MANTLES A SPECIALTY.—Beer Bros.

EXCURSION TO MOUNT STEWART.—A large number of people and a brass band went from town to Mount Stewart to-day to be present at the tea and launch of the new ferry steamer.

THE ELLIOT.—The steamer Elliot passed Mulgrave at noon to-day, and will arrive here at ten o'clock this evening. She will sail for Boston, calling at Mulgrave and Canso, on Monday evening.

HE FOUND OUT.—An honest Pennsylvania farmer recently saw an advertisement in a paper saying that for ten dollars the advertiser would tell him how to keep butter from getting strong. The farmer promptly sent the money, and at once received the reply, "Eat it."

THE FASTNET returned from Summerside this morning, and will leave for Halifax at four o'clock this afternoon with a cargo of lobsters, pork, potatoes, eggs and oats. Mrs. McNeill, of Summerside, will be a passenger to Canso. Mrs. Muttart was a passenger from Summerside.

AN INTERESTING RECORD.—That is a rather interesting record of the high school in Templeton, Mass., where there have been no less than forty-eight marriages in which the husband and wife were pupils in the school. It seems to show that courting and co-education frequently go together.

GOVERNOR-GENERAL'S VISIT.—Captain Gordon, the Governor-General's aide-de-camp, has written Mr. Leonard Tilley, secretary of the St. John Y. M. C. A., to the effect that owing to the unexpected prolongation of the session, Lord Aberdeen will be unable to visit St. John before the 19th of August.

SUMMER SCHOOL OF SCIENCE.—During a visit to Tryon, President W. W. Andrews discovered a new and interesting exposure of glacial striation at a cutting on the public road. The botanical class have made the following additions to the list of P. E. Island plants: Black medick, m. lipulina, Mrs. W. W. Andrews; stellaria graminea, Miss Darling; many-flowered coral root, Miss Forbes; crain-fly orchis, Miss Newson.

PROPERTY SOLD.—The postponed sale of the Dominion House and other properties took place this forenoon. Mr. Edward Hurry was the purchaser of the Tenement houses on Euston Street at $895. The property on Chestnut Street, including a lot in the rear, was bought by Mr. P. Coyle, for the sum of $930. Mr. A. McNeill was the auctioneer. The Dominion House is reserved at $2,500.

If race not sailed the day it is called, will be sailed the first suitable day after. No boat to carry more than jib, foresail and mainsail.

THE WESTAWAY'S HARD TIME.—A Cape Town despatch says: "The British brig Westaway, Captain Westaway, from Rio de Janeiro, May 3, for Port Elizabeth, arrived at her destination on June 15th. She reported having been caught in a gale off Cape Horn, in which she lost her sails and spars and had 790 bags of coffee damaged by leakage in her wateways and around her stanchions." The Westaway is owned by Richard Westaway, of Sturgeon, P. E. I.

THE THUNDERSTORM.—Advices from the country report the thunder and lightning of to-day to have been very severe in certain localities. At Wellington, the house of Mr. Fidele F. Arsenault was struck and shattered, but no one was killed. The flue of the house of Mr. Sylvain C. Arsenault was also struck. A man who, was during the storm, lying beside the stove in the kitchen, was struck by the falling bricks and stunned, but not severely injured. A horse owned by Mr. Fidele C. Arsenault, clerk in the store of the Hon. J. O. Arsenault, is reported to have been struck and stunned; but he still lives, and it is thought that he will recover.

ON PLEASURE BENT.—The auxiliary yacht Intrepid, owned by Lloyd Phœnix, of New York, arrived here last evening for coal, and will remain in port until to-morrow. Mr. Phœnix has three guests on board, Colonel Crosby, Dr. L. Hade and Mr. Post, all of New York. The Intrepid has been cruising about the Nova Scotia coast and the St. Lawrence for some time past. She was built in Philadelphia about two years ago, and is about 350 tons register. Her speed (sail and steam) is about fifteen knots. The Intrepid is beautifully fitted up and furnished throughout, and taken all in all, is one of the handsomest crafts of the kind that has ever visited this port.

A BEAR KILLED.—At North Lake, on Monday evening, the 16th inst., a flock of sheep belonging to J. J. McInnis, was surprised by a large bear, who put in an appearance with the intention of having some fresh mutton. After some skilful manœuvering, he succeeded beyond his most sanguine expectations in capturing the best of the flock, which he proceeded at once to prepare for supper. Word was at once sent through the district. Some of the best sportsmen promptly repaired to the scene of action with hopes of destroying brain. After laying in ambush some time, bruin was discovered, and when in shooting distance of the hunters, a well directed shot from a rifle in the hands of C. J. McDonald, took effect in a vital part of bruin, who fell to rise no more. When skinned the hide measured over six feet. By this successful event the farmers of North lake have got rid of a most destractive intruder.

CATHLEEN BAWN—ANSWERED.

Cathleen asthore, but you're used to the gilts,
Sure no one would take you, an ould maid upon stilts,
You think I'll wed you; you'll make me yet yield,
But I wouldn't be seen wid you in a ten acre field.

Take this my advice, strange as it may seem,
Attend your wood butchering on ould Silver Stream,
And make it a rule, it'll work well you will find,
Be always particular your own business to mind.

Or you may find to your grief its a very bad plan,
To be an ould maid and be dressed like a man.
But I never could wed you, of this I feel sure,
So dont force your friendship on Roory O'Moore.

—Not Prince Edward Island alone, but all Canada seems to be suffering an attack of the aphis or some other insect destructive of oats. Ontario, Quebec, New Brunswick and Nova Scotia, all report the oat crop more or less damaged. Unless something should stay the plague oats will be light, scarce and dear next fall. It is stated that the acreage wheat crop in Manitoba and the Northwest will be from three to four million bushels more than last year. Cutting will be general on August 10th if good weather continues, two weeks earlier than last year.

Correcting a Mistake.

Do you know the difference between a mistake and a blunder?

When you lay down a good umbrella and take up a poor one you make a mistake; but when you lay down a poor umbrella and take up a good one you make a blunder.

So in FURNITURE. When you buy a poorer lot than you ought to have, you make a mistake; when you buy anything but the best you make a blunder. When you buy any Furniture without seeing our latest production you make a—blundering mistake. The best time to correct a mistake of this kind is before you make it.

THE SUMMER GIRL

hereabouts, comes to us for her shoes. This fact proves her to be as sensible as she is lovely. Those Oxford Ties of ours are just too cool to be without, and a summer girl without them would look as dismal as a watering place without the summer girl; and certainly nothing in footwear ever delighted any summer girl so much as our Ties, that have been voted the handsomest in town. Naturally the young ladies of Charlottetown are in a flutter over our shoe triumph, and even though Miss Smith looked long, she could never look prettier from a shoe point of view than she would wearing a pair of our inimitable Oxfords sold at 60 cents and up. We also have DONGOLA COMFORTS for old ladies. Every old lady should have a pair to enjoy real comfort. Always come to us if in search of something good and cheap.
