THE WORKMAN'S SONG.

BY CHARLES MACKAY.

Who lags for dread of daily work.
And his appointed task would shirk,
Commits a folly and a crime ;
A soulless slave—
A paltry knave,
A clog upon the wheels of time.
With work to do, and store of health,
The man's unworthy to be free,
Who will not give,
That he may live,
His daily toil for daily fee.

No ! Let us work ! We only ask
Reward proportioned to our task ;
We have no quarrel with the great ;
No feud with rank—
With mill, or bank—
No envy of a lord's estate.
If we can earn sufficient store
To satisfy our daily need,
And can retain,
For age and pain,
A fraction, we are rich indeed.

No dread of toil have we or ours ;
We know our worth' and weigh our powers,
The more we work, the more we win :
Success to trade !
Success to spade !
And to the corn that's coming !
And joy to him who o'er his task
Remembers toil is Nature's plan ;
Who, working, thinks—
And never sinks
His independence as a man.

Who only asks for humblest wealth,
Enough for competence and health ;
And leisure, when his work is done,
To read his book,
By chimney nook,
Or stroll at setting of the sun.
Who toils as every man should toil
For fair reward and fee :
These are the men—
The best of men—
These are the men we mean to be !

OLD FRIENDS TOGETHER.

Oh ! time is sweet when roses meet,
With Spring's sweet breath around them ;
And sweet the cost when hearts are lost,
If those we love have found them ;
And sweet the mind that still can find
A star in darkest weather ;
But naught can be so sweet to see
As old friends met together.

Those days of old, when youth was bold,
And time stole wings to speed it—
And youth ne'er knew how fast time flew,
Or knowing, did not heed it !
Though gray each brow that meets us now,
For age brings wintry weather—
Yet naught can be so sweet to see
As those old friends together.

The few long-known, whom years have shown
With hearts that friendship blesses,
A hand to cheer, perchance a tear
To soothe a friend's distresses ;
Who helped and tried, still side by side,
A friend to face hard weather ;
Oh ! thus may we yet joy to see
And meet old friends together.

WOMAN'S BUSINESS TO BE BEAUTIFUL.—The Loves and the Graces are felt to reside naturally in a woman's countenance, but to be quite out of place in a man's. His face is bound to be clean, and may be allowed to be picturesque—but it is a woman's business to be beautiful. Beauty of some kind is so much the attribute of the sex, that a woman can hardly be said to feel herself a woman, who has not, at one time of her life at all events, felt herself to be fair. Beauty confers an education of its own, and that always a feminine one. Most celebrated beauties have owed their highest charms to the refining education which their native ones have given them. It was the wisdom, as well as the poetry, of the age of chivalry, that it supposed all women to be beautiful, and treated them as such. *Quarterly Review.*

Boys—when they *are* boys—are queer enough. How many ridiculous notions they have, and what singular desires, which in after-life change and shape themselves into characteristics! Who remembers when he would have sold his birth-right for a rocking-horse, and his new suit of clothes for a monkey? Who recollects when the thought of being a circus-rider appeared greater than to be President; and how jealously he watched the little fellows that wore spangled jackets and turned summersets, and prayed to become like them? If memory preserve not these caprices, or something similar, the boy is lost in the man. Happy visions, they come but once and go quickly, leaving us ever to sigh for a return of what can never be again.

THE SPIRIT IS WILLING BUT THE FLESH IS WEAK.—Our eyes recently rested upon a picture in one of our illustrated exchanges, which is a capital illustration of the lack of fortitude that is a characteristic of mankind, when called upon to rise before the sun. The picture is a representation of a traveller's room in a hotel. A waiter is entering the door with a light, at whom the traveller, muffled to the eyes in the bedclothes, is looking askance. The following dialogue is appended :

Domestic.—" Please, sir, the guide says, you told him to take you up the mountain to see the sun rise."

Enthusiastic Tourist.—" Oh ! ah ! yese? You will tell the guide that I have been thinking about it, and conclude the sun*set* will be much better worth seeing ; so I shall not want him just yet."

LIVE AND LEARN.—Sir J. Perry says, it is quite a mistaken idea to suppose that sugar injures the teeth. No persons have whiter teeth than the negroes, particularly during crop time ; and it is equally absurd to suppose that the use of sugar produces worms in children. Worms arise from an insufficiency of salt and bitters in the food of infants ; provided those tonics be given, the more sugar is given to a child the greater will be its health and strength.

" Can you tell me, Billy, how it is that the Chanticleer always keeps his feathers so sleek and smooth?" " Well, I'll tell you. He always carries his comb with him."

RUSTIC WOOER OF THE DUCHESS OF KENT.—The residents at Abergeldie, the summer seat of the Duchess of Kent, were recently surprised with a visit from a Braemar farmer, who exhibited all the symptoms of having imbibed an intoxicating quantity of the far-famed Lochnagar, or " mountain dew." "Is the duchess in?' asked the farmer. Yes,' replied Plush,' " leave your card, or say what's your business." What's the use of leaving my—(hic)—myself?" demanded the farmer. " Well, your business, sir," asked Plush, impatiently. " Why d'ye see now, the duchess is a widow, is'nt she?" " Yes, that is well known," replied Plush, beginning to be amused, but what of that?" " What of that," rejoined the farmer, " there is *this* of that ; I am a widower, the duchess is a widow and—(hic) *I want to get into the Royal Family.*

The farther we travel north ward, milk will always be found the richer. This observation has been made by others, and I can add my testimony to its truth. Anderson says of Iceland, that milk is as good as cream in England. This is a curious fact ; it proves that rich pasture does not produce rich milk.—*Inglis's Travels.*

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF
Coughs, Colds, Hearsness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

DO NOT NEGLECT IT.

Consumption can be and has been cured,

in thousands of cases, by this only certain remedy,
JUDSON'S CHEMICAL EXTRACT OF CHERRY AND LUNGWORT,
and no remedy has ever before been discovered that will certainly
Cure Consumption.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated and the case so utterly hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, and at times thought to be dying, have been cured by this woundeful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious ; it loosens the phlegm which creates so much difficulty, relieves the cough and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and Nurses, have failed to give the smallest relief to the *Consumptive sufferer.*

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be *infallible* cures, but which have proved only palliatives, but this medicine is not only a palliative but *a cure for ulcerated lungs.* It contains no deleterious Drugs and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as *Spitting of blood, Coughs, pain in the side and chest, night-sweats,* &c. &c.

About 1000 certificates of almost *miraculous* cures, performed by this medicine, from some of the first Doctors, Clergymen and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery, [we will show them to any person, calling at our office.] This medicine will speak for itself and enough in its own favour wherever it is tried.

Caution—This medicine is put up in a large bottle and you must find the name of Judson & Co., Proprietors, New York, on the splendid Wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9 John St. New York.

CARLTON'S FOUNDER OINTMENT,

For the cure of Founder, Split Hoof, Hoof-bound Horses, and contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts , Kicks, &c., on horses.

CARLTON'S RING-BONE CURE.

For the cure of Ring-bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow water, Heaves, Worms, Botts, &c. All of which will be prevented by giving one of these powders, and will at any time, cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore has the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them.

Remember and ask for CARLTON'S CONDITION POWDERS, and take *no others.*

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require *external* application, and for *contracted cords* and *muscles,* strengthens *weak limbs,* and is also *used* for *sprains, bruises, saddle galls, swelled legs,* sores of all kinds on horses.

CARLTON'S articles for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred of any of the above complaints. They have been used by Farmers, livery-men, stage proprietors and others with the most marked and decided success.

Caution.—None can be genuine *unless* you find the name of J. Carlton Comstock, on the Wrapper of each article.

COMSTOCK'S VERMIFUGE.

This is the most extraordinary remedy for Worms ever used ; it effectually eradicates Worms from both Adults and Children. It cannot harm the most delicate infant or strongest Adult, and never fails to completely root out and destroy all kinds of Worms. The cost, 25 cents per bottle, puts it within reach of all, and all parents who are without it, are wantonly exposing the lives of their children to those fell destroyers of youth, " Worms." Look for the name of Comstock & Brother, proprietors, on the Wrapper of each bottle.

EAST INDIA HAIR DYE.

COLORS THE HAIR, AND WILL NOT THE SKIN.

This dye may be applied to the hair over night, the first night turning the lightest RED or GREY HAIR to a dark brown, and by repeating a second night, to a bright jet black. Any person may, therefore, with the least possible trouble *keep* his hair any dark shade or perfect black ; with a positive assurance that the dye, if applied to the skin *will not* colour it. By an occasional application, a person turning grey will never be known to have a grey hair. Directions complete with the article. There is no colouring in this statement, as one can easily test.

These facts are warranted by the gentleman who manufactures it who is the celebrated Chemist, DR. COMSTOCK, author of Comstock's Chemistry, Philosophy, and other works, and School Books, well known and widely celebrated by the public.

Deafness.

Use Dr. LARZETTE'S ACOUSTIC OIL, for the cure of Deafness Also, all those disagreable noises, like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, fifteen or twenty years, and were subject to use ear trumpets, have after using one or two bottles, thrown aside these trumpets, being made perfectly well. It has cured cases of ten, fifteen, and even thirty years standing of deafness.

HAY'S LINIMENT FOR THE PILES.

The worst attacks of the Piles are effectually and permanently cured in a short time by the use of the genuine Hay's Liniment. Hundreds of our first citizens throughout the country have used this liniment with complete success.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7 Presco Street, Liverpool, dated 6th June, 1851.

To Professor HOLLOWAY;

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it ; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, has been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period, she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredibly short space of time they effecteda perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2, 1851.

To Professor HOLLOWAY.

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

AN EXTRAORDINARY CURE OF THE GRAVEL, AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Heydon, Esq., Sidney, New South Wales, dated February 25, 1851.

SIR,—A Mr. Thomas Clark, a settler at Lake George, was for a considerable time seriously afflicted with a complaint of the Liver, together with the Gravel. His medical attendants, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required.
