THEY'RE A FINE LOT.—Messrs. Deacon and Drummond, of Fredericton, shipped 618 lambs to the sheep market yesterday.

PHILHARMONIC SOCIETY.—A Philharmonic Society has been started at New Glasgow, N. S. Mrs. Geo. A. Dixon, formerly of Charlottetown, is Secretary-Treasurer, and Mr. Dixon is chairman of the managing committee.

MORE SUMMONSES.—Yesterday evening a summons was served on James Mitchell, Queen Street, for violation of the Canada Temperance Act, and this forenoon a summons alleging a similar offence was served on Henry C. Connolly, Grafton Street. Both summonses are returnable on Monday.

KING'S DAUGHTERS' CONVENTION.—The Dominion convention of King's Daughters opened in Montreal on Wednesday. It was reported that there are 241 circles and 5,468 members, as follows: Prince Edward Island, 58; Nova Scotia, 352; New Brunswick, 574; British Columbia, 179; Quebec, 786; Ontario, 3,473; Manitoba, 74; Northwest territory, 28.

THE OYSTER CATCH.—The St. John Sun says: It is said the catch of oysters will not be so large this season as usual. A prominent Charlottetown man told a Sun reporter last evening that last year where there were three or four fishing boats there was only one this year. He was of the opinion that this was partly, if not wholly, due to the new law regulating oyster fishing.

ALL EXCEPT ONE.—All the goods stolen from W. W. Clarke's warehouse on Sunday morning last, have been recovered except one piece of cloth belonging to McLeod and Cameron. Two pieces of Italian cloth belonging to John McLeod & Co., were found yesterday afternoon by Hon. Mr. Peters' servant man. Each was hidden in a barnack of hay in a field behind Lewis' farm.

STILL THEY COME.—There passed through Winnipeg a few days ago 100 Norwegian farmers who are en route to Bello Colla Valley on the mainland of British Columbia, 200 miles north of Victoria, where they intend to establish an agricultural and industrial colony. These colonists have been living in Minnesota but became dissatisfied with their conditions there.

FAVOR BOSTON.—The Florida arrived from Boston yesterday afternoon at five o'clock with a miscellaneous freight and the following passengers: Bradford Bell, Binyon Smith and J. E. Chappelle, John C. Cairns, Annie Craswell, Colin Campbell, H. D. Fish, W. S. Hastings, Miss Hastings, B. W. Lee, Mrs. C. Messerve, D. McCormack, James McDonald, J. McEachern, Belle McKinnon, Kate Ross, Patrick Simms.

TEMPERANCE.—The lecture last evening in Philharmonic Hall was well attended. The lecturer, Rev. James Graham, of Ontario, made some excellent hits in the matter of obtaining doctors' certificates under the Scott Act. We should like to have seen more of the medical profession present and hear for themselves how the spirit of the law is often evaded and violated by the acts of medical men. A lodge of Templars was organized at the close of the lecture. Mr. M. Stevenson was elected W. C. T. Night of meetings, Thursday.

ON TUESDAY afternoon, Samuel Anderson and Lemuel and Harry Winchester left here in a new boat owned by the two last-mentioned young men, on an expedition to McNally's Island, about ten miles up the East River. They took a tent and some provisions with them, and said they would be back on the following day. They have not yet returned, however, and some anxiety is felt regarding their whereabouts. This afternoon it is reported that the boat was found bottom up, but we have not been able to verify the report.

Later.—Sir writing the above we hear that the boys are all right,—they are at Campbell's Point.

THE POLICE RAFFLES.—The police of Toronto are fairly buffed by a sensational murder which occurred in that city a fortnight ago. A young man of 18, well connected, was called to the door by a ring at the bell about 11 o'clock at night, and while there was shot with a pistol by some unknown person, so that he died a couple of days later. He did not recognize his assailant, although he gave a rather imperfect description of him, but the police so far have been unable to obtain the slightest clue that would aid them in discovering the murderer.

THE FORTY HOURS DEVOTION.—The devotion of the Forty Hours at Indian River closed yesterday morning with the Mass of Reposition. The pastor, Very Rev. Mr. Gillis, was assisted in the exercises by Rev. D. M. McDonald, Tignish; R. B. McDonald, Rustico; Rev. D. J. G. McDonald, Summerside; Rev. J. A. McDonald, Miscouche; and Rev. J. J. McDonald, Kinkora. A regular course of sermons was preached during the exercises, the preachers being Father, Douglas, Gregory and Ronald McDonald. At the closing Mass the very edifying choir was assisted by an orchestra made up as follows: Rev. J. A. McDonald, cornet, and Messrs. Joseph McLellan and Henry Dempsey, violins. Miss Jessie McKinnon of Summerside, Lot 14, presided at the organ, while Rev. J. J. McDonald and Mr. D. J. Cameron, of Grand River, Lot 14, assisted the members of the choir in their vocal renditions. The attendance at the devotions was very large, almost all the parishioners approaching the Holy Table.

Rev. Dr. Morrison, Rector of St. Dunstan's College, is expected home from Quebec to-night. Dr. Morrison participated in the former disputation, being one of those offering objections to the thesis defended by the Rev. Comille Roy. Besides Mr. Stoll, nearly all the dignitaries of the church in Ontario and Quebec were present at the dissertations.

A USEFUL INVENTION.—Mr. George Carter, of Kent Street, has invented an instrument by means of which water or milk may be quickly warmed on the lamp. It will be of great use to nursing mothers and in the sick room. We suggest that it be called "The Mother's Friend." Mr. Carter will apply for a patent.

A LIGHTHOUSE BEACON.—At half-past eight o'clock this morning the lighthouse at St. Andrew's Point was observed by people in Georgetown to be on fire. A rescue party at once put off in a boat, but before reaching the Point the lighthouse was almost destroyed. There was a strong wind blowing at the time and this, coupled with the fact that a large quantity of oil for the lamps was stored in the building, explains the rapidity with which the fire did its work. The keeper of the lighthouse was absent at the time. The fire is supposed to have started beneath the living room. The cause is unknown.

MARK WRIGHT & CO., LTD. Who Sell at Selling Prices.

Why We Lowered the Price. It was not because of any fault in the Corsets. As far as we know they are as good as the very best. The trouble with us was we had not all the sizes in any one kind, and in many cases we could not replace the sizes at the old price. So now is your opportunity—all broken lines are being closed out at a fraction of their value.

AN OPEN LETTER MESSRS. FENNEL & CHANDLER.

DEAR SIRS,—I have given the Hightand Range, bought from you some time ago, a thorough trial, and find it to work admirably in all respects. With the excellent arrangement of dampers, the draft can be so regulated as to burn the least possible amount of fuel. I burn the soft coal entirely, but believe I would work equally well with hard coal. I can heartily recommend this Range to anyone wanting an economical, first-class Cooking Stove.
