A Beautiful Set of Teeth. PERFECT Freedom from premature decay, and Teeth of a pearl-like whiteness, by the use of JOHN GOSNELL & CO'S CHERRY TOOTH PASTE. Sold at the Drug Store of W. R. WATSON, Ch. Town, Nov. 10, 1862.

HEALTH AND CHEERFULNESS! PHILOSOPHY AND FACT. The peculiar taint or infection which we call SCROFULA lurks in the conditions of malnutrition of the system. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein the vitality becomes variously decayed. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vicissitudes, and, above all, the general infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children upon the third and fourth generation;" indeed, it will be the rod of Him who says, "I will visit the iniquities of the fathers upon the children." The disease it originates takes various names, according to the organs it affects, and the nature of the morbid action. In the lungs, Scrophulousness, in the glands, swellings which suppurate and become ulcers; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and other cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and the system will be restored to its natural state. Feels, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for the various vices which truly extraordinary disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does not weaken, but truly extraordinary cures in their effect upon this class of complaints, is indisputably proven by the great multitude of public notices and remarkable cures which are published in the following diseases: King's Evil, or Swelling of the Neck, Eruptions, Pimples, Blotches, and Scars, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Congha from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weakness, and, indeed, the whole series of complaints that arise from impurity of the blood. No small number of cures can be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the most remarkable cures which it has effected. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can testify to the efficacy of the personal experience. Scrophulousness depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten the duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is so superior to all others. This we now offer to the public.
