The City Court commenced its monthly sitting to-day. There were eighty cases for trial on the docket. A large number of these have confessed.

CAPT. STEPHEN MORRISON, supposed to be lost at sea, is anxious to obtain the address of his brother, Captain Dugald Morrison, of Boston, who came into a nice little fortune through his supposed death.

DOMINION day is rapidly growing in popularity throughout Canada. The appointment of the 1st of July in each year as a national holiday was a happy thought, destined to bear good fruit for generations.

PEACHES, Pine Apples, Tomatoes, Gooseberries, Cucumbers, String Beans, Cabbage, New Apples, and Lemons, at "The Confectionery." Ch'town, July 3, 1878.—2ins

I WOULD hereby acknowledge thanks to the Canada Fire and Marine Insurance Co. for the prompt payment of my claim, through their Agent, M. A. Cameron, of this City. The fire occurred on the 26th ult., and the amount of my loss was paid to me on the 1st instant. C. O. WINKLER. Ch'town, July 2—

The case of the Queen at the prosecution of Patrick Shea vs. Henry B. Smith, for libel, is still pending in the Supreme Court. On Saturday last the Grand Jury brought an indictment against Mrs. Mary Mills for perjury, on the 19th of February, 1878, before the Stipendiary Magistrate, and on the 7th of May, 1878, before the Supreme Court, during the trial of an appeal. She was arrested for the offense yesterday.

The death of Mr. Walter Beer excited in this city a profound feeling of sympathy with the mourning relatives and friends of the deceased; and the funeral to-day was a very large one. The Oddfellows, in procession, accompanied the body to the grave; and after the solemn burial service of the Church of England had been repeated by Rev. D. FitzGerald, the ceremony prescribed by Oddfellowship was performed—Messrs. W. W. Stumbles, jr., and T. B. Reagh taking the leading parts. At the grave many were affected to tears.

The steamer *Carroll* arrived from Boston yesterday evening, with a cargo of general merchandise, and the following passengers: Mr. E. B. Richardson, Mrs. S. E. Wright, Mrs. A. Morrison, Miss L. The fiftieth anniversary of the elevation of the venerable Father Perry to the Priesthood was celebrated, with imposing ceremonies, in St. Joseph's Chapel, Pownal St., this morning. The present St. Joseph's Chapel being formerly St. Andrew's, and the one in which he received holy orders, it was therefore proper that the fiftieth anniversary should be celebrated in that place. A Pontifical High Mass was celebrated, in presence of His Lordship Bishop McIntyre, by the Rev. Father Chaisson, assisted by the Revs. N. C. and S. Boudreaault, all relatives of the venerable gentleman. An eloquent French eulogium was delivered by the Rev. Father Trudelle. Twenty-nine of the Island clergy assisted at the ceremony. The music of the mass was sung by the clergy. Father Perry is now 77 years of age, and resides at Mount Carmel, Fifteen Point. He was the second priest ordained on this Island.

PERSONAL.—Mr. J. M. C. DelesDerniers, Superintendent of the Sun Mutual Insurance Co., of Montreal, is at present on the Island, on his annual tour of inspection of the Agencies in the Maritime Provinces. While at Pictou on Monday last, Mr. D. paid to the Estate of the late James Mainland \$2,000, the amount of policy held on James Mainland, who died a short time ago, as will appear by a copy of the following receipt:— \$2,000.

PICTOU, July 1st, 1878. Received from the Sun Mutual Life Ins. Co., of Montreal, the sum of \$2,000, being in full of all claims under Policy No. 3,135, on the life of the late James Mainland. Sgd.

CATHERINE MA'NLAND, Executrix. JOHN S. McDONALD, Executor. PETER MCKENZIE, Executor.

Mr. Loundsbury, who lost his life by the late accident in Dock Street, St. John, N. B., was insured in this Company, and the claim was also promptly paid. These facts show that the Sun Mutual is a good Company to deal with; and the large business it did in the Maritime Provinces last year, will doubtless be very materially enlarged this year.

A boy named Colin Pearson was arrested by officers Cameron and McKinnon this forenoon for forgery. He is a smart looking boy, apparently about fourteen years of age, and has been a short time in the employ of Mr. George Coombs. This morning, during the absence of Mr. Coombs

from his office, the boy perceived on a desk a check drafted by Mr. Hugh Perkins, coal dealer of this city. Pearson drafted a similar one on the Bank of P. E. Island, for one dollar, in the following style: "Please pay to self or bearer the sum of one dollar. Hugh Perkins." He drove to the Bank about 11 o'clock, and presented the check to Mr. Moore, the teller, who immediately detected the forgery. Being interrogated as to how he came by the check, he said first that Mr. Perkins gave it to him; second, that he found it; and third, that he drew it himself. The officers of the Bank sent for the police, and gave the boy in their charge. Officer Cameron afterwards presented the check to Mr. Perkins, who pronounced it to be a forgery. He will be examined before the Stipendiary Magistrate to-morrow morning.

NEWS BY TELEGRAPH.

(Special Despatch to Examiner.) BERLIN, July 2. The session of Congress to-day lasted two hours and a half. It is believed that Congress has completed the discussion of the principal questions to be decided at the end of the month. It will only have next week to formally sanction the decision of the Committee of the second Plenipotentiaries, presided over by Prince Hohenlohe, which commenced a series of deliberations on Sunday last.

It has been decided that Servia shall retain Nisch, but not Novi-Bazar-Kokvrik defile, forming the western frontiers of the new territory. The Servian delegates declare themselves satisfied, but the Montenegrins are dissatisfied, especially at obtaining nothing on the south. Antivani is to be declared a neutral port, but open to Austrian men-of-war.

The *Journal de St. Petersburg* scouts, as absurd, the supposition that Congress will permit Turkey to oppose its decisions. ROME, July 2. The Ministerial organ—*Disillo*—emphatically denies that Italy intends to seek compensation in Albania, for the Austrian occupation of Bosnia and Herzegovina.

Another Victory for Hanlan. At the Brockville regatta on the 1st, the starters were, Hanlan, Elliot and McKen, of Toronto, Plaisted, Riely, J. Kennedy, Ten Eyck and Luther. The start was made at 5.45 o'clock, Hanlan taking the lead and keeping it to the finish of the race, winning by 15 lengths. Plaisted came in 2nd, Kennedy 3rd, Riely 4th, Ten Eyck 5th, Elliott, 6th, Luther 7th. McKen was fouled and knocked out of his skiff. Hanlan's time was 29 minutes.

Canadian Shipping. The annual report of the Department of Marine and Fisheries just issued states that the total number of vessels remaining on the registry on December 31st, 1877, including old and new vessels, sailing vessels, steamers and barges, was 7,362, measuring 1,310,468 tons registered tonnages, showing an increase, as compared with 1876, of 170 vessels and 49,575 tons. Taking \$30 per ton as the average, it will give the value of the registered tonnage of the Dominion on 31st December, 1877, as being \$39,314,040, or £7,862,808 sterling. The increase in the registered tonnage in 1878 was 47,202 tons as compared with 1874; in 1876 it was 52,328 tons as compared with 1875, and for 1877 it is 49,575 as compared with 1876. A statement follows which has been compiled from the Registrar-General for 1877 and 1878, from which it appears that the tonnage on the register books of the British Empire, including Canada and her other colonies, was 7,677,024 tons. The United States of America come next, with a tonnage of 2,564,980 tons; but this does not include the tonnage trading on the inland lakes and rivers of that country. Norway comes next, with a tonnage of 1,391,877 tons, followed by Italy with a tonnage of 1,360,423; Germany has 1,053,229 tons, and France 870,225. From this statement it would appear that Canada, with her 1,310,468 tons of shipping, follows Italy and stands fifth on the list. The total number of new vessels built during 1877 seems to have been 432, with a measurement of 120,928 tons; and their value is estimated at \$45,000 per ton, giving a total of \$5,441,760, or £1,088,352 stg.

An Astonishing Fact. A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the Western Continent.
