

THE DAILY EXAMINER

JANUARY 24, 1896.

THE GRAND JURORS' REPORT.

The Grand Jurors' report on the Hospital for the Insane is in line with the opinion of THE EXAMINER as recently expressed. There is a very rich vein of sarcasm in the suggestion that "the Stock Farm and buildings be handed over to the Asylum Commissioners for the use of the institution."

DIFFICULTIES OF THE UTLANDERS.

The arms of the British were, not many years ago, employed in breaking up the power of the Zulus and the savage military organizations which threatened the existence of the small white community in South Africa including the Boers.

NOTES AND COMMENTS.

Correspondents ought, we think, to withhold their animadversions on the Mayoralty candidates until after their cards have been published.

Mail and Empire: "Leonum natrix" is an addition that Nova Scotia is honorably entitled to carve on her escutcheon.

The Paris, Ont. Review makes this suggestive remark: "Has the N. P. made you rich? asks the Globe. Not quite rich, answer the workmen in Paris, but it has given us a good living."

The St. John Sun correspondent states that Sir Charles Tupper's stock is going up every hour in Cape Breton country.

St. John Sun: "The grits who have been explaining how very old and remarkably feeble Sir Charles Tupper is, are sending an uncommonly large body of healthy men to fight him in Cape Breton."

English advices report that money continues abundant. The improved political outlook has compelled the bears to hurriedly close accounts, and this, together with the advent of investors to take advantage of the low prices in the markets of the world, has caused an unusual activity on the stock exchange and a general rise in prices.

AN OLD AND WELL TRIED REMEDY. Mrs. Winsloe's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success.

What the British Have Had to Pay for Their Fighting of Two Centuries. In the wars of the present and of the previous century England has expended \$2,000,000,000.

COST OF ENGLAND'S WARS.

What the British Have Had to Pay for Their Fighting of Two Centuries.

In the wars of the present and of the previous century England has expended \$2,000,000,000. Almost incessantly since 1700 England has been prosecuting war and paying the cost of it, either in alliance with other European nations or against barbarous or semi-civilized nations single handed.

The first of the wars in which England engaged in the eighteenth century was against the French, England having as its allies Holland, Prussia, Hanover and Portugal.

The closing years of the eighteenth century and the early years of the nineteenth century were years of strife and war in which England took an active part, but never single handed.

While there were wars in progress in Europe, England carried on other wars, particularly against the United States (the war of 1812) and in India, and during this period, beginning in 1793 and closing in 1815, the total sum expended by England for war and naval purposes was \$4,000,000,000.

DAIRYING AT STANLEY.

The annual meeting of Stanley Bridge Dairymen took place on Tuesday, 21st inst. The Secretary's report showed that there had been \$1,250 collected on shares during the season, and \$335 from milk cans.

BILLY TERM—SUPREME COURT.

Alexander vs. Riggs.—The jury in this case found a verdict for \$500. Mr. Stewart, Q. C., stated that he would move to set aside the verdict, and the Court extended the time.

FASHION NOTES.

For comfortable collars and firm belts that will never crumple, use No. 30, the heavy-weight Fibre Chamois. And line your cuffs, lapels and reverses with it either single or double, but choose the light-weight No. 10 for sleeves and skirts when you need a more graceful stiffness.

MARRIAGE BELLS.

The marriage of Miss Bertha M. Tupper and Mr. James Lea was solemnized at the residence of the bride's mother, Margate, on Wednesday night. The ceremony was performed by Rev. Mr. Opie.

ENTERTAINMENT AT MILTON.

A very pleasant entertainment was given in the English church at Milton on Wednesday night. The programme, which was made up of vocal and instrumental music and recitations, was creditably carried out.

RHEUMATISM IS CAUSED BY LACTIC ACID IN THE BLOOD.

Rheumatism is caused by lactic acid in the blood. Hood's Sarsaparilla neutralizes this acid and cures rheumatism.
