CURRENCY

MONTREAL (CP)—The U.S. dollar closed at a premium of 7 21-32 per cent in terms of Canadian fund, unchanged from Tuesday's close. Pound sterling closed at $3.01 7-16, unchanged.

NEW YORK

NEW YORK (AP)—Nervousness among some of the trading fraternity was a feature of a dull stock market Wednesday.

The popular market barometers showed little change. Standard and Poor's 500-stock index edged off .06 at 58.95. The Dow Jones industrial average closed unchanged at 607.09.

Volume slipped to 2,950,000 shares from Tuesday's 3,690,000.

Wall Street seemed preoccupied by technical factors, the most important being the short-interest total announced after the close by the New York Stock Exchange.

Brokers said much dealing recently in such wide movers as Polaroid has been dominated by considerations regarding its short interest. As it happened, Polaroid's short interest rose to 187,800 shares from 160,298 a month ago—a bullish technical factor for the stock.

Over-all, however, the total short interest on the exchange fell 47,654 shares to 5,358,450 shares as of Sept. 14. This was less than one-tenth of one per cent of the total shares listed on that date.

Such news as Senate passage of President Kennedy's trade bill and Treasury Secretary Douglas Dillon's promise that the United States will not slack its efforts to solve the dollar problem had scant effect on trading, brokers said.

The Associated Press average of 60 stocks dipped 1 to 224.1.

News of layoffs followed International Nickel's plans to cut back production. The stock sank 1¼.

Dome Mines was up ⅝ among other Canadian stocks, and Walker Goderham was ahead ½. Aluminium Ltd. was down ⅝.

Prices were mixed on the Canadian Stock Exchange. Scurry Rainbow Oil and Canadian Marconi were up ⅛. Shawinigan was off ½ and Jupiter Corp. ⅛.

IN MEMORIAM

DONALD — In loving memory of our dear wife and mother, Mrs. Keith Donald, who departed this life September 20, 1961.

Today recalls the memory of a
loved one gone to rest,
And those who think of her to-day
Are those who loved her best.
But when I saw you sleeping
So peaceful and free from pain
I could not wish you back,
To suffer that again.
Ever remembered by her husband and family.

SANDERSON — In memory of Ernest M. Sanderson who departed this life September 20th, 1958.

Lovingly remembered by wife and family.

WHITE — In loving memory of my dear mother and grandmother, Mrs. Maurice White, Rockey Point, who passed away Sept. 19, 1953.

What would we give her hand to clasp,
Her patient face to see,
To hear her voice, to see her smile,
As in the days that used to be.
But some sweet day we'll meet again
Beyond the toil and strife,
And clasp each other's hand once more
In Heaven, that happy life.

Ever remembered and sadly missed by her daughter and son in law Catherine and Philip Hogan and grandchildren Diane, Linda, Roger and Patricia of Hogersville, Ontario.

LAKE — In loving memory of dad, Mr. George Lake, who passed away September 20th, 1958.

Beautiful memories woven in gold
This is the picture dear
father we hold
Deep in our hearts your memory is kept
We loved you too dearly to ever forget.
Lovingly remembered by son, Chester, Laura and family.

Small Farmers' Case Reviewed

OTTAWA (CP) — The Small Canadian farm can survive only by increasing in size or making more use of capital and labor, says a report by the Co-operative Union of Canada.

Farm numbers are shrinking annually through a natural process that should not be halted artificially, says the report.

"But . . . neither should it be accelerated artificially."

The report covers the main conclusions of the National Conference on Small Farms convened at Winnipeg last April by the Co-operative Union of Canada.

Small farmers need more self-help measures, it says.

Newsman Returns From Visit To India-China Dispute Area

By HENRY S. BRADSHER

Editor's note: An AP correspondent was taken by the Indian government into the military zone of Ladakh last week as one of five correspondents representing the foreign press in India.

LEH, India (AP)—Winter is cold but dry in the bleak mountains of Ladakh and Indian troops facing the Chinese there expect to remain active. There is a possibility the disputed region will see further shooting.

Indian officers in Brigade headquarters near Leh said snowfall is so slight that troops and supplies can move through the winter despite temperatures as low as 20 degrees below zero at this altitude, three miles above sea level.

Both Indians and Chinese established new outposts this summer to harden their rival claims to Ladakh into a skirmish line.

Informed sources in New Delhi 280 miles south of Leh, have estimated the reinforced Indian brigade based here has less than 5,000 infantrymen east of Leh to oppose the Chinese. The Chinese are believed to be stronger.

EXCHANGE SHOTS

There have been at least four exchanges of shots within 75 miles of Leh since July. No deaths have been officially reported in the area, however, since the Chinese ambushed an Indian patrol in October, 1959, and killed nine frontier policemen.

Ladakh is 900 miles northwest of the other large disputed area along the Tibetan border, India's northeast frontier agency. Last week, some 200 Chinese troops crossed the border along the Himilayan watershed into that area and entrenched near an Indian military post.

The Chinese claim but the Indians control some 36,000 square miles in the northeast. In Ladakh the Chinese control about 12,000 square miles of the disputed area.

Leh is the command and supply centre for the Indian effort to keep the Chinese from seizing the small remaining part of eastern Ladakh that they claim.

Russians Fire 13th Bomb Test

WASHINGTON (AP)—Russia set off another atmospheric nuclear test early Tuesday, the Atomic Energy Commission announced.

The AEC said the device "had a yield of a few megatons." An earlier announcement from Uppsala University in Sedan had estimated the blast at bout megatons — the equivalent of 9,000,000 tons of TNT.

The blast, in the Novaya Zemlya area of Siberia, was the 12th Russian test of the current series to be announced by the AEC.

Yank Doctors Reported Slow In Drug Recall

WASHINGTON (AP) — Senator Hubert Humphrey says that perhaps 200 U.S. doctors who distributed thalidomide to their patients have not advised them to get rid of the drug.

Humphrey, a Minnesota Democrat, said in a statement that "as many as one - sixth of the American doctors who had distributed supplies (of thalidomide) to patients had not contacted their patients to destroy he drug."

An aide of Humphrey's said the figure was obtained Monday from the Food and Drug Administration. The FDA has been following up on the supplies of thalidomide which were distributed by its U.S. manufacturers to some 1,270 doctors for clinical testing before its link to birth of deformed babies became widely known.

Humphrey said the inaction by some doctors was just one of what he termed "shocking new findings of laxity" involved in use of the sedative in the United States.

MISSING STAR SPARKS RIOT

HOUSTON (AP)—A star failed to appear with his band here and an audience of 3,000 promptly threw a tantrum that turned into a full-scale riot.

The missing star was Jackie Wilson.

His band showed up, several hours late, but Jackie was detained in Beaumont, said the announcer.

That was the announcer's downfall. Someone threw a bottle that struck him above the eye. And then the fans put on their own show—throwing bottles and fists.

It took 43 officers with night sticks and two dogs to quell the disturbance that spilled into the street.

When the smoke cleared, the results were:

Sixteen persons arrested and charged with various offenses such as drunkenness, failure to move on, abusive language, resisting arrest, disturbing the peace and aggravated assault on a police officer.

A police officer and a youth slightly hurt.

About $200 damage to the auditorium, including broken windows and doors.

Broken windshields in nearby cars.

Garbage cans and newspaper racks overturned in a nine-block area.

KILL CUBAN OFFICIALS

KEY WEST, Fla. (AP)—Anti-Castro forces struck last Saturday in Cuba's Las Villas province, slaying three minor government officials, Havana Radio said Tuesday. The broadcast said the men were ambushed by "agents of imperialism" as they were returning from a production assembly. All three were officers in the National Association of Small Farmers.
