A PLEASANT SURPRISE.

Aunt Sally, as the village usually called her, had received the bulk of her property from a deceased aunt, which her shrewd business qualities had enabled her to invest so advantageously, that she increased in wealth as she did in years, and like many other rich people well advanced in life had scores of affectionate young relatives. Her cold grey eyes were too shrewd not to see through their eager attentions to the very selfishness of their source.

One nephew, however, did not belong to this class of schemers. On the contrary, the old lady was very often the victim of his jokes, and he would dispute with her just for the fun of having a hot argument. Yet, for any real service she would apply to him oftener than to any one else. She had even lent him a sufficient sum to stock a fine store, but still this Frederick so often annoyed her that public opinion was pretty equally divided as to whether he would be a favorite heir, or be cut off with a shilling.

One evening upon the meeting of the parish sewing circle at the house of the clergyman, this nephew perpetrated a joke upon his aunt, the result of which she never forgot. She, unlike many maiden ladies, considered these gatherings a sort of a fashionable nuisance, but usually was present for the sake of indulging in her sarcastic remarks. Her nephew was there ostensibly to wait upon his aunt, but the fair Lucy, daughter of the worthy practitioner, Dr Blood, particularly allured him with her charms.

The evening passed off pleasantly, and when the party broke up, as Frederick was taking leave of his friends, with his aunt on one arm and Lucy upon the other, the old lady suddenly remembered that she had left her muff.

'Oh, never mind, aunt,' said the young man. 'I will get and send it up to you in the morning.'

'But I do mind, Fred Strong, for it is not my way of leaving things round in this manner. But where can it be? I certainly left it with my bonnet and cloak.'

Search was immediately made, and after a while it was found stuffed into the deacon's hat.

'O, fie upon you aunt! such a hint, and the deacon only a recent widower!' exclaimed her laughing nephew.

Aunt Sally seized her muff, but the hat adhered most affectionately to it. By an angry wrench it was liberated, and the unoffending hat flew across the entry, projected by the incensed maiden. When it arrived at the terminus of its short journey, it had assumed a most questionable shape, and its condition might certainly have been termed 'shocking bad hat.'

'I'll pay you for this, young man.'

'Don't trouble yourself, dear aunt. So far as I am concerned, you are entirely welcome.'

'You will, perhaps, tell me that you had no hand in the matter?'

'No, I will tell you no falsehood about it; but I intended it as a joke upon our stiff deacon, as much or more than yourself.'

'At best it is but an old trick you have played upon me, and now mark my words, you shall have reason to remember this muff to the latest day of your existence.'

'As you please, aunt, since you take it so seriously; but I did not think that a silly joke would have thus offended you.'

Time passed on, and young Strong prospered famously in his business.

He amassed sufficient means to be enabled to repay his aunt the sum she had lent him, but she declined receiving it, alleging that she preferred to have it remain on interest. In the meantime, he had also persuaded the gentle Lucy to share his fortunes. As for Aunt Sally, a singular mania seemed to possess her. In the matters of real estate, stocks, &c, she had become a perfect alchemist, turning all to gold.

The neighbors looked on and wondered, but none ventured to remonstrate with her. She was often seen to visit the office of Squire A., and it was rumored that she was making her final agreement for the bestowal of her property after her decease. The affair of the muff was not forgotten; and it was current with the good villagers that Fred would have to pay dearly for his joke.

One morning the village was all in action. During the night the spirit of the redoubtable lady had quietly taken its flight. She was found dead in her arm chair, and died as she had lived, alone. She had alarmed no one during the night, nor had suffered previous illness. Curiosity was intense, of course, upon the subject of her will, and it was produced as soon as decency would allow. All her connections were present, and their eager, hopeful, anxious countenances would have furnished a rare subject for an artist. The reading of the will proceeded until it was finished, except a single codicil. Each of her relatives, excepting her nephew, had been remembered—some to a greater extent than others, but none considerably.

At all events not one third of her fortune had been dispensed, and the codicil only remained. All eyes were turned to Fred Strong as the lucky one after all. But what was their surprise when they found it only made him the recipient of her old sable muff and contents. The "contents" again excited curiosity, and to satisfy them the article was produced and found only to contain a simple paper sowed upon the lining. When detached and opened, in the bold handwriting of Aunt Sally, were found the following words:

"Dear Nephew—You will doubtless appreciate this, the last joke I shall ever be guilty of, as I appreciated yours on a certain time, you will remember. God bless you and yours. Farewell."

Frederick declared that he was satisfied—the old lady had fairly retorted upon him, and he certainly deserved nothing better at her hands.

But what had become of Aunt Sally's money? That was the mystery, and it became a wonder to the worthy villagers, who discussed it on every occasion. She was known to have had large sums of money at the various banks, but all this the anxious relatives ascertained had been drawn out before her death. Squire A. was consulted, who had drafted the will, but he stoutly maintained that it covered the whole of the property, and would have nothing further to do with it.

One evening about six months after the old lady's death, while Fred was conversing with his wife, the subject of the muff was introduced.

'This was a costly joke of yours, dear Fred,' said his wife gaily.

'But I got the muff at all events, Lucy, and what is better, no one has ever came forward to claim the three thousand dollars she lent me. I feel confident that she intended to present it to me, and therefore destroyed my note.'

'Let us have a look at the old relic, Fred, if the moths have not eaten it wholly up. I will return with it in a moment.'

The muff was produced, and, as Lucy predicted, the lining was wholly moth-eaten.

'My dear wife, you must look to this, for I prize it dearly on good Aunt Sally's account. I think you had better rip up the lining and renovate the whole with camphor.'

Lucy took her scissors and at once commenced her task.

'What can the old lady have stuffed it with, I wonder? Why, Fred, instead of cotton, she has wadded it with dirty brown paper.'

'Dirty brown paper, indeed!' exclaimed her husband, springing from his chair and catching her hand as she was about to throw a bunch in the grate. 'Why, it is bank notes, or I am dreaming.'

The mystery of the word 'contents' was now explained. Note after note was drawn out till more than thirty-thousand dollars lay on the table before them. A letter was also found from the aunt, which stated that she always intended him for her heir. His own note also came to light, from which his name was torn off. This new revelation, of course, created an immense excitement among the villagers; but Frederick and his wife kept on the even tenor of their way, respected by all, not for their wealth simply, but for themselves. One evening during each year they open their splendid mansion to all. It is a famous affair to the villagers, and is known as the anniversary of Aunt Sally's Muff.

UNION BANK
OF
PRINCE EDWARD ISLAND.
Incorporated by Act of Colonial Legislature.

Capital Thirty Thousand pounds Currency, in 3,000 shares of Ten pounds each, payable by instalments in three years.

PROVISIONAL MANAGING COMMITTE.

C. Palmer, Chairman,	Hon. W. W. Lord, M.L.C.
Hon. G. Beer, M.L.C.	Hon. James Pope, M P. P.
Henry Haszard, Esq.,	Geo. F. C. Lowden, Esq.
Wm. E. Dawson, Esq.	William Heard, Esq.
James D. Mason, Esq.	Thomas Dodd, Esq.
Alfred Phillips, Esq.	Wm. R. Watson, Esq.
J. A. Darcy, Esq.	Owen Connelly, Esq.
George Davies, Esq.	

THIS BANK is formed to supply an addition to the money circulation of this Island, the want of which has for some time been sensibly felt. It is the natural consequence of an increasing population, an expanding Commerce, and of the enlarged production of an industrious and energetic people. Incredible as it may seem, until the year 1855, there never was a Bank established in this Island; in that year, under the pressure of a similar necessity, the Bank of Prince Edward Island was called into existence; and while it has facilitated the trade and commercial business generally, it has largely contributed to the developement of the resources of the Country, and its results are supposed to have been satisfactory to the Shareholders, having for some years past paid them an annual dividend of ten per cent.

The increase in the population since the year 1855, the large addition to our trade and commerce, the increasing Revenue, the breadth of arable land cleared and cultivated, the growing increase of farming stock, the augmented export of grain and agricultural produce of all kinds, have rendered further Banking operations in this Island absolutely necessary.

It appears from the census of 1869, and from other authentic sources, that in the preceding five years the increase in the population of this Island was 9 361 persons; increase of breadth of land under cultivation 45,000 acres; increase in the quantity of roots and cereals exported 842,000 bush. That in the year 1861, the Imports amounted to £314,902, currency; the Exports, including shipping, to £343,421, currency, (showing a balance of trade in favour of the Island.) That in twenty years, from 1839 to 1859, the revenue more than doubled itself, the figures being, in 1839 £17,011; in 1859 £41,000.

Whilst to carry on this additional trade, the public Banking accommodation up to 1855 was nil, and since that time it has never exceeded £52,000 per annum, or about thirteen shillings per head for the population, a sum so small as to be almost incredible; while the Banking accommodation of the neighbouring Province of New Brunswick, it is believed, amounts to thirty shillings per head.

The effect of the large additions above referred to, has been an increasing annual demand for Discount, and for a larger amount of Circulation or Floating Capital; but as the Bank of Prince Edward Island did not provide this, the Public in their necessity were driven to the private discounter for accommodation, at very heavy rates, and it has been estimated that at these rates a sum nearly equal to the Capital of the proposed Bank is annually discounted.

Deeply impressed with the importance of this evil, and feeling that there is in this Island an ample field for the secure and profitable action of a second Bank, the promoters have set on foot the proposed Establishment; and in submitting this prospectus to the Foreign as well as Island Capitalists, as a safe and profitable investment, they beg to refer to the Act of Incorporation of the Union Bank, now before the Legislature, and to those parts of it especially intended for the security of Shareholders and the public generally, namely, Section 18th, whereby Stockholders are declared personally liable for redemption of all Bills issued by the Corporation, and all debts due thereby in proportion to the Stock they respectively hold; but no Stockholder shall be liable for any sum exceeding twice the amount of his Stock, in addition to the Stock held by him.

And also Section 20, wherein it is enacted that the total amount of debts (deposits excepted) which the Bank shall at any time owe, shall not exceed three times the amount of the Capital Stock paid in. The Directors being made liable in their private capacities for any excess.

Subscription lists for Stocktakers (already largely subscribed for) are in the hands of each of the provisional committee.

NOTICE OF
Public Vaccination
In the City of Charlottetown and Royalty.

THE "Act to promote Vaccination" requires the Superintendent Vaccinator to appoint a convenient place or places for the due performance of such Vaccination, and to give notice of the same; and also of the days and hours at which he will attend at such place, to Vaccinate all persons who may then appear there requiring such Vaccination; and also of the days and hours at which such Superintendent will attend to inspect the progress of such Vaccination in the persons so Vaccinated.

THIS IS, therefore, TO GIVE NOTICE, that I have appointed a convenient room in the OLD COURT HOUSE, as the place at which I will attend, on WEDNESDAY the 28th day of APRIL, instant, from 2 to 5 o'clock, p.m., and on every succeeding Wednesday until the 3rd of JUNE next, ensuing.

The Act requires that every Father or Mother of every Child under the age of Twelve Years, or over the age of Three Months, shall take, or cause the same to be taken, to the Superintendent, as aforesaid, at the place and times appointed by him, in order to be Vaccinated or inspected, as the case may be. Or, in the event of the death, illness, absence, or inability of the Father and Mother, then and in such case, the person who has the care, nurture or custody of the Child or Children, shall take, or cause to be taken, the said Child or Children to the Superintendent for the purpose of being Vaccinated, unless such Child or Children shall have been previously Vaccinated by some legally qualified practitioner.

For non-compliance with the provisions of the Act, persons concerned will each be liable to a penalty of Ten Shillings, or imprisonment for six months

In order to render Vaccination accessible to all persons, the charge is limited to not more than One Shilling, and where that sum cannot be afforded, no charge whatever will be made; so that there being no excuse for not obtaining the protection of Vaccination, all persons offending against the Statute must expect the penalties will be enforced.

(Signed) H. A. JOHNSON,
Superintendent Vaccinator.

Kent Street, April 23, 1863.

P. S.—In order to guard as much as possible against the introduction of Small Pox, it is earnestly requested of all owners and masters of vessels, hailing from this port, that they will be careful not to ship Sailors or Passengers (intending to return to this Island) without assurance of their having been Vaccinated or having had the Small Pox. The many instances in which that fatal disease has been brought to this country, by inattention to this advice, it is hoped will operate as a stimulus to future care. Any Sailor or person about to sail to foreign ports may be Vaccinated at the Dispensary on any day.

The Wonder of all Nations!
THE MARCH OF INTELLECT FOR SPRING 1863!!
From the World's Fair.

THE best chance ever offered to the Farmers of P. E. Island, by which Time, Labour and Money are saved, the grand secret to us all, and can now be effected by getting one of those latest wonderfully improved

MANNY'S PATENT
Gold & Silver Prized Medal
Mowing & Reaping Machines,
WITH
Steel-lined Guard Finger Plate,

tempered same as the Knives, and is attached to the finger by a NEW PATENT PROCESS, thus making an entire new cutting face, with Horse Yokes and Swingle Trees, not in former machines, makes them now more valuable to farmers than any of the Gold Mines throughout the world, and are now warranted to cut one acre of Hay or Grain each hour, at one shillings cost, by forming a Club of five, which will be a fifth less expense than the old fashioned Scythe cutting, proved so injurious to the constitution and so fatal to many farmers.

With those unsurpassed Machines any quantity of Seed can be sown in Spring at one time, and no fear for hands to cut it, when ripe, need be felt, and the Crops secured a month sooner, and the cost of the Club saved. The expense now reduced to the wages of one man for a month.

In proof of same, Mr. W. Hyde, West River, whose butter and cheese are so highly prized wherever they can be got, certifies he purchased one of those

Wonderful Money and Labour Saving Machines

in 1861; cut all his Hay and Grain, nearly a hundred acres, and cut his brothers' crop also with it, and then hired it out, by which he cleared half the price of the Machine same year, and is now free, and had the crops of both farms cut in addition.

This certificate is more satisfactory on the Island, as it can be relied on, than one hundred names from other places.

The above and the following first-class Farmers and Stock Masters can be referred to, some of whom have MANNY'S PATENT MACHINES in use for three or four years, and have proved much more durable and beneficial than they ever calculated on, and consider they are the greatest boon that can be conferred on their brother Farmers, Professional men, teachers, sea captains, widows, tradesmen, and all those whose time ought be more valuable than at such unprofitable and severe work as cutting hay and grain for the horses that are at rest, and ought to be at such employment, in place of white men and women toiling themselves to death to keep the horses alive, and at more than four times the cost:

THIS IS NOT KEEPING PACE WITH THE TIMES.

C. Vickerson, Vernon River,	Hon. D. Beaton,
	Theo. DesBrisay, Esq.,

and forty-six others, who got those wonderful Machines that work like telegraph.

The demand is now so great, caused by the vast number of men killed in the war, and the order from Europe for 1806 of those invaluable money and labour saving Machines, with eighty-six more wanted last harvest that could not be finished in time, will now require all parties wanting those Machines to send the order to the Agent, or the Depot at Orwell, with as little delay as possible, to ensure having them in good time for harvest.

No payment will be demanded until the Fall of 1863 and 1864.

Farmers not up to the great benefit of levelling and rolling the land are strongly advised by all Agricultural Societies and chemists to try it, when it will be found to pay well for the little outlay and trouble. To encourage the experiment, two dozen field rollers can be had from the undersigned, if ordered soon, at COST, and 12 months given for payment.

AGENTS:

CHARLOTTETOWN—John Williams, who is so well known for keeping the best and cheapest Seed on the Island; W. E. Dawson, whose Cash Store is the cheapest on the Island for farmers. James McGill, Spring Park, who is so famous for securing prizes for grain at our Exhibitions.

HUNNEWELL'S
TRIPLE REMEDIES.

THIS combination, under the study of the TRUE ANATOMY OF MEDICINE, now perfected in every department, placed at prices within reach of all, of all, and calling for special attention, are,

1st. The Universal Cough Remedy.

Which, without the slightest restraint upon its use every hour, and containing no ingredients to disturb the most delicate constitutions, becomes an enemy to all Throat and Lung Complaints, from that terror to children, WHOOPING COUGH, for which it is a certain relief, to OLD AGE with its infirmities, and by a timely application will not only check that blight on the *American climate*, CONSUMPTION, but rob the *grave* of many of its early victims.

For HOARSENESS so common to Public Speakers and Singers, it is without a parallel. For SORE THROAT, a certain cure.

Make it your *pocket companion* by day, and your *bedside* friend by night, using it whenever you please.

2d. The Celebrated Tolu Anodyne,

Which has drawn such loud praise from thousands who have tested its true character, and found it a sure and immediate relief for Neuralgia, Gout, Rheumatism, Tooth-ache, Ear ache, Bowel Complaints, St. Vitus Dance, Bleeding at Lungs or Stomach, Distress in Chest after eating, and for all Nervous Complaints, to that chief of all causes of Disease, Depression of Spirits, and Insanity, the

"LOSS OF SLEEP."

For COMMON HEADACHE, NERVOUS or CHRONIC HEADACHE, and VIOLENT SICK HEADACHE, it has no equal, to which I can give the most undoubted references, and to which special attention is asked.

For the Monthly Sufferings of Females, a perfect relief, while nature's after work is undisturbed. By its use, many a wreck to the nervous system and Chronic Female Complaints will be prevented.

3d. Hunnewell's Eclectic Pills.

Designed as the GREAT MERCURIAL SUBSTITUTE, and assistant to the work of the Tolu Anodyne, and Universal Cough Remedy, when cases to which they are adapted are aggravated by indigestion, Biliousness, &c., producing all the requirements of a gentle and thorough FAMILY PHYSIC, and coming in contact with the too common error of making a Pill Box of the Stomach, and producing by the number required for a dose such extremes, that the Stomach loses its balance entirely.

A single Pill at night, or one at night and morning, will in all cases produce a gentle and thorough cathartic. By taking a single pill every second or third night, and *following it regularly*, living on good and easily digested food, INDIGESTION, DYSPEPSIA, BILIOUSNESS, LOSS OF APPETITE, LIVER COMPLAINTS, &c., are permanently cured.

For WORMS they are a safe, speedy and permanent cure.

The Ready and Reliable Remedy.

HOLLOWAY'S OINTMENT.
Circular to the Sick.

The first hospital surgeons and medical authors of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military *services; and the masses in this country*, and throughout the world, repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralizes the fiery elements which feed and exasperate the malady.

Rheumatism, Scrofula, Erysipelas.

These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation.

King's Evil, Fever Sores, Stiff Joints.

In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopœia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer is radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for burns, sprains, and bruises, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Heated Blood, Scorbutic Eruptions.

This Ointment is universally resorted to with the happiest effects by seafarers for easing and curing the skin diseases resulting from the continued use of salted provisions. It is largely and successfully employed by sailors of all nations for curing the *scurvy and the annoying eruptions which spring from* overheated blood. Its fine cooling properties are invaluable in inflammation, ulcers, or sores, of the legs or feet, and it gives greater ease than any other application to the aches and darting pains, produced by varicose veins or neuralgia, resulting from exposure to cold or wet.

Wounds, Bruises, Burns, and Scalds.

The extent to which mechanical and manufacturing industry *in this country has reached*, is greater than in any other, therefore the liability to bodily accident has increased in the same ratio. Accidents are lamentably frequent, and often when seemingly trivial in themselves, are made to end fatally from want of due attention and proper remedies. The most powerful curative ever applied to wounds, bruises, burns, or sores of any sort, is Holloway's Ointment. Every tradesman, in fact, every man to whom an accident may happen — and who is there exempt?—should be provided with it against the physical dangers which, though never foreseen, are of hourly occurrence.

Bad Legs, Piles, and Fistulas.

The cures which this Ointment effects in healing Ulcers of long standing, and which have resisted all other applications, as well as in curing bad legs, Piles and Fistulas, have been so countless and so notorious throughout the world, that any effort to give an adequately detailed statement of their number or character would be vain. It is sufficient to say that the Ointment has never proved inefficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (Softs)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions	Elephantiasis	Sore-throats
Bite of Moschetoes and Sand Flies	Fistulas	Skin-diseases
	Gout	Scurvy
Coco-bay	Glandular Swellings	Sore-heads
Chiego-foot		Tumours
Chilblains	Lumbago	Ulcers
Chapped Hands	Piles	Wounds
		Yaws

IS THERE any VIRTUE in Mrs S. A. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?

Convincing Testimony.

REV. C. A. BUCKBEE, *Assistant Treasurer American Bible Union, N. Y. City,* writes: "I very cheerfully add my testimony to that of numerous friends to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum."

REV. WM. CUTTER, N Y. City: "My hair is changed to its natural color, and growing on bald spot."

REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being grey to its natural and beautiful color."

REV. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color."

REV. A. WEBSTER, Boston, Mass: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

REV. H V. DEGEN, Boston, Mass: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

MOFFAT'S LIFE PILLS
AND
PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and indulging them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury* nor *Antimony* nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour,* and *Melancholy,* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel.*

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica.* He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL AND SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome *humor* in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S
CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

THE NEW FRENCH REMEDY.

By Royal Letters Patent, under the special sanction on Her Majesty's Government, and the Chiefs of the Faculte de France.

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste, odour,* and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion Each package contains full instructions for every case.

THERAPION, No 1, in three days only removes gonorrhœa, gleet and all discharges, effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No. 2, for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears; and the skin assumes the pleasing softness of infancy.

THERAPION, No. 3, for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s. are saved; and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the Government stamp, bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND, Thomas & Co, 7, Upper St. Martin's-lane, London; Baimes & Co, Liverpool; Apothecaries Comp, Glasgow; Ferris & Co, Bristol; Cornish & Co., Plymouth; Rowe, Devenport; Randall & Co., Southampton; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.

PREMATURE DECAY OF THE SYSTEM, and its perfect restoration, whether arising from youthful imprudence or the excesses of adult life, infection, climate, &c. Observations on marriage, the prevention and removal of certain disqualifications. Rules and numerous prescriptions for self treatment. Sufferers who are prevented from matrimony by the consequences of imprudence should read this work, as pointing out the sure way to restoration of health. Sent post free in an envelope on receipt of 3s, by Mr. Lawes, Medical Publisher, 14, Hand Court, London.

The Cause and Cure of Premature Decline.

Sold by all the Agents for Dr. De Roos' Medicines, or sent post free, secure from observations direct from the Author, for 2s 6d.

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr W DE ROOS, M. D., M. R. C. S., L. S. A., &c., *of the Ecole de Medicine, Paris, Graduate in Medicine, Surgery and Midwifery; Licentiate of the Royal Society of Apothecaries, &c.*

REVIEWS AND NOTICES.

"To be your own counsel or your own doctor, entails risks that have become proverbial to a degree that prevents much good resolution from taking any benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow. Medical books are a field for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or taste not the Pierian spring,' is good advice where the uninformed mind, listening to its own apprehensions is oftener ready to imagine than use its cool judgment. There is one class of medical lore, however, that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a perusal of the 'Medical Adviser' of Walter De Roos, M. D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Paris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics as qualifies him to be a safe and competent adviser.—*County Chronicle, May 7th, 1861.*

"The MEDICAL ADVISER, by WALTER DE ROOS, M. D., for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—*Derby Telegraph, June 29th, 1861.*

To those who contemplate marriage its perusal is especially recommended.—The knowledge it imparts must come *some* time, and happy they who do not possess it too late.—Cure is certain in every curable case, and few indeed are they which are not so.—It is calculated to effect a complete revolution in the treatment of these complaints.—Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ or LIFE DROPS; *Protected by Royal Letters Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c.*, have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, anger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become chronic or incurable, sufferers will do well before they waste valuable time in seeking aid from instruments, and other absurdities professing to supersede medicines, to make fair trial of a remedy, which concocted on unerring scientific principles, cannot fail, and may be carried about the person, or left upon the toilet table, without exciting a suspicion of its nature. Price, 11s, and four times the quantity at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, will be sent from 25, Redford Place, only on receipt of the amount per draft on a London house or otherwise.

Extracts from letters which can be seen by any one. "I am happy to say that I am now quite well, thanks to you and your medicine of medicines."—*D. P. St. Asaph.* "I am happy to say that I shall not require more, thank God, and I hope He will reward you for what you have done for me."—*A. C., Hartlepool* "If my tongue could speak, or my pen could write to express my gratitude to you I should feel happy, but neither tongue nor pen of mine can do so."—*H. A. Birmingham.* "Without you I should have been in my grave, but now I am a happy man again."—*D F.F., Inverness.* "I can never thank you sufficiently; had I never read of the Guttæ Vitæ, where or what I might have been now, I cannot tell."—*W. G., West Pelton.*

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c. DR DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c., have utterly failed. 2s 9d., 4s. 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

"I have taken your Pills and always derive great benefit from them."—*W. W. H., Queen's College, Cambridge.* "I have taken your Pills with the most happy result."—*B. H., Cork.* "Your Pills do me great good, I feel better this last twelve months than for years before."—*F. G., Wareham, Ashford.* "Your Pills did me more good than anything I have taken."—*M. J Dursley.* "I have tried your Pills and derived the greatest benefit therefrom."—*V. G., Navy Hotel, St. Helier's.*

CAUTION.—There being highly injurious imitations of the above, sufferers should guard against the recommendation of other medicines by dishonest vendors, who thus obtain a larger profit. TO PROTECT THE PUBLIC AGAINST FRAUD, HER MAJESTY'S HON. COMMISSIONERS *have directed that the words* "WALTER DE ROOS, LONDON," *be printed in white letters on the Stamp affixed to the above, to imitate which is felony.*
