

Ancient Forge To Be Restored

NORTH BAY, Ont. (CP)—A smith's forge, dating back to 1878, is to be restored and will form a major display in an historical museum to be built at Moose Factory, near James Bay.

Officials of the Ontario Northland Transportation Commission said the museum will be formed as a centennial project for the Mooseau area.

Rene Brunelle, MP for Cochrane North riding, said there are a number of items in addition to the forge which will make valuable and interesting features of the proposed museum.

Britain Repays Loans Made To Support Pound

ZURICH, Switzerland (Reuters)—Britain has repaid the short-term credits granted by central banks of Europe and Canada to support the pound before the Oct. 15 British general election and immediately afterward, the Swiss National Bank said here.

At the same time the Bank of England repaid Scotland and 1961 loan totalling 215,000,000 Swiss francs (\$30,400,000).

The short-term fall credits were prior to and separate from the \$2,000,000 emergency action taken in support of the pound by central banks of Western Europe, Japan and North America Nov. 25 and the \$1,000,000 long-term credit drawn by British Treasury from the International Monetary Fund.

The Swiss National Bank said it has completed a bilateral arrangement with the Bank of England to allow Swiss support for the pound. Following the agreement, Switzerland granted Britain a credit of 345,000,000 francs that forms part of Britain's \$1,000,000,000 draw from the International Monetary Fund.

Viet Cong Unit Reported Routed

CA MAI (AP)—South Vietnamese infantrymen, supported by light bombers and rocket-firing U.S. helicopters, routed a Communist Viet Cong battalion dug in at Tan Lac village, 7 miles north of here Saturday. After one of the fiercest battles of the war, 115 Communist troops lay dead on a rice paddy battlefield.

Six U.S. airmen were wounded and 14 helicopters were damaged by groundfire. Government casualties after the 8-hour fight were announced as 86, but the victory was regarded as a morale booster for the South Vietnamese.

CIGAR OR NOT IS QUESTION

WASHINGTON (AP)—Would a statue of Sir Winston Churchill without a cigar be authentic Churchill? Would it even be plausible Churchill?

These questions have the Washington branch of the English Speaking Union so thoroughly bemused that it's conducting a national poll of the organization to find the answers.

The Washington group is raising \$100,000 for a nine-foot bronze statue of the British statesman. The figure is to stand, symbolically, with one foot on American soil and one foot on British soil outside the British embassy.

Cleveland sculptor William McVey first designed the piece with the traditional out-sized cigar.

The union asked him to take it out on artistic grounds. Word of this got around and the committee in charge of the project was bombarded by letters insisting that a cigarless Churchill is not Churchill at all.

The union's 30 branches across the country are to be asked whether they prefer Churchill with or without cigar. The prevailing opinion will grant the committee.

SHORT LIFE

Once it settles on the ground, a snowflake loses its crystalline shape and becomes an ice crystal—or melts.
