NOTICE TO EMPLOYERS

While there are no provisions under the present provincial Election Act to permit employees time off for voting, it is our hope that all employers in the province will make whatever internal arrangements that are necessary to permit employees sufficient time off from work to exercise their franchise.

In many cases employees live and work in their voting constituency but others commute rather long distances and special considerations are requested for this latter group.

All polling stations will be open between the hours of 9:00 a.m. to 5:00 p.m.

Board Of Trade To Aid Parkers

By RALPH CAMERON
Guardian-Patriot Staff Writer

Hundreds of dollars may be saved by Island shoppers in this city, if the Board of Trade approves to offer a Christmas gift of parking to those who drive into the city for their seasonal purchasing.

By special arrangement with the city authorities, the Charlottetown Board of Trade will have a policeman especially assigned to put a nickel in the parking meter when a violation flag shows. Instead of a parking meter ticket on the windshield, he will place a small envelope telling the action he has taken to avoid a fine being assessed.

CONTAINS MESSAGE

The envelope contains this message from the Board of Trade: "Realizing that you may have been inadvertently detained, a courtesy nickel has been placed in the meter from the Charlottetown Board of Trade Christmas Shopping Nickel Fund, and the customary fine will not apply."

The message further adds the motorist who has been helped may help others by putting his nickel in the envelope and mailing it, handing it to a policeman or just turning it in at any business house in the city.

It is further explained that this return will enable the Board to extend the same courtesy to other motorists because "Charlottetown and its merchants appreciate your patronage and invite you to come down town often."

CHANDLER'S PLAN

The idea was picked up by George Chandler, vice president of the board of trade, and adapted by him to fit the local situation. Mr. Chandler presented his plan to an enthusiastic Board, which, in turn, approached City authorities, who have given full approval.

Councillor William MacNeill, chairman of the police committee, said yesterday morning: "It is a smart move for the city and will be particularly appreciated by country people, as well as our own neighbors."

He added it would go into effect next Monday, Dec. 10, and remain in force until Christmas.

A city policeman will be assigned to the job, and each morning will receive a full supply of nickels and envelopes from the Board of Trade. As the plan moves ahead, it is hoped it will actually become a 'revolving' fund through return by motorists who appreciate the courtesy shown them. The regular parking meter violation fine is $1.00.

MAYOR APPROVES

Mayor A. Walthen Gaudet told The Patriot: "I believe this is one of the best public relation projects participated in by our community in a long time. I am hopeful this venture by the Charlottetown Board of Trade will make it perfectly plain to all our rural friends and neighbors that they are always welcome in the city, and we particularly welcome their business here."

However, there is a strong possibility the Board will carry the project much further, as Mr. Chandler said this morning he envisages its application again in the busy summer traffic months.

He believes it would make an excellent impression on the many tourists who come here, and sees the present test as a type of 'trial run' for the bigger effort next summer.

Mr. Chandler was emphatic in pointing out that it is not a money-making scheme in any manner. It is simply the Board's way of expressing appreciation to the merchants and citizens for its greatly increased membership, but he hopes the fund will be, as he termed it, 'self-replenishing' as motorists indicate their thanks for saving them a fine.

DELAY EXERCISE

OTTAWA (CP — The Cuban crisis forced postponement of an air defence exercise over eastern North America to Feb. 12 from Dec. 11, an RCAF spokesman said Monday. Though U.S. aircraft deployed during the Cuban crisis have returned to their home fields, a postponement was necessary to allow time for proper planning of the exercise, code-named Autumn Moon.

WILLIAM L. MacEACHERN

The death occurred at the Prince Edward Island Hospital on Wednesday, October 3rd, 1962, of William L. MacEachern of Mermaid.

Although having had an unfortunate accident in May of this year it seemed that he had completely recovered from this mishap when he was suddenly stricken on October 2nd and passed away in the early hours of the following morning.

He lived all his life in Mermaid and was engaged in fur farming during the era of this industry. Until recent years he was always active in Church and community affairs. He was a faithful member of Calvin Presbyterian Church in which he served as Elder for many years. Everyone was made welcome in his home, he was friend to all, especially those in need, and will be remembered as a man of honour and good will.

He is survived by his widow the former Elizabeth Wright of Lower Montague, two sons, Willard on the home stead, Donald of Edmonton, Alberta and one daughter, Elizabeth, Mrs. Alvin Andrew, Charlottetown and five grandchildren.

The funeral which was very largely attended was held on October 5th, from the MacLean Funeral Home to Calvin Presbyterian Church with his Pastor the Reverend D. A. Campbell officiating.

The pallbearers were: Dr. R.G. Lea, Arthur Coffin, Leslie MacDonald, Gay MacEachern, William MacCallum and Henry MacLean. Interment took place in the Church Cemetery.

CARD OF THANKS

The family of the late William L. MacEachern sincerely thank the Rev. D.A. Campbell, the MacLean Funeral Home and all those who sent flowers, messages of sympathy, made memorial contributions to the Gideon Society and helped in so many ways during their recent bereavement.
