The bidding:
 West North East South
 Becker Forquet Crawford Swadlow
 3♦ Pass 4♦ 5♣

Opening lead—queen of diamonds.

It is hard to believe that in a world championship match the two contending teams not only failed to arrive at a sound grand slam contract, but also failed to contract for even a small slam. Yet this is exactly what happened in one hand in the recent match for the world title between Italy and the United States, which was won by the Italian team.

There were mitigating circumstances, it is true. At both tables a preemptive bid was inserted which blocked the exchange of information between the North-South players.

When the deal was played at my table, I opened the bidding with three diamonds. Crawford, who knew I had little defensive strength, and offering from the same deficiency himself, tried to jam the works further by bidding four diamonds.

Siniscalco, impressed more by his hand than our antics, then bid five clubs which was passed all around. A diamond was opened and Siniscalco, looking much the worse for wear in having failed to reach either a six or seven contract, won the diamond and tackled trumps. When Crawford soon showed out, Siniscalco heaved an audible sign of relief for having escaped a higher level contract.

When the same deal was played at the other table the bidding went:

West North East South
 Bella-Silodor Avarcell-Rapee
 4♣ Pass 5♦ 3NT
 4♦ Pass 5♣ 5♦

Six hearts played by North would have made easily, and only a spade lead would have stopped seven. But the preemptive tactics at each table made it difficult to find the best contract and effectively prevented the hearts from ever being mentioned.
