SONG FOR THE MILITIA OF P. E. ISLAND.

Kind people, yield attention To these few lines I mention, Except from all disunion— From party feeling free— I'll sing of the common lot On this side of the ocean, Proving her sons' devotion For Britain's sovereignty.

Commencing at the front head, Some hundreds may be counted Of Cavalry well mounted, To charge the daring foe; Of infantry there's plenty, From fifty years to twenty, And younger men not scanty, As well inclined to go.

Within our Queen's dominions Some men have their opinions— Intrigue has not a home, Encouraging a fray; Then since our flag is royal, Let every heart be loyal, And ready for the trial Upon the coming day.

Let each, his own place filling, To show himself be willing Quite active in his drilling, With either sword or gun; And when the foe is nigh him, Quite fearlessly he'll eye him, And fiercely he'll defy him, To fight, yield, die, or run.

Let each assist the other With feelings of a brother, And party feeling smother; In one united cause; And by their joint exertion There will be no operation, Nor any ill impression, Of violating laws.

Then when the drum is beating, How great will be the meeting, Each one his comrades greeting— All willing for the start; And feeling an attraction For the hottest of the action, And not caring one fraction For the enemy's fierce start.

Each country and profession Will quickly show adhesion For keeping off oppression Beneath a foreign foe; The English, without fear; The Scotch will true appear; The Irish volunteer, With both as bravely go.

And should they meet together Beneath the pluming feather, Sore-wounded on the spear, How mutual will they be! Without much hesitation They'll mingle consolation, No thought of creed or station Dividing sympathy.

And should there one be dying, In pain his comrades bring— The last request complying, To place him 'neath the clay,— Then here his song is ended, I trust no one's offended, For such 'twas not intended; For loyalty huzza!

THE ISLAND VOLUNTEERS.

Ain—The Royal Fusiliers.

To hero bound for battle strife, Or hard of martial lay, 'Twere worth ten years of peaceful life, Use glance at their array—

Come kilt up a cheerful air, A lively martial strain, The Spring returns, and fancy yearns, To breathe in song again— The loyal man's choice, To raise three hearty cheers! And pledge a health, long life and wealth, To Pollard's Volunteers!

To Pollard's Volunteers, my boys! The ENGLISH Volunteers! And Croppy too, the Sergeant true, That trained the Volunteers!

Nor shall the Muse her praise refuse To Captain Rankin's corps, Another band, that ready stand, To guard our native shore; Fill out a flowing bumper 'then, Health! to our health and years! To Captain Rankin's gallant men

The HIGHLAND Volunteers! The Highland Volunteers, my boys! To Rankin's Volunteers, O'Brien too, that put them through, That drill'd the Volunteers!

No more shall we defenceless be, When dread invasion comes— For yet we boast another host, To 'scent our homes— "Erin go Bragh!" one loud hurra! The company appears!

All dress'd in green to serve the Queen, The Irish Volunteers, my boys! The Irish Volunteers, my boys! Select ye, to Erin's boys, The Irish Volunteers.

And so the English Rose is seen, And Scotia's princely Pride, And Ireland's Shamrock evergreen, All growing side by side; Long may they grow, and bud and blow, To grace succeeding years; And long may we united see, Our Island Volunteers!

The Island Volunteers, my boys, Praise Evans's Volunteers! Long may we united see, Our Island Volunteers!

Yes! ever hence, for our defence, Our liberties and lives, We need not fear, for children dear, For sweethearts or for wives, Let foreign foes but show their nose— Our valiant Volunteers, With rifles true will drill them through, While puss would lick her ears!

While puss would lick her ears, my boys! While puss would lick her ears! While puss would lick her ears! Ch. Town, March 19th, 1860. P. L. I.

* As the author is a Temperance man he earnestly recommends that it be drunk in good cold water, in preference to Rankin's Lozengar.

To be let or sold, and immediate possession given. Four Pasture Lots!

IN the Royalty of Charlottetown, about two and a half miles from the City, situated what is commonly known as the Judge's road, two of these Lots are cleared and in very good condition, having been well manured, and produced good crops for the last two years—the greater portion of them has been sown down with Clover and Timothy, and may be expected to yield a good crop of Hay in the ensuing summer. There is an excellent spring of water on one of the cleared lots, and making it very desirable as a place for pasturing cattle; and the whole property has a good substantial fence around it. There are, besides, two large new Barracks, one on each of the cultivated Lots, which will be sold or let with the land. A considerable portion of the other two lots has been cleared, and the whole may be made ready for the plough at little expense and labour. For further particulars apply to EDWARD WHELAN.

Doctor Evans's Pain Killer.

NO medicine has been discovered that is so happily adapted to use internally as drops to be taken, and yet perform such wonders when applied externally as a wash, bath, or by friction.

USE IT IN THIS MANNER: For common Headache, simple bathing will answer. For sudden colds and hard coughs, (to cure immediately) put one teaspoonful in four of molasses, and take three teaspoonfuls of the mixture as often as you cough. Bathe the neck, breast and sides with it to cure soreness of a cough. Asthma, Phthisis, and sore breasts—for speedy relief, 30 drops in molasses, and bathe freely with it clear, and keep on flannel wet in it.

For bowel complaint, cholera morbus, cholera, and diarrhoea, —a teaspoonful in a gill of milk and molasses, well mixed, if the pain is severe, bathe the bowels with it, and in cholera repeat the dose every hour. For Dyspepsia and sick stomach, 20 to 30 doses in sweetened water, morning, noon and night, till all symptoms yield, and you are restored to perfect health.

For rheumatic complaints, lame neck, swelled face, sore throat and toothache, 60 drops as above, three times a day; bathe the parts well, rub with a warm cloth, and take a teaspoonful of mustard seed nightly, in milk or molasses, at bed time. For burns, scalds, pricks, stings or old sores, bathe well and often the parts affected. For sudden colds or croup, 30 drops in molasses, every hour, and bathe freely with it. For canker, sore mouth and stomach, chicken pox, or measles, 30 drops twice a day in sweet milk.

ASK FOR EVANS' PAIN KILLER, and take no other.

NASH'S SUPERIOR HORSE AND CATTLE LINIMENT.

One of the most valuable articles ever offered to the public for Sprains, Windgalls, Ringbores, Spavins, Stiffness of the Joints, Fresh Wounds, Galls, &c., &c.

THIS truly valuable Liniment has been extensively used for upwards of seven years, and in no instance has it failed to give satisfaction. The Proprietors cheerfully recommend the above remedy to the public, under the full conviction of its efficacy in the above-mentioned diseases where an external application is required. It reduces inflammation or swelling, or where the flesh has become callous, it softens and reduces it, and produces a full and free circulation to the parts previously affected. Numerous certificates from highly respectable individuals might be offered, testifying to its efficacy; but the proprietors deem it unnecessary. All that is solicited is a fair trial of this Liniment, to convince the public of its value. CHARLES V. POOR & Co., Boston, Sole Proprietors, to whom all orders should be addressed. Jan. 23, 1860. 6m

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish the cure must prove of immense service to this large class of afflicted fellow-citizens. How completely this compound will do it has been proved by experiment on many of the worst cases to be found of the following complaints:—

SCURVY and SCROFULOUS COMPLAINTS, BRUISES and ERECTIVE DISEASES, ULCERS, PIMPLES, BOILERS, TUMORS, SALT RHEUM, SCALD HEAD, SPITTING and SPURIOUS AFFECTIONS, MERCURIAL DISEASE, PRYTHIA, NEURALGIA, OR THROAT DISEASES, DYSPEPSIA and INDIGESTION, RHEUMATISM, RASH on St. Anthony's Fire, and indeed the whole class of complaints arising from IMPURITY of the BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to get the food humors which fester in the blood at that season of the year. By the timely expulsion of them many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcersous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this purgation of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overturned.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but a little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but contain curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposture and fraud. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have found for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We intend to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS. Price, 25 cents per Bottle; Six Bottles for \$1.50.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

FOR THE CURE OF Croup, Whooping Cough, Sore Throat, Hoarseness, Bronchitis, Asthma, Pleurisy, Pneumonia, Hemoptoe,
