

THE DAILY EXAMINER.

NOVEMBER 28, 1892.

Expanding Trade.

The bank statement for October is the most favorable that was ever issued. It shows that a larger business was done during last month in Canada than in the same month of any previous year.

Physicians and Druggists.

It is needless to say that our correspondent is entirely wrong in his supposition that THE EXAMINER has tried to make out that the physicians of Charlottetown are, in any sense of the word, "sharks."

The Hotel Matter.

The blunders of the Guardian are not, in themselves, worth noticing. But as they affect materially the first class hotel scheme, fuller explanation on the part of the committee than that already given seems to be desirable, if not necessary.

News Notes.

There are 950,000 persons imprisoned in 875 jails in Russia. The prisons were built to hold only 570,000. The Edinburgh Evening Dispatch says that forged manuscripts purporting to be the work of Robert Burns and Sir Walter Scott have been placed in the market during the past few years and have been disposed of with great success.

Local Notices.

Northern Spy Apples.—Beer & Goff have just received 200 bushels of these fine winter-keeping apples. Call and see them if you want something nice.

Marriage Bells.

The marriage of Miss Nellie Moren, daughter of Mr. John Moren, of Newport, in this Province, and Mr. Roderick McDonald, a well-known shipping agent of Gloucester, Mass., was solemnized at Gloucester on the 21st inst.

After the ceremony the happy couple left on a wedding trip to Boston and New York. They will be at home at 339 Main St., Gloucester, Mass., after the 15th December.

Girls Catch a Burglar.

THEY HAD A DESPERATE FIGHT, BUT FINALLY CAME OUT VICTORS.

Alice, Mary and Lottie Evans were left alone in their home at Beaver Brook, near Hazelton, Pa., one night last week, their father having gone to the sick bed of a relative. In the night a Hungrian named Brojak gained entrance to the house.

The next thing she heard was the door cracking, and she could control herself no longer. She jumped from her hiding place at the same moment the door crashed in, and stood face to face with a masked man.

At the hearing it was learned that the real culprit was missing, and upon investigation he was found lying unconscious in his boarding house at Beaver Brook. The wounds which he had received were numerous and severe, and he was too weak to permit of his removal.

REPAIRS AT PROWSE BROS. for 90 cents. PATRONIZE the popular restaurant, where everything in season will be served in the best style at A. & C. Quirk's, North Side Queen Square.

FROM HALIFAX.—The steamer City of Ghent, Captain Pyle, arrived here from Halifax at two o'clock on Sunday morning with a large general cargo. After taking in a cargo of oats, potatoes, pork and canned mutton she will leave on return.

B. K. L.—The Victoria Preceptory of the Black Knights of Ireland has a fine hall on the corner of Hillsborough and Easton Streets. The gallery in this building (which has been used as a church) has been taken out and a floor put in, making a fine hall, which has been painted and furnished and lighted by gas.

A petrified man, found in a cave in the foothills of Guadalupe Mountains, has been brought to Eldy, N. M. and is now on exhibition. It is five feet ten and a half inches high. There are distinct imprints of sandals or moccasins on the feet, but the body was found in a large chamber with limestone walls about 500 feet from the entrance to the cave.

Ladies Mantles.—We were very successful with our stock of fall mantles. The fit and finish of our mantles were pronounced excellent, and prices very moderate. We have still a few left, which we will sell cheap, as all must be cleared. It will pay you to see them.—J. B. Macdonald.

DID YOU SEE IT?—The display of exquisite Japanese Chinaware at the Diamond Bookstore is the latest novelty, and enchants all who view it. Make your selection at once.

TOKYO, Nov. 25.—The Empire says regarding the rumor that the Mail will once more become a Conservative organ: "No, the Mail can never have the confidence of self-respecting Conservatives. Nobody in authority at Ottawa would be such an idiot as to warm a viper now almost dead once more into life and risk and risk its stinging them again."

A dozen shots were exchanged, but his thoroughbred carried him off in safety.

LONDON, Nov. 25.—The future politics of the Pall Mall Gazette has been placed beyond a doubt by the announcement that Mr. Cust, Tony M. P. for the Stamford division of Lincolnshire, has been appointed editor. Mr. Cust knows nothing whatever of journalism, but he is a beautiful dancer.

can sing a good comic song, and was colloquial of the late Duke of Clarence. He is reputed to be clever, however, and has undertaken to learn all newspaper editing in no time. His salary is to be £1,500 a year, which seems small for such a smart young man, and he will draw it regularly while learning the business.

LONDON, November 25.—At a meeting yesterday at Edinburgh of a number of Scotch veterinary surgeons, Prof. Williams made an address in which he used strong language regarding the policy of the agricultural board in connection with the import cattle trade. He asserted that the board had smothered an independent inquiry by destroying the lunas of all condemned cattle alleged to have died from pleuro pneumonia.

LETTERS TO THE EDITOR.

Mr. Hughes' Reply to the Physicians.

SIR,—The following letter enclosing the resolution of the physicians of Charlottetown, has been received by me:

DEAR SIR,—I enclose you a copy of the resolution passed at a meeting held by the medical men of this city. If you intend to comply with it please do so in writing and address same to me before Monday next, so that I may present same to meeting to be then held. Yours, etc.

Whereas, We, the undersigned medical men of Charlottetown, being aware that the druggists of Charlottetown have been accustomed to prescribe for patients by selecting medicines for them, and dispensing medicines prescribed by us to persons other than those for whom they were originally prescribed, we consider such practices are very improper, contrary to law, and very unjust to us as medical practitioners.

Therefore Resolved, That we request each druggist in this city to relinquish such practices and give us in writing promise to that effect, and that a copy of this resolution shall be forwarded to each druggist.

P. CONROY, M. D., Chai man. F. P. TAYLOR, F. R. C. S., Edin. RICHARD JOHNSON, M. D. FRANK D. BEER, M. D. JAS. WARBURTON, F. R. C. P. & S., E. FREDK. E. KELLY, M. D. H. D. JOHNSON, M. D. JAS. HANRAHAN, M. D. S. R. JENKINS, M. D., Secretary.

AS I have a legal right to select medicines for my customers, I shall continue as heretofore to supply their wants to the best of my ability—with the best goods that money can buy, and my long experience in the business, extending over twenty years, with four years spent in the study of medicine with a practicing physician, I feel justified in asking for a continuance of your liberal patronage.

The following card embodies my reply: A Card. AS I have a legal right to select medicines for my customers, I shall continue as heretofore to supply their wants to the best of my ability—with the best goods that money can buy, and my long experience in the business, extending over twenty years, with four years spent in the study of medicine with a practicing physician, I feel justified in asking for a continuance of your liberal patronage.

Your obedient servant, GEORGE E. HUGHES. Apothecaries Hall, Deerpark's Corner, Queen St., Ch'town.

The Physicians' Request.

SIR,—I think your editorial remarks and the letter of "Patient" in your issue of Friday, also the letter of "Observer" in Saturday's issue, are the doctors and druggists, tend to mislead the public. I will ask for a space in your columns to try and put matters in their true light. The writer has taken the trouble to speak to several of our doctors and druggists on the matter and find that they are not "sharks" as you would make them to be.

Our Sale

NOW GOING ON! BIG DISCOUNTS have been the order of the day. We cannot afford them as our goods are all marked plainly at what we consider the smallest paying profit, with discount for cash.

As an instance, an article is being sold in town at \$1.00, with 20 per cent. reduction, making it 80 cents. Our regular price has been and is 75 cents for the same article.

If the price on any goods changes at the factories we reduce as soon as we hear of it, and give our customers the benefit.

The WATCHES we sell now for \$7.50, \$10.00 and upwards are far better value than formerly could be given at these figures.

Our SOLID GOLD WATCHES, suitable for presentation, are elegant, substantial and reliable. We try every one before offering it for sale, and see that it is ready to perform properly.

Our fine REGULATOR in connection with a transit instrument, for taking observations, are great helps in this matter.

We are continually adding to our stock new designs in RINGS, BROOCHES, etc. See the new and fashionable MARQUISE RINGS.

Our ROLLED PLATE CHAINS are guaranteed to wear from five to twenty years, according to price paid.

Some of the above, together with much of our fine SILVERWARE, are of Canadian manufacture.

If we can get a home-made article of equal value with the imported we always do so and SAVE THE DUTY, but prefer to pay the duty rather than supply our customers with an inferior article.

See our KNIVES, FORKS, and SPOONS. See our SPECTACLES, which we take great care shall FIT and suit.

Some people wear their Glasses like the above.

The way we fit them.

If there is anything you wish for in our line, not in Stock, we will endeavor to procure it. We solicit early orders.

E. W. TAYLOR, Cameron Block.
