## Ottawa Optimistic Korean War Nearing End

### Appointments Announced To P.W.C. Teaching Staff

Announcement of the appointment of four new lecturers to the staff of Prince of Wales College was made last night by Premier J. Walter Jones, Minister of Education. The appointees are Messrs. James J. Coyle, English Language and Literature; Norman E. Smith, Mathematics; G. Alan Wilson, History; and T. M. Lothian, Biology.

The appointments have been made to fill existing vacancies at the College and to provide for increased instructional requirements resulting from the expanding enrollment.

Mr. Coyle is a native of Charlottetown and a son of Mr. and Mrs. James Coyle of this city. A graduate of Prince of Wales College and St. Dunstan's University, he took his M.A. degree in English Language and Literature at McGill University, later going to the University of Michigan, Ann Arbor, Mich., to take his Ph.D. degree. While at McGill he was an assistant in the Department of English.

Mr. Smith, a native of New Brunswick, received his B.A. degree from the University of New Brunswick. After several years teaching at Rothesay Collegiate he served overseas in the Canadian Army. After the war he took his Master's degree in Mathematics at McGill and has almost completed his studies for the Ph.D. degree. He has lectured in Mathematics at McGill.

### Coming Events

\*Rollo Bay Picnic, Wednesday, July 18th.

\*St. Teresa's Tea Party, Wednesday, August 1st.

\*Covehead Picnic in aid of St. Eugene's Church, July 18th.

\*Reserve July 9 for New Haven W. I. lawn party.

\*Marshfield Presbyterian Tea, July 5th. Note the change in date.

\*Graduation dance Kinkora Hall, Friday night, June 29. Good music.

\*Regular Dance, East Royalty Rink Hall, Friday, June 29th. Bus leaving 11 M. T. 9:45.

\*Dance in St. Mary's Parish Hall, Souris, Monday, July 2nd. Chaisson's Orchestra.

\*Grain crushing on Wednesdays only. If not fine, on Fridays. Birt Leard, Lorne Valley.

\*For Snapshots that will not fade mail your Films and Negatives to Garnhum Photo Studios, Charlottetown.

\*Come in and talk over our Purina Finance Plan, for feeding your hogs and poultry. Dillon & Spillet.

\*Port Augustus Players present "Tens of Money" in Corran Ban Hall, Friday, June 29th. Dance after.

\*Afton tonight at 8:30. Great comedy show, "Bride Goes Wild" with "Butch Jenkins". Dance after show.

\*See St. Teresa's Youth Club Variety Concert in Vernon River Hall, June 29th. Dance after. Audiences Alberry Plains W. I.

\*Dance at Gordon Lodge every Friday night. Music by Robichaud. Dancing 9 to 1.

\*Kingston Y.P.U. will present their 3-act comedy "A Pair of Country Kids" in French River Hall June 28.

\*Notice—All school taxes of Rice Point School District must be paid within thirty days or will be passed in for collection. Signed by Trustees.

\*Kingston Y. P. U. will present their 3-act comedy "A Pair of Country Kids" in French River Hall, June 29th. Sponsored by French River Women's Institute.

\*The Prince Edward Island Presbyterian of the Women's Missionary Society, meets in Zion Church, Charlottetown, on Tuesday, July 3rd, with sessions at 10:30 A. M., 2:30 P. M. and 7:30 P. M.

\*Coming to Morell Friday and Saturday, the show we have waited for at Morell. It's "The Great Dan Patch", starring Dennis O'Keefe, Gail Russell. What a time for living and what a "Great" Love story they lived. Don't miss this

atics at McGill. Mr. Smith is also a competent musician, being a graduate in music at McGill and a trained organist.

Mr. Wilson, who was born in Halifax, is a graduate of Dalhousie University with honours in English Language and Literature. He took his Master's degree in History at Dalhousie University and taught there for two years. During the past year he has been studying for his Doctor's degree in History at Toronto, where he also instructed in the History department.

Mr. Lothian received his public and high school education in Alberta, attended Normal School and then graduated in Biology and Chemistry from Queen's University. He taught for four years at Mount Allison and then became Assistant Professor of Biology at the University of New Brunswick. He took his Master's degree from Queen's and one year at the Agricultural and Mechanical College in Texas. He served for a year as a biologist with the Canadian International Paper Company and did considerable research.

Mr. Lothian and Mr. Smith are married, and each has one child. Interviewed last evening with regard to the new appointees, Dr. Frank MacKinnon, Principal of Prince of Wales College, said they would be welcome additions to the College staff. All have excellent academic training and each has had successful teaching experience, he added.

### Annual Meeting Of Protestant Orphanage Board

Mr. W. A. Stewart was re-appointed chairman of the Board of Trustees of the P. E. I. Protestant Orphanage at the annual meeting last evening. Other officers appointed were Mrs. H. S. Henderson as Vice-Chairman and Mr. Ira M. Brown as Secretary and Treasurer.

Trustees re-appointed were Major T. E. MacNutt, Mr. P. J. Kennedy, Mrs. Walter Bowness and Mrs. R. W. Beck. One of the best financial years in the history of the Orphanage was reported by Mrs. Henderson. The financial statements showed total receipts for the year to be \$27,690.37, \$11,412.05 of which was raised by the Ladies Auxiliaries, and \$7,599.89 being received from estates and invested in trust funds.

Mrs. Henderson stated that total bequests to the institution have now reached a total of \$137,668.00. Speaking on the present cost of living Mrs. Henderson said that because of this the surplus for the year was comparatively small.

### Agriculture Federation Policies Discussed By King's County Meeting

"Hard work, perseverance and continued support, year after year, on the part of the individual farmer will ultimately decide the effectiveness of the Federation," said Mr. Ernest Underhay, president of the King's County Federation of Agriculture, at the semi-annual meeting of the organization held yesterday at Murray River Hall.

The speaker pointed out that enthusiasm of members was largely responsible for the success of the 1950 membership campaign. His results, he said, established that farmers were more and more coming to the conclusion that this basic industry should stand on its own feet. Mr. Underhay also expressed the belief that agriculture should develop its own policies; publicize its problems, state its true position in relation to other branches of provincial economy and take active steps to improve economic and social conditions.

He further stated that the Potato Marketing Board had been established during the year, giving producers some measure of control over the marketing of their produce. He went on to cite the various programs in which the Marketing Board and the Federation had engaged; the starch program, the marketing of produce, promoting the increase of livestock production, improved veterinary service, encouragement in the use of better sires, legislation to protect livestock from disease, and assistance in the retention of freight assistance policy on feed grains.

Mr. Underhay closed his address with an appeal to all farmers to join the Federation and lend their full support and loyalty to the aims of the organization.

Outlines Policy

An outline of Government policy with respect to agriculture was given by Mr. W. R. Shaw, Deputy Minister of Agriculture who pointed

### But No Sign Of Truce At Korean Front

TOKYO, June 28 — (Friday) — (AP)—The Peiping radio today had nothing to say about a possible cease-fire in Korea. Instead it placed emphasis on North Korean army pledges to make "still greater efforts to defeat" the Allies.

OTTAWA, June 28 — (CP)—There is growing optimism in some high quarters here that the days of fighting in Korea are numbered. Some people close to developments arising from Russia's bid for a cease-fire conference are predicting now that the shooting is going to stop.

This view is based on interpretation of a variety of evidence and reflects a movement in official thinking beyond the natural initial scepticism over Russian Jacob Malik's call last Saturday for such a conference.

The feeling in these quarters now is that Russia wants to end the Korean war as much as the Western Powers do although, obviously, for entirely different reasons.

Officials Reserved

Outwardly, the official stand is one of reserve. Prime Minister St. Laurent today confirmed that the Government has received from Washington a copy of Russia's proposals for a Korean armistice but would only say they are being considered "seriously and carefully."

To those who expect good results, there are a variety of reasons why Russia would feel inclined to call off the war at this stage.

One is that the Communists have been taken back at the strength shown by the Allies as well as by their own losses. Another is the danger that the Korean war will spread and that Moscow won't be able to do anything about it once the spread starts.

Sees Progress

UNITED NATIONS, N. Y., June 28 — (AP)—Trygve Lie, U. N. secretary general, said tonight he thinks progress toward a cease-fire in Korea

(Continued on page 8 col. 7)

### C. P. R. EARNINGS

MONTREAL, June 28 — (CP)—Canada Pacific Railway today announced net earnings for May were \$1,039,941, a decrease of \$1,365,268 compared with May, 1950.

Net earnings from Jan. 1 to the end of May were \$9,747,189, an increase of \$4,038,564 over the same period last year.

Gross earnings for May were \$37,386,177 against \$32,022,334 for May, 1950, and gross earnings this year from Jan. 1 were \$170,539,674 against \$44,982,942 for the same period in 1950.

EDMONTON, June 28 — (CP)—Highly-infectious Newcastle western disease is spreading in western Canada. The disease causes hens to twist their heads in fantastic patterns and walk backwards or in circles. Mortality is 90 to 100 per cent among young chicks.

### Liberal Senators Attack New Dairy Products Bill; Measure May Be Killed

OTTAWA, June 28 — (CP)—Government legislation to prohibit inter-provincial trade in dairy product substitutes spurred three hours of debate in the Senate today and brought a move to use the Senate's power to block the measure.

Charges that it was outside the jurisdiction of Parliament, that it would "balkanize" Canada and that it was "vicious and unwarranted" were hurled by critics of the bill, mostly Liberal senators.

Senator W. D. Euler (L—Ontario), a leader in the fight to legalize margarine in Canada, charged that it was aimed directly against the butter substitute. He moved that it be given a six months' hoist—a parliamentary device to kill the measure.

Angry Exchange

At one point there was an angry exchange between Senator Arthur Roebuck (L—Ontario) and Senator Paul Bouffard (L—Quebec). Senator Roebuck, opposing the bill, asked Senator Bouffard if Quebec wanted to separate from Canada or remain as a province subject to the laws of Canada.

"I don't like the remark of my honorable friend," replied Senator Bouffard who supported the bill. "Quebec has been as co-operative as any Province. We don't want separation, but if we don't want margarine in our province that is our right."

"The rest of Canada would suf-

fer if we separated," he added.

The Senate had not reached a vote on Senator Euler's blockade move when Senator Thomas Reid (L—British Columbia) adjourned the debate.

The bill will come up again for approval in principle tomorrow.

Object To Regulations

The measure results from the recent decision of the Privy Council that the Federal Government had no power to regulate the manufacture and sale of margarine within a province. As a result regulations of the Dairy Act covering standards were rewritten into a new bill with a new section covering interprovincial and export or import movement of dairy products containing vegetable and other non-milk oils and of dairy product substitutes.

It was this section to which senators objected. It would prohibit interprovincial movement of milk, cream, butter, cheese and other dairy products containing fat or oil other than that of milk. It would also prohibit interprovincial movement of substitutes for dairy products.

Senator Euler said the bill illustrated the "vicious principle of prohibiting interprovincial trade by order-in-council." It would, he said, be a "vicious principle of interprovincial trade by order-in-council."

Senator Arthur Beaubien (L—Manitoba) said margarine had reduced the production of butter and milk. If it kept up soon there would be no fluid milk.

### Nutrition Division For P. E. Island Established

#### Protestant Orphanage Auxiliary

The annual meeting of the Provincial Auxiliary of the Protestant Orphanage was held in the Orphanage yesterday. There was a large attendance with the President, Mrs. Henderson, presiding.

The excellent reports presented showed a year of great achievement. Net receipts were \$11,412.05, while many valuable parcels of clothing and gifts of all kinds were sent in to the children.

Mrs. W. A. Stewart, chairman of the Trustee Board, expressed the sincere appreciation of the Board for the magnificent assistance received from the Auxiliary.

A fitting tribute was paid to the late Mr. Heath Strong, K.C., of Summerside, for many years a faithful and valued member of the Trustee Board, and to the following ardent Orphanage workers who passed on during the year: Mrs. Raymond Ling, Oyster Bed Bridge; Mrs. E. F. Hopgood, Cape Wolfe; Mrs. Lydia Howatt, Crapaud and Mrs. Stewart Burns, Summerside.

A resolution of thanks was extended to Miss MacLean and her staff for delicious luncheon served to the delegates in attendance.

A feature of the meeting was the singing of Janet and Bonnie, and a piano duet by Ronnie and Bobbie.

Officers were elected as follows: President: Mrs. H. S. Henderson.

(Continued on page 15 col. 3)

### Flour Production

OTTAWA, June 28 — (CP)—Wheat flour production increased almost one-quarter during May over the corresponding month last year, rising to 2,113,000 barrels from 1,694,000, the Bureau of Statistics reported today.

This brought the cumulative total for the first 10 months of the current crop year to 20,120,000 barrels against 17,317,000, a gain of more than 16 per cent.

Exports of wheat flour during the month rose to 1,508,000 barrels from 1,182,000 a year earlier, and in the August-May period the total advanced to 10,460,000 barrels from 8,458,000.

Quantities of course grains ground in May, with totals for the same month last year in brackets: Feed wheat 778,100 (180,400) bushels; 400 (1,400) 475,800; corn 288,100 (284,200); barley 384,500 (480,300); buckwheat 227,1,008; mixed grain 1,503,100 (1,246,400).

### Iran Offers Concessions To Technicians

LONDON, June 28 — (AP)—Informed officials said tonight Britain is preparing to take its oil dispute with Iran to the United Nations Security Council as a last resort.

The U. N. action is contemplated if Iran refuses to respect the property rights which the Anglo-Iranian Oil Company claims in Iran and which Britain is asking the International Court of Justice at The Hague to uphold.

Cruiser Close To Refinery

ABADAN, Iran, June 28 — (AP)—The British 8,000-ton cruiser Mauritius came up the Shatt El Arab River today and anchored within a mile of the Abadan refineries to protect British nationals if necessary.

Its eight-inch guns could be seen from jetties where tankers have started pumping oil back into refinery storage tanks and are preparing to leave.

The Mauritius came up 38 miles during the night from its station at the northern end of the Persian Gulf. It anchored in Iraq's waters on the west side of the 1/2-mile-wide river, separating Iran and Iraq.

The Mauritius entered the Shatt El Arab without interference.

Offer To Technicians

TEHRAN, June 28 — (CP)—The Iranian Government tonight offered to kill its anti-sabotage bill in an effort to keep British oil technicians on the job in the nationalized fields developed by the Anglo-Iranian Oil Company.

A bitterness was at fever pitch between Britons and Iranians, the Government made its bid in a statement which said withdrawal of the bill is conditional on the British staff agreeing to stay.

The bill provides penalties up to death for anyone interrupting the flow of oil. The prospect has prompted mass resignations among British employees.

A tumultuous day also brought these developments in the Middle East.

### Contract For Breakwater Project At Tignish Let

#### Asked To Serve On Special Committee

OTTAWA, June 28 — (Special)—J. Watson MacNaught (above), parliamentary assistant to Fisheries Minister Mayhew, has been asked to serve on the special committee named to review the rules and procedures of the House of Commons.

Reason for Mr. MacNaught's appointment to the special committee is his experience in parliamentary procedure gained while clerk of the Prince Edward Island Legislature, and his studies of parliamentary practice and constitutional law.

The committee will not sit during the summer months but will meet shortly after the beginning of the fall session in October.

Originally the committee had consisted of the four party whips, W. G. Weir, A. C. Caselman, Stanley Knowles and F. D. Shaw. To strengthen it, a number of members experienced in parliamentary procedure have been co-opted and have agreed to serve.

Monthly wages with board rose from \$3.84 to \$4.42, and without board from \$4.00 to \$5.44. Monthly rates with board increased from \$84.64 to \$94.88, and without board from \$113.76 to \$127.

With board provided by the employer, daily wage rates ranged from \$3.19 in Prince Edward Island to \$5.67 in British Columbia, and without board the range was from \$4.12 to \$7, respectively.

Monthly wages with board in Prince Edward Island was \$66.42 and without board \$60.88, while in British Columbia monthly wages with board was \$105 and without board \$141.67.

#### Asked To Serve On Special Committee

OTTAWA, June 28 — (Special)—Contract for the dismantling, removal and rebuilding of a section of the breakwater at Tignish has been awarded to the firm of Comeau and Savoie Construction Limited of Carleton Place, N. B., for \$187,241. It was announced today by the Department of Public Works.

J. Watson MacNaught, Liberal member for Prince who had pressed for this work this year, said that the rebuilding of the Tignish breakwater was a project that has been carried out progressively. The breakwater is a long one and had fallen into disrepair. After the present contract is completed, most of the rebuilding job will have been done.

Actual work on the Tignish project will begin shortly.

### Farm Wages

OTTAWA, June 28 — (CP)—Wages paid to farm help were higher at mid-May this year than at the corresponding period of 1950, the Bureau of Statistics reported today.

Daily rates with board rose from \$3.84 to \$4.42, and without board from \$4.00 to \$5.44. Monthly rates with board increased from \$84.64 to \$94.88, and without board from \$113.76 to \$127.

With board provided by the employer, daily wage rates ranged from \$3.19 in Prince Edward Island to \$5.67 in British Columbia, and without board the range was from \$4.12 to \$7, respectively.

Monthly wages with board in Prince Edward Island was \$66.42 and without board \$60.88, while in British Columbia monthly wages with board was \$105 and without board \$141.67.

HALIFAX, June 28 — (CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Friday.

SYNOPSIS: The weather is clear at most localities tonight. An area of high pressure is stretched across the Maritimes and fine weather is forecast for Friday.

Prince Edward Island — Clear with a few cloudy intervals. Not much change in temperature. Light winds. Low and high Friday at Charlottetown 46 and 69.

High tide today at 6:20 A. M. and 7:50 P. M.

Sun rises at 4:28 A. M. and sets at 8:04 P. M.

### Preventive Measures In Dentistry Are Discussed

"The cause of dental disease is being eagerly sought by a sincere and energetic group of research workers in every land," stated Dr. J. H. Johnson, of the Faculty of Dentistry, University of Toronto, who spoke at the Maritime Dental Convention which met for the second of its three-day session in Charlottetown yesterday.

"The picture is hopeful," he continued. "But in the meantime let us look in the mirror and meet our mouths best friend, or worst enemy, as we ourselves must decide."

He went on to say that one of the more important messages which has been given at the present Convention is presented simply by a display from the Department of National Health and Welfare. A small closed door is featured at one end of the display with an inscription above which says, "Open this door and meet your mouth's best friend."

On opening the door one sees his reflection in a mirror.

The plain truth is too often overlooked. That the teeth are a living

(Continued on page 15 col. 4)

### Howe Stakes Commons Seat On Denial Howe Company Given Contracts

OTTAWA, June 28 — (CP)—Production Minister Howe today staked his Commons seat on denial of an Opposition charge that he "arranged" Government contracts for "his own family company"—the C. D. Howe Company Limited.

Denying that the Port Arthur engineering firm is a family company, he challenged Opposition leader George Drew to put his seat on the line in an official inquiry into the charge, made by Mr. Drew in a CBC broadcast Tuesday night and repeated in the Commons Wednesday and today.

The Progressive Conservative leader did not take up the challenge and said an inquiry, which he himself had suggested Wednesday, no longer was necessary since Mr. Howe now had confirmed "every fact" in the accusation.

The brisk, angry crossfire erupted as Mr. Howe, back from a short holiday, denied Mr. Drew's broadcast statements and repeated that he had sold his interests in the firm, which he had founded, in 1926 when entering political life.

It was true, as Mr. Drew had suggested, that his son and son-in-law were in the firm, but they were there only as engineering university graduates taken on the staff as employees several years ago.

Another Clash

The exchanges threw the chamber into a fresh, seething uproar of taunts, jeers and boos and precipitated another clash between
