**CITY TAXES.**—Watch the daily papers for the list of those who have not yet paid their city taxes. Pay up at once and avoid publicity.

**CHANGED HANDS.**—The well-known trotting mare Gracie Wilkes has been purchased by Mr. John A. McDonald, proprietor of the Summerside Livery Stables. The price paid is not stated.

**THE RINK.**—The Rink, as will be seen by advt. in another column, will be opened in a few days. It is needless to say that the managers will do all in their power to add to the pleasure of all who may patronise them this season.

**SCOTT ACT IN CHATHAM.**—The police committee of the new town council in Chatham at a meeting recently instructed the police that for the future they should refuse to serve any Scott Act papers, also should refuse to assist the inspector in any searches for liquor or in any other way.

**CROMWELL.**—Remember Mr. Pope's lecture on "Cromwell" on Monday evening next. The well known ability of the lecturer insures a strong character delineation of the man who ruled England wisely, maybe, firmly, certainly. Pupils from the public schools admitted for ten cents.

**DENONCED FROM THE PULPIT.**—The Truro Headlight says: A prominent Truro divine denounced the dismissals of the faithful public servants now being dismissed by the grits in Cumberland county, from his pulpit last Sunday night. He denounced them on the ground that the spoils system is wrong no matter which or what party practices it, and he is right. It is small politics.

**A GOOD IDEA.**—New Glasgow has organized a town improvement association. The object of the association is, amongst other things, the improvement and ornamentation of the streets and public grounds of the town, the planting and cultivation of trees, and the promotion and encouragement of horticulture and floriculture. The association is to be incorporated, and to begin operations next season.

**DISMISSED FROM EDGEHILL.**—A Windsor despatch to a Montreal paper says: "A sensation has been caused here by the dismissal from Edgehill College of two young women. Bishop Courtney and the governors were summoned to deal with the case and recommended the dismissal. The girls were detected signalling to young men from the windows of the college. One girl belongs to Dartmouth and the other to New Brunswick."

**A BAD ACCIDENT.**—The Guardian reports that Mr. Michael A. O'Brien, of Appin Road, met with a painful accident on Sunday last. The accident was caused by the bursting of a cartridge in his left hand. O'Brien, according to the Guardian, had removed the caps and charges of shot from two of them, and was engaged on the third with a pocket knife when the point broke off the knife and the cartridge exploded in his hand, nearly severing the thumb. The knife went through, entering at the third joint and coming out immediately behind the same knuckle of the little finger. Some of the shot entered his left side, going no deeper than the skin, and others took a shaving off the left side of the nose, some shot entering the nostril, coming out at the joint passing over the eye, and entering the eyebrow. Drs. Murchison and Robertson were sent for—the former, living near, was the first to arrive (in two hours), and very skillfully stitched up the wounds in the hand, and extracted several shot from the side and over the left eye of the injured man. He was in a very weak condition through loss of blood when the medical gentleman arrived. The injured man had almost given himself up, but it is hoped he will recover.

**GERMANY AND HAYTI.**

Later, considers the Farmer's Demands Too High.

The exact nature of Germany's demand on Hayti became known for the first time on the 1st inst. The details came by way of steamer from Port au Prince to New York and show the demands to be as follows:—

First, an indemnity of \$20,000 for Emil Lueders; second, the promise that Mr. Lueders may return to Hayti, and there sojourn without danger of any kind; third, a letter to the German Government, in which Hayti will express apology for the whole transaction; fourth, that the president of Hayti shall graciously receive the German Charge d' Affairs at Port au Prince.

It was also announced that if indemnity was not given a warship would be sent or diplomatic relations broken. Without answering the demands in detail, Hayti asked if Germany, by presenting this demand, intended to close the negotiations in the Lueders case, and also on what ground an apology was asked.

The money demanded was regarded by Hayti as far less important than the other three, which were considered as affecting Hayti's honor. The demand that the president receive Count Schwerin graciously was looked upon as involving a deep humiliation, as it was he who had gone before the president and rudely submitted his demands. It was this fourth demand which led Hayti to prepare for any eventuality.

Since the foregoing correspondence closed, it has become apparent, according to cable advices from Berlin, that the suggestion as to the sending of warships has been modified, and that there is no present purpose to send them.
