THE *Comfort* OF WOOL
THAT WON'T WASH OUT!

Because they are made with Kroy wool, these socks by Harvey-Woods will not shrink. No matter how many times they are washed, they keep their original softness, pliancy and fit: : : no stretchers are needed. The colours remain bright; the patterns stay distinct—always look new. And because Harvey-Woods Kroy wool socks are reinforced throughout with nylon; they give unusually long wear. At better stores everywhere.

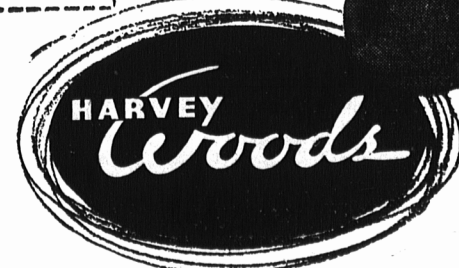

PROVED BY WASHING TEST

What a difference! At left is an ordinary wool sock; at right is a sock made from Kroy wool. Both these socks were washed together for two full hours. Only the Kroy wool sock has kept its knitted size and woolly softness.
