WHOLESALE AGENTS

EARNSLIFFE NOTES.

Wanted—a name for the small river that runs across the Cherry Valley road. Mr. Richard Carey, of China Point, has arrived home after a pleasant visit to friends in Avondale.

Misses Daisy and Katie McLeod, of Orwell Cove, visited their Earncliffe friends this week.

Miss Tillie O'Keefe spent a few days last week with her China Point friends.

The concert and ice cream festival held in the hall at Vernon River Bridge on the 15th instant was a very enjoyable affair. The sum of \$29 was realized.

Tarte's \$20,000,000 expenditure, and "wait till you see us next year," is the best illustration we ever had of "Put a beggar on horseback and he will ride to the devil."

This is a great fruit-growing country. It is estimated that there was enough cherry jam put up in Lots 49 and 50 during the last two months to feed the British army in Africa for two years.

Mr. Hugh McLean, of Montague, is giving our young people instruction in vocal music, in the Methodist Church at Cherry Valley, every Friday evening. Mr. McLean is an excellent teacher and his pupils are progressing very fast under his tuition.

One of our boys recently got full—of joy, fell off a milkstand and nearly put his shoulder out of joint. This should serve as a warning to the young people: when you are intoxicated with happiness—why sit on the ground.

Mr. Geo. Van Iderstine, of Vernon River Bridge, who has been clerk for many years for Hon. George Forbes, left on Friday for Calgary. We are pleased to voice the sentiment of his many friends by expressing the wish that his visit to the Northwest may be a pleasant one, and that he may return again in the near future much improved in health.

Mackerel are reported to be very plentiful in the Orwell River off China Point. So thick are they that one disciple of Isak Walton, who was dressed in the new shirt waist costume and carpet slippers, caught several of the finny tribe in Mr. Peter Carrier's creek last week.

The death, on Friday, of Mrs. William Jenkins, of Seal River, in her forty-ninth year, has cast a gloom over that community. Mrs. Jenkins was a good Christian woman, and was highly respected and esteemed by all who knew her. Her funeral to the Methodist Cemetery on Saturday evening consisted of ninety carriages. The services were conducted by Rev. Messrs. Wass, Spurr and McConnell.

We are constantly reminded that the Grits are in power by the disgraceful state of that part of the China Point road leading directly to the wharf. The tide is fast obliterating this roadway and will soon have the adjoining fence and turnip crop in its embrace to carry out to sea. When some of our old Liberal friends read in the Patriot that "the roads and bridges were never as well attended to as under our present rulers," and then look at our bridges, and at this road, they grit their teeth and mutter words that are not to be found in Webster's dictionary or Sankey's hymn book.

Notwithstanding the fact that THE EXAMINER has been fighting the people's battles for many long years, and that it is to-day regarded by a large majority of Island readers as one of the ablest exponents of public opinion in the Maritime Provinces, we find The Guardian making such charges against this journal as "mossback," "non-intelligent and non-progressive," "scandalized by its obstructiveness," "narrow-contracted, small-souled," etc., etc. Sir, in the name of many Guardian readers we indignantly protest against the colossal gall of its editor in so grossly insulting the intelligence of his subscribers by asking them to believe such glaring misrepresentations about the people's paper THE EXAMINER a paper that has reached a height in journalism that can never be attained by the Guardian while it pursues its fake independent and sensational tactics, and continues its present policy of persistent misrepresentation.

MORELL NOTES.

The prospects of a bountiful harvest are bright. Hay is the exception, but even that is fair.

Mackerel are scarce and the price low. Cod are a fair average. Fewer fishermen than usual are employed.

Messrs. McEwen and Cox are making extensive repairs to their starch factory. They have contracted with growers for about 30,000 bushels of potatoes.

Mr. Ernest Cox, son of our esteemed townsman, Julius Cox, Esq., is spending his vacation with his parents here. We wish Ernest could see his way clear to remain with us. It is too bad that our best young people are monopolized by Uncle Sam.

The work on "Laurier Park" at the bay shore is being pushed forward rapidly by the contractors, Messrs. Davo, Roach & Co. When completed this will be an ideal summer resort. It is the finest situation on the loveliest bay in this Province—St. Peter's Bay.

The cheese factory is doing good work. The manager, Mr. Frank McNeill, of New Perth, gives entire satisfaction and as a result the quantity of milk received this year is about 40 per cent. over last year and more than double that of two years ago.

The directors expect to have a butter plant in operation about the 1st of Novem-

ber. The factory will be enlarged to about double its present capacity this winter to be able to handle properly next season's product. This must be very gratifying to all concerned.

R. W. McEwen, of Lot 40, is adding about 40 feet to his store and is also repairing his dwelling. Mr. McEwen is a young man and his success is well deserved. He has built up a large business by hard work and square dealing and may truly be called a successful Islander "at home."

WRITTEN ON THE DEATH OF LIZZIE CAHILL

Who was Drowned at Newton, Mass., Aug. 16, 1900—Aged 24.

'Tis but a few short months since we Enjoyed her presence here; Then we were left without her smiles, Without her words of cheer.

That day we will remember long When to the train we walked; How much she made her presence felt, How cheerily laughed and talked.

Oh, Lizzie! how little did we think We never should greet you more; How little that you ne'er again Should see your native shore.

She wrote such loving letters To friends she held so dear; Each month brought twice a message, To give her friends good cheer.

But, alas! the tidings soon were changed, And hopes thus formed were vain; One night there came a telegram, She ne'er will write again.

But half way through the evening, The quickening steps are heard; Someone comes hurrying to the door To give the awful word.

Now sobs are heard; and bitter tears Down many cheeks will flow; Each one will feel the loss of her Whom that sad death has laid so low.

'Tis but her clay, her spirit's gone Beyond the world of care; The only comfort left us now Is the sweet, soothing prayer.

Now dear Lizzie from us has gone, Her face again we ne'er shall see; She is buried in a foreign land For all eternity.

TEMPERANCE PICNIC.

A Most Enjoyable Outing of Refuge Division.

Saturday the 18th inst., was the date on which Refuge Division, No. 201, Fredericton, held its sixth annual picnic. Quite a number of carriages started from the hall, headed by the banner of the Division drawn by a span of nice steeds. The day was all that could be desired, and the surrounding country presented a very pleasing appearance. The place chosen to call a halt was at South Rustico Beach, near the Seaside Hotel. The beautiful field of Mr. Buntain was soon afforded us and the good sisters assisted by some brothers set to work to prepare for the repast which proved to be a perfect keeping with former occasions. This being over, the afternoon was enjoyably whiled away in boat-sailing and bathing and in various amusements until the time came for serving the second repast after which preparation was made for the homeward trip. All seemed to enjoy the day's outing and doubtless the good influence of Refuge will still continue to grow as a result of these social gatherings which are always conducted in harmony with the principles of the order. Among the number present were several visitors: Miss Boyer, of California; Mr. Neil, of Boston; Mr. D. McLeod; New Hampshire; Miss Blanch Plumer, teacher of Jacksonville, N. B.; Mr. Herma Myers, Carleton; Mr. Boyle, New Haven; Miss M. Stevenson, Charlottetown; Miss Newsome, teacher of Fredericton.

Your best friend can give you no better advice than this: "For impure blood, bad stomach and weak nerves take Hood's Sarsaparilla."

Rain in India.

LONDON, August 21.—The viceroy of India, Lord Curzon of Kedleston, telegraphs that the heavy, general rainfall has continued in most of the affected tracts. The crops promise well in the central provinces and Berar. Sowing is active elsewhere and the necessity for free kitchens will shortly disappear. Prices, however, are still very high everywhere. Cholera is prevalent throughout Hyderabad and in Bombay. There are 5,638,000 people receiving relief.

—The Canadian Gazette, London, Eng., notes that Sir Charles Tupper's views on preferential trade represent the commercial sense and the common sense of the Canadian people as expressed by our delegates at the congress of the Chambers of Commerce.
