Efforts Stimulated

The success in getting new lands into cultivation has stimulated efforts for the future. It now is being promised that by 1956 up to 75,000,000 acres of previously unused lands will be raising grain for Soviet consumers and livestock herds.
Study of Soviet agricultural information leads to the conclusion that if all goes well with the Khrushchev "new lands" plan and there are no serious droughts or other natural disasters, there is at least the possibility that in several years the Soviet government may make enough progress to feed its citizens as a whole as well as they at before the Bolshevik revolution or before collectivization of agriculture in 1928.

Canadian Navy Setting Up New Escort Squadron

OTTAWA (CP) - A new escort squadron, second set up by the Canadian navy in little more than a year, will be formed Jan. 1 with six anti-submarine ships of the Pacific command.
Naval headquarters announced Monday that the group, to be known as the Second Canadian Escort Squadron, will include the destroyer escorts Cayuga, Athabaskan and Crusader, all veterans of Korean service, and the modernized frigates Joliquette, Stettler and New Glasgow.
The group's senior officer will be Cmdr. Geoffrey H. Davidson, 38, of Victoria and Ottawa. He also takes over command of the Cayuga Jan. 1.
The squadron is to be joined by other anti-submarine vessels as they become available. First of these early next year and the destroyer escort Crescent later in 1955. Both now are undergoing modernization, the frigate at Saint John, N.B., and the Crescent at Esquimaux, B.C.
The RCN's first escort squadron, consisting of the destroyer escort

Chevrier Denies Montreal Claims

OTTAWA (CP) - Hon. Lionel Chevrier, president of the St. Lawrence Seaway Authority, Tuesday denied a statement by Montreal's executive committee that the authority had not conferred with city officials on seaway plans in the Montreal area.
He said the authority met municipal authorities three times - Sept. 21, Nov. 11 and Dec. 3 - to discuss its plans for the seaway canal to be built around the Lachine rapids on the south shore of the St. Lawrence river, opposite Montreal.
Mr. Chevrier was commenting on a resolution adopted Monday by the Montreal executive committee expressing "live apprehension" over what is described as the authority's apparent policy of not consulting Montreal officials before plans for the Lachine canal are approved.

Imprisoned Sixty

CARLO (Reuters) - The Egyptian people's tribunal Tuesday sentenced 60 members of the Muslim Brotherhood to prison terms for conspiring to overthrow the regime and seize power in Egypt by force. Including those sentenced Tuesday, nearly 200 members of the Muslim Brotherhood now have been sent to prison in the last month.

STOP CARGO AUCTION

CARLO (AP) - Egypt said Tuesday it has called off an auction of the cargo of the seized Israeli vessel Bat Galim. The ship's 10-man crew is still in custody, but their release is also expected soon. The Bat Galim was seized Sept. 28 with a cargo of canned meat and pigwood.

Toronto Stocks

TORONTO (CP) - The stock market blazed a narrow trail to a record high Monday in a last-hour buying spree.
Golds and base metals established records of their own earlier in the session. The indexes of both groups touched 1954 highs although they closed a little under their best.
Noranda featured base metals with a \$1 gain and Falconbridge touched \$24.75. Sylvanite touched \$2.00 and closed with a 25-cent gain among golds and Teck-Hughes touched \$4.50.
Some low-priced mines moved well up. Meta touched \$1.09 and gained 11 cents on the day. Pronto climbed 20 cents.
Highs for the year went to a large number of mining prospects including National Exploration, Negus, New Morrison, New Thurbols, Norpak and Purdy Mica. Ventures touched \$21 on a \$1.62 1/2 gain.
