TORONTO, Jan. 18 — (CP) — A widely-known figure in Canadian mining, R. J. Ennis, vice-president and general manager of McIntyre Porcupine Mines, Ltd., is retiring March 31 because of ill health, officials announced yesterday.

Canadian Battle Tales Recounted
By Lord Tweedsmuir

OTTAWA, Jan. 18 — (CP) — Lord Tweedsmuir fell to yarning Wednesday about his Canadian Army days, and one of his tales ranks as Canada's equivalent of the story about the American General who said "nuts" to German surrender terms at Bastogne.

It was one of several battle stories the 68-year-old son of the late Governor-General used to tell a speech to the Canadian Club, drawing on a fund of experience that included a role as commander of the Hastings and Prince Edward Regiment in Sicilian action.

It was about a defence thrown up by a Canadian force against heavy German odds. A Corporal was the senior man left and again and again his men threw back Nazi assaults.

At last the Germans raised a flag of truce and an officer came forward to warn harshly that "you English gentlemen had better surrender or take the consequences."

The Corporal gathered his breath and his imagination, thrust his head through a hole in the Italian building he was defending and spoke these words:

"We ain't English, we ain't gentlemen and we ain't surrendering."

The fight went on.

Another time the Canadians captured a highly-professional, highly-ranked and highly-angry German officer. Under questioning, he suddenly erupted.

He spluttered: "Your men advance across open country under heavy mortar fire."

Not unimpressed by the German's professional bearing, the Canadians asked modestly, "is that wrong?"

"Wrong?" snorted the German. "If people are going to behave like that you might as well not have a war."

Lord Tweedsmuir, a warm admirer of the Canadian soldier's courage and his sense of humor, added one more. It was about a soldier he met in hospital shortly after a political figure had appeared on the scene to speak a few words.

"What did he have to say?" asked Lord Tweedsmuir by way of cheerful conversation.

"Nothing," came the retort, "and he came one helluva long way to say it."

Never too busy to lend a helping hand to a worthwhile cause, Canada's famous ice ballerina, Barbara Ann Scott, is seen with Susan Priddie, six, left; Nancy Dewar, 10; Jill Hampton, nine, just

Desperado Surrenders To Police In Mexico

TIJUANA, Mex., Jan. 15 — (AP) — William E. Cook, Jr., a 23-year-old Missouri desperado suspected of killing eight persons, surrendered without resistance to Mexican police today.

Virtually at the same time five bodies, identified as members of the Carl Mosser family whom Cook is charged with murdering, were recovered from an abandoned mine shaft near Joplin, Mo., the badman's home town.

Cook's first statement to reporters after his arrest was: "I didn't shoot any one that I know of."

Arrangements, however, were made for his immediate delivery to U. S. authorities at the international border.

Handcuffed, Cook was flown here from a desolate area 300 miles south of the border.

Located with Cook and also flown here were two missing El Centro, Calif., prospectors, Forrest Damon, 32, and James Burke, 33. They were believed to have been abducted by Cook.

The gruesome finds in the Joplin mine shaft capped the climax of the two-week manhunt for Cook himself. Discovery of the Mosser's blood-soaked family car on the outskirts of Tulsa, Okla., Jan. 3 set off the international chase.

The Mossers, Carl, 33; his wife, Thelma, 29; and their children, Donald Dean, 7; Cary Carl, 5, and Pamela Sue, 3, had been missing since they left their farm home near Atwood, Ill., Dec. 29, to drive to Albuquerque, N.M.

The Federal Bureau of Investigation filed a charge of kidnap with intent to do bodily harm against Cook at Oklahoma City and the state filed five separate murder charges against him at Pawhuska, Okla.

Charges Sale Of P. E. I. Seed As Table Stock

NORFOLK, Va., Jan. 8 — (AP) — Charging that Guy W. Capps, Incorporated, imported Canadian potatoes for seed purposes then sold them for table use in violation of a treaty between the countries, the United States yesterday filed suit against the produce firm for \$150,486.

The United States has a treaty with Canada that limits the Dominion exporting potatoes to the United States except for seed potatoes.

The treaty is the result of a surplus of United States potatoes which has caused the Department of Agriculture to buy the excess at the rate of \$3.10 a 100 pounds.

Guy W. Capps, Incorporated, allegedly contracted with H. B. Willis, Incorporated, of Prince Edward Island for the purchase of 48,544 100-pound bags of potatoes in December, 1948. The contract specified they were to be used as seed potatoes for Florida and Georgia planting, the suit contended.

The potatoes were landed in Florida in January, 1949, and that same month they were sold for table use, the government charges.

Damages were computed on the basis that United States potatoes would have been bought if the Canadian potatoes were not on the market, thus saving the government \$3.10 a 100 pounds.

ASHDOWN FOREST, Sussex. — (CP) — Footprints in a rock quarry here are believed to be those of a prehistoric monster.

Successful Year At Local Baptist Church

One of the most successful years in its 115 year's history was indicated in the reports presented Wednesday evening at the annual meeting of the congregation of the First Baptist Church of Charlottetown.

After brief devotional exercises led by the pastor, Rev. J. S. D. Davison, the business session was called to order by T. G. Ives.

Mr. J. J. Gordon whose resignation as church clerk after 17 years of faithful service was respectfully accepted, presented his final report. Mr. Gordon's work as clerk and publicity chairman has been outstanding. For many years his resume' of the weekly sermons preached at the Baptist Church was a local newspaper feature.

The reports received from all departments of the church gave evidence of substantial progress. Not only in financial matters wherein the church had the largest revenue in its history but in all activities, particularly in work among the young, which includes the Sunday School, B.Y.P.U., C.G. I.T., Scouts and Cubs, Cradle Roll and Mission Band.

The Music Committee paid a special tribute to Mrs. Allison MacRae who recently resigned as organist and choir director. Her fine work and talent has been reflected in all the music of the church, particularly in the Girls' Choir. The committee was pleased with the fine beginning made by Mr. Robert Crooks who has already given promise of being a very worthy successor.

It was regretfully noted that Dr. J. A. Clark, church treasurer and Finance Board chairman, was absent due to illness. His report and budget were capably presented by J. A. Webster.

Rev. Mr. Davison proposed an increase for the year to be known as the "Mid-Century Advance" which would involve a 20 per cent increase in stewardship in all phases of the church's activity. This proposal was enthusiastically received and adopted.

During the meeting the pastor, Mr. Davison, was tendered a unanimous vote of thanks for his fine work and leadership during the past year.

Two new members were added to the Board of Deacons: Messrs. Chester L. Brehaut and S. W. Willis.

The report of the nominating committee was presented by Mr. M. Ross Bethune and adopted unanimously. Following are the officers and Board and Committee chairmen:

Clerk, Louis H. Simmons.
Assistant Clerk, Mrs. Ralph H. MacDonald.
Treasurer, Dr. J. A. Clark.
Assistant Treasurer, M. R. Bethune.
Gen. Superintendent Sunday School, R. J. Rupert.
Trustee Board, E. D. Nicholson.
Finance Board, Dr. J. A. Clark.
Music Committee, Mrs. Dorothy Douglas.
Flower Committee, Mrs. J. A. Clark.
Board of Ushers, Lloyd G. MacPhee.
Collectors, Floyd Drake.
Pastor's Committee, Mrs. D. M. McGuire.
Religious Education, Col. D. N. Bell.
Boys' Scouts and Cubs Committee, Ross Downe.
Publicity, R. J. Rupert.
Relief, A. K. MacPhee.
Visiting Executive, W. M. A. S. Auditors, Mr. and Mrs. Harold Saunders.

New Zealand Butter Expected Next Month

Ottawa, Jan. 18 — (CP) — A 4,500,000-pound shipment of New Zealand butter — first since 1948 — will arrive next month to help Canada round the corner of a possible butter shortage.

Through a major butter producer, Canada's production in 1950 declined despite a growing demand by Canadians for this dairy product. Production totalled 261,700,000 pounds, compared with 278,600,000 in 1949; consumption was 276,400,000 compared with 280,000,000.

The new butter-producing season doesn't start until April and dealers, particularly in large cities, are beginning to feel the pinch.

For example, on Jan. 12 stocks of creamy butter in Montreal declined to 6,966,000 pounds, compared with 12,157,000 pounds a year ago. In Toronto they declined to 1,661,000 from 8,520,000; in Quebec to 1,472,000 from 2,072,000 and in Vancouver to 528,000 from 1,437,000.

In other cities, the situation was little better, though in two cities, stocks had increased. In Saskatoon they totalled 320,000 pounds, compared with 249,000 and in Edmonton, 3,348,000 compared with 2,431,000.

On Jan. 1 stocks in Canada totalled 39,700,000 pounds, compared with 56,000,000 a year ago.

Normally, most of New Zealand's butter surplus is shipped to the United Kingdom. The shipment coming to Canada next month forms part of the surplus remaining after U. K. contracts were filled.

It was purchased by four Canadian butter dealers, including Canada Packers Limited. The price paid for delivery in Canada, 56 1-2 cents a pound, is almost the same as the 57-cent price the Government charges for its butter delivered to the dealers door.

It therefore appears that New Zealand's butter likely will sell at prevailing Canadian prices on the consumer market.

CANADIAN NATIONAL

Sioux Commended By U.N. Naval Commander

OTTAWA, Jan. 17 — (CP) — H. M.C.S. Sioux, steaming home from Korean naval operations, received a message of commendation from the United Nations' naval commander in the Far East.

The message from Vice-Admiral Charles T. Joy of the United States Navy, released by naval headquarters Wednesday, reads:

"We will miss the gallant Sioux when she departs from the United Nations naval force that has been so strongly united by the bonds of comradeship and single purpose. The performance of the Sioux in the Far East has shown you are an effective fighting unit and have brought the highest credit to the naval forces of your country. To the captain, officers and men, I extend congratulations and a hearty 'well done.'"

The destroyer received the message while she was heading towards a Japanese port on the first leg of her voyage home to Esquimaux, B. C., where she is due Feb. 4. On Korean service since late last summer, she was relieved Jan. 14 by the Nooka.

HEACHAM, Norfolk, England — (CP) — Specimens of bronze age pottery have been unearthed here.

Acted On Tip

Police, acting on a tip from a one-time fellow convict of Cook, found the bodies. They said the man told them Cook once threatened to throw him down the same shaft, about a block from Joplin's business district.

The basis for the suspicion that Cook killed three persons in addition to the Mossers, is a statement he is reported to have made

10 Lose Lives In Plane Crash

EDWALL, Wash., Jan. 17 — (AP) — A Northwest Airlines passenger plane crashed and burned on a snow-covered Eastern Washington farm today with 10 persons aboard.

A radio report to the airline's station at Seattle said there was no chance of any survivors.

The plane — a twin-engined Martin 202 type — crashed and caught fire as it struck the ground near the farm home of L. E. Bundy.

The Spokane station of the Airline last heard from the pilot when he radioed he was at 6,000 feet altitude and "in trouble," an Airlines spokesman said.

"The plane exploded about 50 rods (about 800 feet) from our house," Mrs. Bundy said.

"There were no big pieces left at
