

THE DAILY EXAMINER.

MARCH 22, 1884.

The Public Accounts.

The public accounts for the year 1883 were submitted to the Legislature this forenoon. We have not time to-day to say much about the contents of the various documents now in the hands of the members of the Legislature, further than to say that while the expenditure of last year has been, in one or two particulars, higher than that of the last two or three years, yet the accounts bear unmistakable evidence that the financial affairs of the Province have been managed with that prudence and honesty which has characterized the conduct of the present Government. The cost of education has reached the large sum of \$1,013,193 41, being \$36,000 greater than the amount paid for the same service the last year of the Davies administration. Another large item in the expenditure of last year is for the repairs made to the ferry steamers "E. M." and "Southport," amounting to \$10,535.78. This is an exceptional expenditure, which will not occur again (except to a small extent during the present year) for five years. On the other hand the amount estimated to be received for piers from the Dominion Government, was not received during the year, which causes an apparent deficit of \$42,308.65 to appear on the operations of the year 1883. It however it will appear that a very considerable amount has been agreed to be paid by the Dominion to this Province as a refund of Provincial expenditure on piers, it will be found that the country has every reason to be satisfied with the financial position of the Government. The fact that in the face of the large increase in the cost of education, and the exceptional expenditure on the steamers, and without any direct taxation whatever, our finances are kept in so good a position, shows how ably and carefully our affairs have been managed. As usual, the Patriot will, we predict, come out with sensational headings, and with the most extravagant figures relating to the Public Accounts, but the public are able to judge for themselves, and we have no doubt what the verdict will be.

Shameful Misrepresentation.

The Patriot, instead of rising from its ashes purified, and with a determination to act more honorably in the future than in the past, seems to be more reckless than ever. In speaking of Mr. Sullivan's alleged suppression of the fact that it was in the absence of Mr. King that Mr. Davies asked the question regarding the piers of Nova Scotia and New Brunswick, the organ says:—

"Mr. Sullivan, when he first brought up the subject in the House of Assembly on Monday night, the 10th of March, did suppress the words, '(in the absence of Mr. King)' when reading from the Hansard the question as asked by Mr. Davies. On the following day after Mr. Sinclair called attention to the omission, Mr. Sullivan did not deny that Mr. Davies was asking for Mr. King, but said that if the question was asked in the interest of New Brunswick, it should have been put by Mr. Wilson, or some other member representing that Province."

The italics are ours. When the public are informed that the remarks of Mr. Sullivan referred to in the italicized portion of the above extract were made on Monday evening during his speech on the Address, it will at once be seen how unscrupulous and unreliable the Patriot is. Mr. Sullivan's allusion to the subject, when Mr. Sinclair was speaking on Tuesday afternoon, was simply to remind the House that his reference on the previous evening to Mr. Weidon and other members from Nova Scotia and New Brunswick, showed that he had not suppressed the fact that Mr. Davies had asked the question in the absence of Mr. King. It is not much wonder that the public decline to accept as true anything which appears in the Patriot unless it is supported by corroborative evidence.

Another instance of the Patriot's mendacity and stupidity is furnished in its article of yesterday headed, "Not a reliable Surveyor." It says:—

"The truth is, to use a common expression, the Hon. Mr. Ferguson has put his foot in it. His Bill defined the duties of Surveyors so clearly that old land marks would be wholly obliterated. * * * The stern logic of facts convinced him that several old land surveyors were, like Casar's wife, above suspicion. They had devoted a lifetime to the business, and any attempt to disprove them would smut up even the Commissioner of Crown Lands."

Every word of the above is false. There is not and never was anything in Mr. Ferguson's Bill to disprove or in any way affect the old Land Surveyors of this Province. The allusion to the "old land marks" being "obliterated," is only to be attributed to the impenetrable ignorance of the writer.

The Bill, as originally introduced, only provided for the inspection of surveyors' instruments and measures. The introducer, Mr. Ferguson, has since proposed to give the Bill a wider application, by providing for the examination of surveyors themselves; but in doing so, he provides that all surveyors who have been over five years in practice, shall not be required to come in for examination. It was Mr. Ferguson who pointed out to the House the usefulness of these old surveyors, derived from their long experience; and he also pointed out the injustice of requiring them, late in life, to enter upon an examination in branches of education in which, no matter how

well versed they may have been in their youth, they must now be somewhat rusty.

"Opposition Bungling."

The Opposition distinguished themselves last night in the House of Assembly. A Bill had been presented to the House for incorporating Mr. A. B. Warburton and others as the "Island Publishing Co." It was referred to the Private Bill Committee, who reported that a more definite name than that given should be assumed. The members of the Private Bill Committee and others, pointed out that it was unusual for a company seeking corporate powers, where other corporate companies already existed, carrying on the same kind of business, to assume a general name in this way. They pointed out cases where similar objections had been taken and sustained in our own Legislature, as well as in that of other Provinces. The Opposition contended that the name "Island Company" should be retained, and Mr. Sinclair moved, as an amendment, that the report should be referred back to the committee for the purpose of amending it by striking out all reference to the name of the company. Members of the Government pointed out to him that the House could not compel the members of that Committee to change their report, and that the effect of the amendment would be to hang up the Bill for the session. Mr. Sinclair then proceeded to withdraw his motion with the consent of his seconder. It was pointed out to them that the motion having been seconded and discussed, could not be withdrawn without a motion being made that he have leave to withdraw it. Instead of doing this the Opposition floundered from one blunder to another. Mr. Perry moved the previous question. Members of the Government then pointed out that the effect of the motion would be against the Bill. If the previous question were put and carried, the main motion, that the report of the Private Bill Committee be adopted, would be carried, and Mr. Sinclair's amendment would be cut out. If the previous question were lost the Bill would be lost. In moving the previous question under the circumstances, Mr. Perry seemed like a child playing with edged tools. By this time he began to see the error he had committed, and as no member of the Opposition would second his motion, it was allowed to drop. After the Opposition had spent some time in blundering in this way, Mr. McFadyen moved that Mr. Sinclair have leave to withdraw his motion, which was carried. The main motion was then carried unanimously, and consequently the new Company will be required to choose another name.

It seems almost inexplicable to us that the new company should not adopt the name of the paper which it is understood they are to publish. Are they ashamed of the Patriot? It would not be surprising if they are, but in that case the name of the paper should be changed as well as that of the Company.

The Ontario Bribery Case.

THE Ontario bribery case is now before the Court in Toronto. Several witnesses have been examined, among them Mr. Dowling, M. P. P., who swore he had received a corrupt offer from Mr. Bunting of the Mail. Mr. Bunting, in reply, made the following sworn statement:—

"I have read the report of an unsworn statement made by Mr. Dowling yesterday, before the committee on privileges and elections, and as my name has been freely made use of by him, I hasten to declare the same to be, in many important particulars, incorrect. Mr. Dowling called on me at the Mail office a few days ago. He introduced himself, as he was an entire stranger to me. His visit was unsolicited and unexpected. He stated that he desired to see me privately. I took him to another room and informed him that we would be undisturbed. He then told me that he was a member of local legislature, a physician by profession, practicing in the county of Renfrew, and a graduate of McGill college, Montreal. He said he had been, against his will, induced by his party to enter public life; that he had been elected and unseated and elected a second time. He declared that he did not care much for politics or party and that he would be glad to resign. He complained bitterly that the grat party had not kept faith with him, inasmuch as they did not contribute five cents to enable him to pay the law costs, which, he estimated, would reach over \$500. He informed me that some of his constituents proposed collecting \$1000 as a donation from them to assist in defraying the costs, but he objected to the movement, as they were his patrons, and in the end he would gain nothing by it. He again complained of absence of material aid from his party, that he was a young man, and the costs were an embarrassment. I reflected how different was the treatment accorded by Conservatives to the member for Algoma, who was somewhat similarly situated, and I made the remark to Dowling that if he were of the Conservative party he would not be neglected in that way. He then suggested that he would write against the Government for the sum of \$2,000 and resign his seat when required. I told him most distinctly that I could not entertain his proposal, and advised him not to resign his seat, and to leave and go away. I concluded the visit was a put up job. I had never spoken to this man before that day and have not seen him since. The foregoing statement is correct in every particular. (Signed) C. W. BUNTING.

Toronto, March 18th, 1884. The man Kertland, is a wealthy Wisconsin lumberman. It is said that he has declared that the Ontario government wronged him and that he would

spend \$50,000 for the sake of defeating Mowat. Mowat declares that he sent Balfour and McKim to Wilkinson and Kertland, with instructions to offer themselves for sale. Wilkinson in yielding to the corrupt suggestion, if he did so, laid himself liable to just punishment. Wilkinson, however, had no money. The cash seems to have been furnished by Kertland.

—A Mr. C. W. White, who vegetates at Montague, furnished the Patriot with a shamefully distorted report of a meeting held at that place on the 22nd February. The meeting was called to discuss river communication between Montague and Georgetown, but from the Secretary's report it would appear that only the piers question was debated. Hon. Mr. Prowse, who addressed the meeting on behalf of the Government, is in every sentence misrepresented, and the Patriot having for its authority the report of one who appears to be an ignoramus without a peer, accuses Mr. Prowse of making the extravagant statement that the Government obtained for the piers a sum fully equal to a half million dollars. This is ridiculous. We therefore do not wonder that Mr. Prowse prefaced his remarks at the meeting with the request that the secretary, White, abstain from reporting them, as he was utterly incapable of doing so correctly. A letter from Mr. Prowse, in reference to White's report, addressed to the editor of the Patriot, will be found in another column.

Provisional District Meeting, P. E. Island.

This meeting assembled on Wednesday morning, the 19th inst., at nine, in the basement of the Prince Street Church. Nearly every minister of the M. E. and the B. C. Churches, were present. There were also present the following delegates:—Hons J. Balderson, W. G. Strong, and Messrs W. E. Dawson; J. R. Beer, P. Pickard, Isaac Sellar, Nathaniel Peardon, T. Dart, J. Bentley, W. H. Drake, C. Hiram Trueman, C. Lelacheur, J. M. Hood, Charles Shaw, J. M. Clarke, W. H. Sussabangh and J. T. Stewart. On motion of Rev. S. D. Rice, the Rev. S. T. Teed was appointed chairman. In reporting the lay delegates, a long discussion arose relative to the action of the Charlottetown Quarterly Meeting in electing four delegates. Some of the members maintained that supernumeraries ought to be represented by an equal number of laymen, while others were of the opinion that only ministers in the active work were to be represented by lay delegates. The chairman was appealed to, and decided against the action of the Charlottetown Quarterly Meeting. Against this decision the Rev. J. Burwash, A. M., entered his protest, which was noted by the secretary.

Then the meeting proceeded to its work of readjusting the circuits. A report was submitted to the meeting. It was unanimously decided to form two circuits in the town. One to be called the Prince Street and the other the Upper Prince Street. After a prolonged discussion, in which many took part, the following amendment to the committee's report, moved by the Rev. J. A. Dafce, was almost unanimously passed:—

Resolved, That the B. C. appointment on the Union Road be taken from the Union Circuit, and added to the Little York M. C. Circuit; and that the Wheatley River Circuit be united with the Union Circuit. In reference to the Pownal, Vernon River, and Montague Circuits, the following were the recommendations of the meeting: That the Cherry Valley B. C. appointment be added to the Pownal M. C. Circuit; that the Vernon River and the Union Road M. C. be added to the Vernon River B. C. Circuit, and that Sturgeon go to the Montague Circuit, and that the Montague Minister take an appointment at Georgetown. It was decided to ratify the Union arrangements made at Summerside. Further it was recommended that the Townsend Corner B. C. appointment and the New Annan M. C. appointment be merged in one, and added to the Summerside Circuit. It was decided to merge the Murray Harbor B. C., and the Murray Harbor M. C. Circuits in one. Alberton and West Cape Breton be made the heads of Circuits with such appointments as are most cognate to them. It is to be hoped that all these arrangements will find favor with the people, as they seem to be really the best for all concerned. The election of the Rev. J. Burwash to the Stationing Committee, who, together with Rev. S. T. Teed and S. D. Rice, ex officio members, represent the Island, finished the business of the day.

On Thursday morning, after the reading of the minutes, the Rev. E. Bell moved a reconsideration of the resolutions respecting the Sturgeon appointment. This was carried. It was finally decided that these churches go to Montague Circuit, and that for the present the minister be requested to preach alternately in them. Rev. J. M. Tredrea was appointed a member of the Sabbath School Committee. Rev. J. J. Colter asked whether we could not appoint a layman to the Annual Conference to preserve the balance of representation that would be disturbed by the ordination of the Rev. W. E. Reynolds. He showed that, in case the Brother were ordained, we shall then have more ministers than laymen present. The chairman held that we could only elect a number of laymen equal to the number of ministers now in full connection. Mr. Colter appealed to the meeting against the chairman's decision, but was not sustained by the necessary two-thirds majority. Before the laymen retired to elect their delegation to the annual Conference, the Rev. G. Steel raised a point that the Digest sent to us for evidence in this meeting contradicts the Conference Journal which is our sole authority. Whereas the Journal provides that only Ministers in the active work shall be represented by laymen in the annual Conference, the Digest states that all Ministers in full connection shall be represented. Some contended that the Digest was our authority, while others admitted that the Journal was. However it was decided to go by the instructions in the former, and elect a number of laymen equal to the number of Ministers in full connection. The laymen then retired and

organized by electing the Hon. W. G. Strong, Chairman; G. R. Beer, Esq., Secretary. After a time the Secretary reported the following gentlemen elected: Hon. J. Balderson, W. G. Strong and Samuel Prowse, Dr. Johnson, Messrs. W. E. Dawson, G. R. Beer, John Henry, N. Peardon, Isaac Sellar, W. Heard, J. M. Hood, Richard Pickard, Samuel Read, T. Dark, John Bentley, Jos. Tweedy, J. W. Clarke, G. M. Clarke, Hiram Trueman, C. C. Carlton and J. F. Stewart. On motion of Mr. Barth. Pickard permission was given to the B. C. in the town to sell their property at once if it should be deemed advisable to do so. Permission was also given to any Board of Trustees to sell their property, provided the Superintendent of the District gave his consent to such sale. Rev. J. Ball was appointed reporter to the Wesleyan and the Observer. Devotional exercises were participated in by Messrs. Teed, Rice, Smallwood, Ball, Allen, Tredrea, Peardon, and others. The meeting throughout was characterized by the utmost harmony and good feeling. All parties seemed to be willing to make all reasonable concessions. May the Union be so soon consummated be a great blessing. —Com.

PROVINCIAL LEGISLATURE. HOUSE OF ASSEMBLY.

FRIDAY, March 21. On motion of the Hon. Mr. Prowse, the House went into Committee of the Whole on the Bill respecting the union of certain Methodist Churches therein named; and, after some time spent in Committee, the Chairman reported the Bill agreed to. Ordered that said Bill be carried to the Council for their concurrence.

The House in Committee resumed the consideration of the Bill respecting Surveyors' Instruments and Measures, and after some time spent therein reported progress.

Hon. Mr. SULLIVAN presented the Provincial Auditor's Report on the Public Accounts for the year ending December 31st, 1883. Also the Report of the Chief Superintendent of Education, and the Report of the Trustees and Medical Superintendent of the Hospital for the Insane.

Hon. Mr. FERGUSON, Commissioner of Crown and Public Lands, presented the Report of his Department for the year ending 31st December 1883.

Hon. Mr. CAMPBELL, Commissioner of Public Works, presented to the House the annual Report of the Department of Public Works, after which the House adjourned until Monday at 3 o'clock p. m.

LETTERS TO THE EDITOR.

An Incapable Secretary and False Reporter.

SIR,—Enclosed please find copy of a letter which I have sent to the editor of the Patriot for publication in reference to the meeting at Montague Bridge. Yours, etc., SAMUEL PROWSE.

To the Editor of the Patriot.

SIR,—I notice in your paper of to-day's date a communication from Mr. W. C. White, purporting to be a report of a meeting held at Montague Bridge on the 21st of February last. I have to inform you that Mr. W. C. White, in that paper, has misrepresented my remarks in every important particular, and I feel quite sure that the respectable electors who attended that meeting will bear me out in this statement. It is not the first, nor the second time, Mr. White has wilfully and dishonorably misrepresented my remarks at public meetings held at Montague Bridge. I have only to add that your editorial comments, based as they were on a false report of what I said at that meeting, are also misleading and entirely unreliable. My object in calling attention to this matter is not for the purpose of correcting any impressions made at the meeting referred to, but merely to prevent any false impressions being made on the minds of those to whom Mr. White is not personally known. I am, Yours truly, SAMUEL PROWSE.

Charlottetown, March 21, 1884.

Our Advertisers.

Geo. Davies & Co. are desirous of selling the valuable lobster factory premises situate on the farm of Mr. A. Munn at Eldon, Belfast. A. McNeill will hold an auction sale of apples, tea, etc., at his salesroom, next Monday, at eleven o'clock. THE CHAMPIONS DEFEATED.—A very interesting game was played in the Chatham Skating Rink on Monday. Four rinks of the Chatham Curling Club challenged the four rinks which recently played in St. John, the match to take place in the Skating Rink so that all four rinks could play at one time. A very large number of spectators witnessed the contest which is said to have been an exciting one, the home rinks on one time leading their opponents nineteen. The game resulted in a victory for the home rinks by a majority of two points. Home rinks, 59; St. John rinks, 57.—Adocate.

LOBSTER FACTORY FOR SALE.

The Subscribers are instructed to offer for sale, on private terms, the Lobster Factory situated at B. de Creek, Lot 62, on the farm of Mr. Archibald Bell, hitherto run by Messrs. Duncan Mann & Sons. The Factory is 7 feet by 19 feet, with a shed attached. A spring of water runs near it. Boats can land lobsters at the Factory door. The Plant consists of 200 second-hand lobster traps, 3 boilers, trays, and everything required, 300 new traps and 20 cords of wood can be supplied if required. It is not more than half a mile from the Belle Creek Main Post Road. The fishing is fairly good, and the place sheltered from the north and east winds. No other Factory within 14 miles on either side. 400 cases were packed the season of 1882 from 300 traps. Terms liberal. Apply to

GEORGE DAVIES & CO. Ch'town, March 22—65 cent per 61 cent

Apples, Tea, &c.

BY AUCTION, Monday, March 24th, at eleven o'clock, at A. McNeill's Auction Room,— 25 barrels APPLES (choice), 10 half-chests TEA (prime), WRAPPING PAPER, &c. March 22, 1884.

P. E. ISLAND RAILWAY.

SEALED TENDERS, addressed to the undersigned, and endorsed, "Tender for Steam Coal,"

will be received until Monday, April 7th, inclusive, for the supply of five thousand five hundred (5,500) tons of the best Fresh-mined Round Steam Coal, for locomotive use. Tenders to state the price per ton of 2,240 pounds, delivered as follows:—

Table with 2 columns: Station, Price per ton. Charlottetown: 2,500 tons; Summerside: 2,000; Georgetown: 500; Souris: 500.

At least one-quarter of the whole quantity required at each of the above mentioned Stations, to be delivered on or before the 30th of May next, and delivery of the whole to be completed on or before the first day of October, 1884. The first payment will be made in July, and monthly thereafter. Ten (10) per cent will be retained from each payment until the final and satisfactory completion of the contract. The Department does not bind itself to accept the lowest or any tender.

JAMES COLEMAN, Superintendent, Railway Office, Ch'town, March 19, 1884. [mar 21, 3]
