

Southern King's Sunday School Convention

The Sunday School Convention of Southern King's was held in the Baptist Church at Murray Harbour on Thursday afternoon and evening, November 13, with delegates from the Baptist Presbyterian, and United Church Schools.

The afternoon meeting with Mrs. William P. MacLeod, vice-president, presiding and Mr. Wallace White, organist, consisted of a devotional period, appointing of committees, reading of last convention's minutes and a discussion on Sunday School work under the leadership of Mr. Dalrymple.

The evening session began with devotional prayer led by Mrs. Jack Ferguson and a choir selection "Will There Be Any Stars in My Crown?" by the Intermediate girls of the Baptist Sunday School in Murray Harbour, accompanied by Mrs. Roy Cook.

Mrs. Ernest Machon, vice-president, Mrs. Peter MacLean, secretary, Mrs. Keith Buell, Hymn 74, "Break Thou The Bread of Life" and Benediction by Mr. MacPherson closed the evening session.

CARTHAGE, Mo., Nov. 20 (AP)—E. L. Thomas was frantic when he called police to report his car had struck a woman. "She's under my car screaming," Thomas said. Police arrived with an ambulance and found Thomas surveying the victim—a battered jay-walking pig.

KEEP THESE IN MIND!

Some of the early signs of cancer are: A lump in the breast. Unnatural bleeding from a body opening. A sore that does not heal, particularly of the skin, face, mouth or lips.

Keep these danger signals in mind and see your doctor if one appears.

Annual Meeting Of Community Welfare League

Mr. A. D. MacLure was re-elected president of the Montague Community Welfare League at the annual meeting held at the Curling Club room last evening. Other officers elected at the meeting, presided over by Mr. MacLure, were: Honorary president, L. M. MacKinnon; secretary, C. A. Shaw. Other members of the executive are G. A. Nicholson, H. F. Landry and Richard MacLean.

Following the reading of the minutes of the last annual and regular meetings, the secretary, Mr. C. A. Shaw, presented the financial report, which showed receipts of \$375.33, expenditures of \$354.62, and a balance of \$520.71.

The reports of several committees were heard, after which the following committees were appointed: rink, A. D. MacLure, Cecil Beck, Dick MacLean, J. J. Stewart, Charles MacLure, Cemetery, L. M. MacKinnon, R. W. Beck, Dr. P. MacIntyre, Building, Dick MacLean, Charles MacLure, Keir Clark.

The tender of the Montague Branch Canadian Legion for \$360.00 was accepted for operating the Community Rink for the coming season.

It was moved by Mr. R. W. Beck and seconded by Mr. Charles MacLure that the Community Welfare League grounds be sold to the school district for the sum of \$1,000.00. The motion carried.

It was also moved and carried that all new members file an application for membership to the Community Welfare League, which would be voted on at a later meeting, and only after being accepted would that member have a right to vote. This procedure will follow the letter of the by-law.

A sum of \$500 was voted to be donated to the Crippled Children's Fund.

The league also moved to advance \$200.00 to the cemetery committee for the purchase of more land.

Following an open discussion of several other matters, the meeting adjourned.

Complexities

meat, curing and smoking them, making sausage and ready-to-serve meals. To say nothing of shippers, maintenance gang, engineers, office staff and salesmen.

The keynote throughout the whole plant is cleanliness. Foods prepared in it must in some cases be shipped long distances to the mainland or Newfoundland. The slightest contamination would create spoilage or molds, resulting in loss of flavor. Therefore, cleanliness to the eye but not cleanliness to the ear but the kind of sterility which a surgeon demands in an operating room. Every department is washed thoroughly with live steam daily. Floors in the new processing block are of smooth cement, brick or tile. Many of the walls are tiled. They are painted with a special paint which washes easily. Corners are rounded to render it easier to keep them clean. There are no cracks or crevices to harbor the slightest accumulation of dust or dirt, which, though invisible, might serve as a possible source of contamination.

The plant's cook rooms would be the envy of any woman whose kitchen must serve a large family. They are immaculately clean with tiled walls and floors. They are air conditioned. Products leaving them are as pure as food can be. The smokehouses are the last word in efficiency and sanitation. The golden colour characteristic of Maple Leaf Smoked Meats is the result.

Much of a packing plant is, of necessity, devoted to storage. Canada Packers' plant is no exception. There are rooms for storing "hard" goods—soaps from the Company's big soap factory in Toronto, or canned meats, fruits and vegetables in their canneries in Upper Canada. There are coolers to keep dry provisions and Domestic Shortening in perfect condition. There are coolers for carcass meats—held at a uniform temperature of 33 degrees the year round. There are freezers with subzero temperatures. Every temperature is carefully regulated, because variations cause condensation of moisture from the air.

As visitors move from room to room, they will be surprised at the complexity of the organization needed for the apparently simple task of putting meats on the butcher's counter. Monday evening's "Open House" at Canada Packers will give islanders an opportunity to learn much about the art of producing fine foods and getting them to consumers' tables fresh.

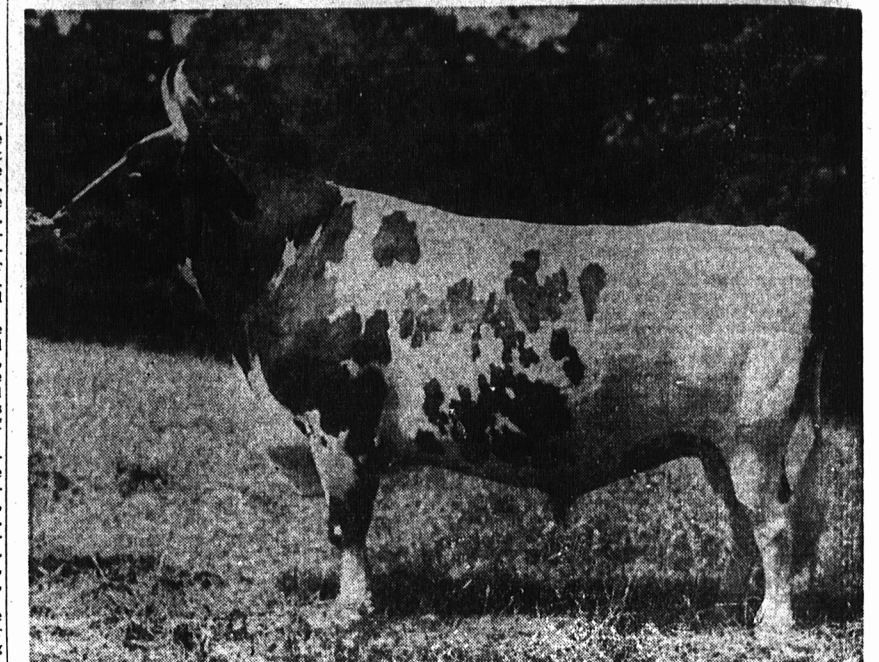

PACIFIC PEAKS—The Cascade Mountains of Oregon have extinct volcanic peaks between 4,000 and 10,000 feet high.

MUNICH, Nov. 4 (AP)—Two United States soldiers were sentenced to death today for attacking a German doctor and raping his wife and their house maid. Pfc. German Emerson, Jr., and Pfc. Edward B. Freeman, were convicted by a U. S. army court-martial.

Progeny Of Glengarry Bit O'Fashion Lead At Amherst

Though not on exhibit at the recent Maritime Winter Fair at Amherst, Glengarry Bit O'Fashion (above), many times Grand Champion Ayrshire bull owned by Col. F. I. Andrew, Charlottetown, had his outstanding record upheld by his progeny. They won: 1st prize mature bull. Senior Champion bull, Grand Champion bull, 1st prize R.O.P. cows, 1st and 2nd prize junior yearling heifer, 1st prize senior get of sire, 1st prize junior get of sire.

In the provincial herd of eight animals won by P.E. Island, there were three daughters, one son, and one granddaughter of Fashion. In the T. Eaton Special for the best four dairy cows, there were two daughters and two granddaughters of Fashion.

The granddaughters of this bull won: 1st and 2nd prize 3 year old in milk, 2nd prize junior get of sire, 2nd prize senior heifer calf, Reserve senior champion cow, Reserve Grand Champion cow.

Such a performance against the best in the Maritimes is a demonstration of breeding ability not often equalled by any one sire.

The history of Glengarry Bit O'Fashion is of interest to all dairy cattle admirers. He was bred by Cumming Bros. Lancaster, Ontario. His sire was Glengarry Sir Burton, a champion at leading Ontario shows and finally sold to a U.S. syndicate for a record price at that time. Sir Burton later changed ownership for \$3,500 to other U.S. parties.

Fashion's dam was Glengarry Maxine, one of the best cows in the Cummings' herd, and when mature sold to the Fowler-McCormac herd in the state of Illinois.

Bit O'Fashion was selected by H. W. Clay in 1940 as a senior calf. He was used on Mr. Clay's herd for two years. Later he was owned by N.W. MacLeod & Son and J.A. MacLeod & Son, Bridgetown. He was then purchased by A. MacRae & Son. From there he was used for a time in the Artificial Unit at Charlottetown. Finally, at ten years of age, he was purchased by Col. F. I. Andrew.

This grand breeding bull has about 60 daughters with over one hundred records, forty of these are two year old records which average 9,455 lbs. of milk averaging 4.19 per cent in 329 days. He is now classified AA and K.O.P.

He has been shown six times at Charlottetown with five Grand Championships. He captured the supreme award at Amherst Winter Fair in 1949 and 1950. This year, at 13 years of age, he was again Grand Champion at Charlottetown with one of his sons Reserve Grand Champion.

His most outstanding daughter is Fairvue Fashion Linda bred by A. MacRae & Sons and owned by John Bracken & Son, Manotick, Ontario. She has a two-year-old record of over 15,000 lbs. of milk with an equal production as a four year old. As a six year old, she produced 19,17 lbs. of milk, 829 lbs. of fat, with an average test of 4.38 on twice a day milking.

The influence of this bull on the Ayrshire breed in this province is attracting increasing attention as he demonstrates his ability to stamp his progeny with size, conformation, and production. Live stock enthusiasts marvel at the youthful appearance of this bull as he stands today in his 14th year with all the flash, style, and carriage of an animal ten years younger.
