GRAIN

WINNIPEG, Feb. 2—(CP)—All grain prices except flax today closed lower on the Winnipeg Grain Exchange. The lower trend came in response to increased offerings and less aggressive demand.

Trading was dull for the first half but increased in activity near the close of the session.

American interests and shippers were on the buying side in oats and barley, while rye received small support from locals.

Flax moved up on demand from eastern interests and processors in early trade. Selling increased towards the close and there were recessions from the highs. July fell slightly lower than yesterday. May flax went up to $5.74 at one stage today—highest point since 1919 when July flax hit $6.25.

Export loadings overnight included 550,000 bushels of Canadian wheat to the United Kingdom, 365,000 to South Africa and 150,000 to the Republic of Ireland.

Class two wheat and I. W. A. prices were unchanged.
