

Local and Other Items.

CAPT. FINLAYSON has resumed command of the "Northern Light."

THERE was a smart fall of snow in the Upper Provinces on Friday.

THIS fall's freight on the Island Railway far exceeds that of last year.

The loss by the failure of the cabbage crop in Long Island is estimated at \$300,000.

ONE of the locomotive engines recently purchased will be ready for the road about Friday next.

SIR CHARLES TUPPER and Mr. Schreiber will be here to inspect the P. E. Island Railway next week.

L. B. ARMBRISTAD, Esq., Superintendent of the P. E. Island Railway, returned from St. John last evening.

REMEMBER the lecture of Rev. Mr. Pascoe in the basement of the Prince Street Methodist Church THIS EVENING!

DR. EMER has returned from his visit to London, and resumes his practice.—Nov 8 31 dy & wly pat 31 da & wly.

A HEAVY BILL.—The City of Halifax will have to pay \$9,250 to square Dominion accounts for the late Exhibition.

The cry of potato famine in the United States has occasioned the importation of tens of thousands from Ireland.

THE Bible Class for study of Prophecy meets this (Wednesday) evening in Ladies' Parlour, Y. M. C. A., at 8 o'clock.—All are welcome.—Come.

STEAMER "Southport" was prevented from returning from Mount Stewart to day, on account of her rudder having been broken. She will return to the city to-morrow.

A. McNEILL'S Auction Sale of Choice Winter-keeping Apples will commence at half past ten o'clock to-morrow, and not eleven, as advertised. Come early and get bargains.

LADIES wishing light, pleasant and lucrative employment can call on Prof. F. C. Clement, at Miss Sinclair's, Sidney Street, corner of Pownall Street, between nine and ten a. m. [no 9 21 pd]

EXPORT OF HORSES.—On Monday last Mr. W. S. McKie shipped to Bangor, Me., three pair of the heaviest and finest-looking cart horses we had seen for some time. Mr. McKie is still buying for the same market.

A LECTURE.—By the Rev. J. B. Pascoe, in the basement of the Methodist Brick Church, Wednesday, Nov. 9th, at 7 1/2 o'clock. Subject: "Education Viewed in Relation to the Present and Future State of Existence." Admission 10 cents. nov 7 31

THE Minister of Railways was at River du Loup on Monday, and probably reached Montreal yesterday. He is accompanied by Mr. Schreiber, Mr. Pettinger, and other officials of the Railway, and is spending some time at various points ascertaining the condition of the road and the wants of the people.

A SAD STORY.—Messrs. Duncan and Theo. McLean, brothers, of Rogers Hill, Picton county, left for Colorado in March, last year. The younger, Thomas, died in August last of mountain fever; and a despatch received from a relation in Denver, last Saturday, announced the death of the elder brother. The body of the latter is being brought home for interment.—Annapolis Journal.

A SCHOONER, name unknown, from Grand Ance to P. E. Island, loaded with grindstones, while trying to enter McLean's Gully, Escuminac, struck and went to pieces. Not a vestige of her is now to be seen. The crew were saved with what they stood in. Part of the cargo has been fished up, and is now sold among the inhabitants to raise money to take the crew home.—Ec.

NOTICE is given in the Canada Gazette that the mortgage executed, under the provisions of the charter of the Canada Pacific Railway Company, securing the issue of \$25,000,000 of land grant bonds, has been deposited in the office of the Secretary of State of Canada, as required by the 30th section of the said charter.

The highest rate of tax in Massachusetts on each \$1000 is \$32, in the town of Monroe, county of Franklin; and the lowest \$3, in the town of Groton. The rate in Nahant is \$4.50 and in Milton \$5. Ten cities and 122 towns report an increase in rates; 2 cities and 35 towns report the same rates as last year.

ATTEMPT TO SMOTHER A CAPTAIN.—A correspondent of the Times at Paterboro writes:—"An attempt was made to smother Capt. Cleveland of the schooner "Second," on the night of the 4th inst. by the owners of the said schooner, it is supposed. Capt. Ryklof, E. Dingle and Josiah Pugsley were arrested and locked up to await trial. Suspicion rests strongly on Capt. Ryklof, although it is to be hoped it may only prove suspicion."

LAST week a woman died in the western suburbs of Halifax and was buried, and rumors in circulation caused a partial investigation into the matter, and it was found that the woman came down to breakfast one morning very ill, and could hardly move at all. Her husband went for a doctor, who arrived to find the woman sitting on the stove dead. Those who laid the corpse out said she was covered with bruises, the result of a beating she had received the day previous to her death. The children, five in number, were in a very neglected state, two with badly burned feet. The case has such an aspect that it was deemed expedient to place the matter before the coroner, and the S. P. C. A. have taken the initiative, so as to have the rumors thoroughly sifted.

UNITED STATES.

NEW YORK, Nov.

Dr. Ambrose Goetz, two years ago a wealthy and prominent physician of St. Petersburg, and once physician to the Russian embassy to Japan, was found dead at his boarding house here yesterday, having taken poison. He was forced to flee from liberal political tendencies, and his property was confiscated. He was not able to support himself by his practice here, and poverty drove him to suicide.

SAN FRANCISCO, Nov. 7.

The steam whaler Belvidere has arrived; also the whalers Northern Light, Dawn and Rainbow, bringing news of the Arctic relief steamer Rodgers. Lieut. Berry found Wrangel Land to be an island. He sent a party from the Rodgers in small boats to explore the land. They returned, having gone completely around it. The Rodgers then steamed 120 miles north and northwest in search of further land, but failed to find any. Lieut. Berry ascended the mountain on Wrangel Island and from the top saw the sea all round it. The season has been most favorable for exploration. Captain Owen, of the Belvidere, said he would not be surprised to hear of the Jeannette coming home by the way of Greenland. The Rodgers intends to send out a sledge party from winter quarters to explore the coast of Siberia. She expects to leave her winter quarters next June and go as far north as possible.

Terms made known day of sale.

DUNCAN McCALLUM.

O'Leary, Lot 8, Nov. 1, '81—61 eod, wly li

MORE LIGHT!

THE Charlottetown Gas Light Company have imported some of "BAY'S PATENT BURNERS," which they will supply and fit on Gas Brackets, etc., at a moderate cost to consumers.

These Burners are reported to be the best Flat Flame Burner yet produced, and will give a far greater amount of light than any other Burner with the same consumption of Gas.

Dr. Wallace, F. R. S. E., F. C. S., Gas Examiner to the City of Glasgow, in a lecture delivered by him, calculated that £130,000 (\$650,000) a year are thrown away in Glasgow by the use of imperfect fittings. On the subject of Gas Burners he says:—"Another and as I think a better Burner is that called Bray's regulator and as I consider these the best Burners attainable at moderate cost, I have selected them for a series of experiments."

The Report of the Committee of the British Association of Science to enquire as to the best means for the development of light from Coal Gas of different qualities—comprising Dr. William Wallace, Professor Dittmar, and Mr. Thomas Wills, F. C. S., F. I. C. E., showed that Bray's Burner yielded the greatest amount of light of all the two or three score of Burners reported upon, which included all the Burners of repute in the market.

In a pamphlet upon Light and Heat, published by R. B. Taylor, A. M., he says:—"The cost of Gas as compared with other illuminants is much more economical when rightly used, than many suppose. From experiments made for this purpose, the following results have been obtained. They were made by burning samples of Devoo's Brilliant Oil and ordinary Oils, and testing their illuminating power. It was found that Coal Gas costing one cent at \$3 per thousand feet, gave a light equal to 18 candles, while Devoo's Brilliant Oil consuming 27.4 grammes costing half a cent, gave a light equal to 9 candles. A good Argand or Johnson's Burner, the Burner's used in the last experiment, will therefore give the light of 2 ordinary Oil Burners in direct comparison, at no greater expense in the case of the finer and safer grades of Oil. Lights, however, on the authority of scientists, are not to be compared in direct proportion, but in proportion to the squares of their powers, and such a comparison with the case of the use of Gas, its cleanliness, freedom from odor and dangers, renders its use desirable wherever it can be introduced."

As the above experiments were made with Gas at \$3 per 1000 feet, and not consumed through Bray's Burners, it will readily be seen how much more economical it is to consume Gas instead of Oil, when its price is only \$2.63 per 1000 feet as now charged here when consumed, more especially through Bray's Burners.

Messrs. Goodwin & Co., of Philadelphia, the well-known manufacturers of Scientific instruments for testing the illuminating power of Coal Gas, etc., say in their Circular to Gas Companies:—"In presenting the Bay's Standard Patent Sift Union Burners and Lanterns, for which we are the sole Agents in the United States, to the attention of the public, we are convinced that we are filling a want long felt." They further add:—"The yield of light from these Burners is 12 to 20 per cent. greater per cubic foot of Gas consumed than that from any flat flame Burner hitherto introduced. [no 4 eod tf]

For Sale or to Let.

THAT Freehold Property, with a front of eighty feet on Pownall Street and eighty-four feet on Sydney Street, the House containing 16 large rooms and two Kitchens. Can be turned into one Dwelling by unlocking a door. Apply on the premises to MRS. BOSWALL.

March 12, 1861—4f
