And if Necessary a Fleet Will Go Over to Spain.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, June 15.—The Administration yesterday decided upon an aggressive plan to drive the Spaniards out of Cuba.

Large forces will be landed in all parts of the Island and will force a junction and battle from one coast to the other.

The President believes that with the Philippines captured, and Cuba and Porto Rico in the possession of the United States, and Cervera's fleet either captured or destroyed, Spain will be compelled to sue for peace.

If she is not willing to ask that hostilities be suspended, a fleet will be sent over to Spain to attack her coast cities.

FRENCH CABINET DEFEATED.

By a Vote Following a vote of Confidence.

[SPECIAL TO THE EXAMINER.]

PARIS, June 15.—The Chamber of Deputies, yesterday, by 295 to 272, passed a vote of confidence in the Government.

Later, however, the Melne Ministry was defeated by a vote of 296 to 246, amid intense excitement, and an uproar in the lobby.

The opinion is freely expressed that M. Melne would resign after Council today.

OBITUARY.

The funeral service was conducted by Revs. W. A. and Henrietta Lyman at the home on Main street Thursday afternoon, and a large concourse of sympathizing friends paid their last tribute to the deceased by their attendance.
