

REMOVAL.

The Office of the DAILY EXAMINER is removed to the office lately occupied by John Ings, Esq., and well known as the Islander Office.

THE INDIGNATION MEETING AT LITTLE YORK.

This meeting at Little York was well attended. The wealthy yeomen present were singularly unanimous in condemnation of the "ill-considered" Acts of the Government.

The meeting was organized by appointing Abraham Gill, Esq., Chairman, and Mr. Joseph D. Seaman Secretary.

Whereas The party at present in power, have needlessly increased the numbers and salaries of officials, and have otherwise recklessly squandered the people's money; and

Whereas, The Government have grievously and unjustly taxed the farming population and not the ship-builder and owner, or citizens and townspeople, to keep up and support the system of wasteful expenditure, and

Whereas, The numerous condemnatory resolutions passed in different parts of the country, have little or no effect upon an inconsistent and unfeeling Government;

Therefore Resolved, That this meeting set an example to other settlements, by petitioning His Honor, the Lieutenant Governor to dissolve the present House of Assembly, and send back our mis-representatives to the people at the poles—there to give an account of their stewardship.

An animated discussion followed. Robt. Lawson, Esq., in his remarks, compared the Government to a ship, of which Mr. Davies was captain, and of which the crew had been strengthened by the appointment of many additional office-holders.

Mr. George Vessey thought the resolution rather too sweeping, and opposed it on that ground, and Mr. John Leach attempted to revive the dead issues of the past—the Railway and Confederation—but failed utterly in shaking the determination of the electors present to pass the resolution in its integrity.

The following gentlemen were then appointed a committee to carry the resolution into effect, viz: D. Reardon, D. Matheson, R. Lawson, Peter Stewart and George Seaman.

On motion of Mr. D. Brown, seconded by D. Matheson, sr., the following resolution passed almost unanimously:—

Resolved, That the thanks of the meeting are due to the Editor of the Presbyterian for the manful manner in which he has defended the rights of the people.

Owing to the hurry and turmoil of moving our office, we are unable to-day to give a full report of this important meeting. The report of the efficient secretary will, however, be published in the course of a day or two.

There are now three square-riggers loading with produce at the Railway Wharf.—The ship "James Duncan" is loading with oats for Queenstown by J. Duncan & Co., the barkentine "W. D. Stewart" is loading for Queenstown with potatoes and oats by Hyndman & Foley; the barkentine "Vigilant" is loading with oats for Queenstown also.

THE CANADA LIFE.

We are always glad to find an opportunity of conversing with our readers on the subject of successful Canadian enterprises.

"To gild refined gold, to paint the lily, To throw a perfume on the violet."

The Canada Life has been one of the most successful institutions ever established in this country, ranking beside our best chartered banks in stability; and its long career of usefulness is attested to-day by thousands of families who are in comfortable circumstances owing to the foresight of their founders and the prudent and successful management of the "Savings Bank" in which they are invested.

EUROPE GROWING COLDER.

A Swedish paper publishes an interesting article under the heading, "Why is the Climate of Europe Growing Colder?" The article states that in the Bay of Kemonok, near Komo, in Greenland, fossil and very characteristic remains of palm and other trees have been discovered lately, which tend to show that in these parts formerly a rich vegetation must have existed.

A New Style in Weddings.—A Vermont couple were married in a boat on Lake Champlain the other day by Rev. Mr. Brooks of Panton. They intended to go to Westport and be married at a friend's house, but were unable to cross the lake, and were unwilling to go back home unmarried.

At the Stipendiary Magistrate's Court yesterday morning, Wm. Kennedy was fined \$3 and costs, or 14 days, for being drunk and incapable. Daniel Munroe, for the same offence, was fined \$2 and costs or 8 days. David Arbing for allowing a nuisance on the street, was fined \$1.60 and costs, or 14 days.

The S. S. "Hadji," Capt. Wilson, which arrived here on Saturday last, brought the marks of a slight collision, which took place by the running into of the steamer by a schooner in the St. Lawrence River, a few miles below Quebec. The main boom of the schooner penetrated clear through the starboard waist boat of the "Hadji," then breaking off, and remaining in the boat, where it is still to be seen.

The Japanese say the first inhabitant of this world was a woman.

WAR NEWS.

LONDON, Nov. 18. An official Russian despatch, dated Veran Kaleh, Sunday, 18th, says: "The Russians carried Kars to day by storm. The battle preceding the capture commenced at 8 o'clock last night, and terminated at 8 o'clock this morning. Our trophies and losses are at present unknown."

Gen. Howatovica has informed the Serbian Government if it wishes to join in the war it should do so immediately, as the Turks are throwing up strong entrenchments, mounted with heavy Krupp guns, along the eastern frontier; concentrating troops near Clissaura and Tirnova, and may any day determine on invasion.

The Russian military railway from Bender to Goltz is completed.

On Sunday morning the fortress and city of Kars, with 300 cannon, stored ammunition, cash, etc., fell into Russian hands. The Turks lost 5,000 killed and wounded, and 10,000 prisoners and many flags. The Russian loss is 2,700.

Russian soldiers made but trifling booty and spared peaceful citizens, women and children. General Lores Melikoff directed the battle during the day. Grand Duke Michael was present also. The former entered the city at eleven o'clock on Sunday morning.

The Graphic says the following is the substance of a private cable dispatch received here by prominent banking firms:—"Kars has fallen; Erzeroum will follow. Osman Pasha will very soon be captured at Plevna, with his entire army."

"The Russians are putting forth extraordinary efforts so as to finish up the war before the close of the year. They dare not permit the campaign to go over until spring, for Germany, Austria and England are in union as to the necessity of stopping the war before Turkey is entirely overwhelmed."

"Russia will have a large slice of Armenia. The Danubian Principalities will be relieved from the Turkish authorities and their future status left to a conference of the Great Powers. In any event peace is certain."

"Sell wheat and provisions short, and get rid of railroad stocks."

The semi-official German press states that Russia has resolved to refute all offers of mediation.

The Scotsman's London correspondent says: "I have reason to believe that the peace party in the Cabinet has lately received a notable accession, and that five of the committee are now virtually committed to the policy of non-intervention."

The Daily News Veran Kaleh special says Kars was captured by about 15,000 Russians, who climbed steep rocks, ramparts and walls, and stormed an equal number of desperately fighting Turks in headlong flight over their ditches and parapets, compelling them to die or surrender.

The London Times' Cetinje correspondents says that unofficial reports state that the Montenegrins have stormed the Citadel of Spitz. This gives Montenegrins possession of the coast from the Austrian frontier to Boyane. The Turks still hold the Citadel of Antevari.

The Times' Vienna correspondent says that the Montenegrins are kept in check by two Turkish ships in the roadstead.

An Irish Catholic Unionist was buried in Montreal to-day with great parade and society honors, the Shamrock Band being in the procession.

The question of volunteers pay for services at Hackett's funeral will come again before Montreal City Council to-night.

At a meeting of the Nova Scotia Bar Society a committee was appointed to draft a bill to be submitted at the next session of the Legislature, to abolish trial by jury except in certain cases.
