DELAY IN NEGOTIATIONS

Between the United States and Spain.

THE STATES WILL NOT TAKE OVER THE CUBAN DEBT.

And Demand the Cession of the Philippine Islands.

[SPECIAL TO THE EXAMINER.]

PARIS, Nov. 10.—Regarding yesterday's meeting of the peace commission the American commissioners contented themselves with producing a long memorandum written in English.

After having deposited it upon the case they left the task of translating it to the Spanish commissioners, apologizing for its length and difficulties of translating.

They then retired. The situation at present is as follows:—

The Americans persist in refusing to take over the Cuban debt and exact cession of the Philippines. The Spaniards on their side refuse to cede the Archipelago.

MADRID, Nov. 11.—The Madrid newspapers are regaling their readers with violent attacks upon everything American.

They assert that owing to the brutality of the American soldiers brigandage is rife in the interior of Porto Rico and many residents are quitting their homes. They compare the present disorder with the tranquility under Spanish rule.

With regard to the Philippines they reiterate that the American demand will not be tolerated.

This line it is understood has tendered for the two years contract for the Atlantic mail service, which is still undecided. They undertake to put on a fleet of 191 knot vessels of very best style. They have also tendered for the P. E. Island service for next year. It is rumored that this company is likely to secure the two years service.

LONDON, Nov. 10.—The Lord Mayor's show today was favored with fine weather and was witnessed by the usual crowds of people. The enthusiasm was divided between the car representing the Sudan with the soldiers of the regiments which took part in the battle of Omdurman and the car representing the English speaking people.

French Activity

PARIS, Nov. 10.—The Echo de Paris to day publishes a despatch from Toulon which says the entire French Mediterranean Squadron is ready for sea. It adds that Admiral Fourrier, its commander, received a cipher despatch yesterday evening whereupon he signalled to the Forbin, a three-masted cruiser, to bank her fires, and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon, where all the vessels are prepared for action and where the arsenals and shipyards have been worked all night. Later it developed that Admiral Fourrier has been summoned to Paris.

HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Do Not be Alarmed, But Look For the Cause.

Heart troubles, at least among Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogastric.

In another way, also, the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; here is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain valuable, harmless digestive elements in a pleasant convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

FOSTER MAKES A ROUSING SPEECH

A Political Meeting in Ottawa.

IMPROVED ORGANIZATION OF LIBERAL CONSERVATIVES

Exposes The Bad Faith of The Present Administration.

[SPECIAL TO THE EXAMINER.]

OTTAWA, Nov. 11.—The Hon. George Foster delivered a rousing speech at the house-warming of the Liberal Conservative Association last night. He congratulated the Liberal Conservative party in Ottawa on its improved organization as evidenced by the opening of its new rooms.

The present government had not kept faith with the people and he believed the electorate would take the first opportunity of showing that they resented the trickery by which the Liberal party hoisted itself into power.

There was great change taking place all over the country. Everywhere the belief was expressed that the present Government had got the votes of the people on false pretences.

Two things would bring the Liberal-Conservatives back to power: First, the honesty and integrity with which the leaders stood by the good principles of their party; and second, the utter disregard by the Liberals of their pre-election promises.

WEDDING BELLS.

The little church of St. Bonaventure's was on Wednesday morning, 9th inst., the scene of a very pleasing event, the occasion being the marriage of Mr. Ambrose A. Mitchell and Miss Annie C. Power, one of Tracadie's fairest and most popular young ladies. The nuptial knot was tied by the Rev. P. J. Hogan. The bride looked charming, and was becomingly attired in a costume of blue broadcloth with pale blue trimmings, and hat to match. She was attended by Miss Susie Mitchell, sister of the groom. The groom was ably supported by Mr. Fred J. Power, brother of the bride. The bride, who is a general favorite, was the recipient of a great many useful and costly presents. THE EXAMINER joins in wishing the young couple a long and happy life.

OBITUARY

We learn with deep regret of the untimely death from typhoid fever of Daniel J. McKinnon, son of Patrick McKinnon, Esq., Piquit, which sad event took place on October 26th, at Montague, Maine, where he had been employed for the last year.

The deceased was in the 21st year of his age, and left his home but a little over a year ago. He was a very promising young man of a kind disposition, and of steady and industrious habits, and was a universal favorite with friends and acquaintances.

His body, accompanied by his brother, reached home on the 29th ult. and was solemnly interred in St. Andrew's Cemetery the following day, whither it was followed by a large number of sorrowing friends.

To his parents and brothers we extend our heartfelt sympathy in their great trouble.

We miss thee from our home, dear James, We miss thee from thy place; A shadow o'er our lives is cast, We miss the sunshine of thy face.

Thy hands are clasped upon thy breast, We have kissed thy lovely brow; And in our aching hearts we know The Lord has got thee now.

We record today the death of one of the oldest citizens of Montague—that of Mrs Jean McLure Cameron,—which occurred on the morning of Nov 5th, at the residence of her son, D. G. Cameron, with whom she had spent the last 37 years of her life. The deceased was relict of the late John Cameron, of Lower Montague, and daughter of the late Gavin McLure, of Murray Harbor North, who, with his family immigrated to this country from Ayrshire, Scotland, in 1821, of which family there now remains but one—David McLure, Esq., of Lower Montague. Mrs Cameron was 84 years of age, and a professed member of the Presbyterian Church from youth. She lived a quiet, consistent, christian life, highly respected by those of her day and generation, and leaves three sons and three daughters.
