LIBERAL CONSERVATIVE CONFERENCE.

Resolutions Passed.

OFFICERS AND ORGANIZERS APPOINTED.

The conference was continued yesterday afternoon and evening at the Lyceum, the hall in the Masonic Temple having been proved to be too small.

Stirring addresses were delivered by Hon. D. Gordon, Messrs. Cyrus Shaw, Alexander Martin, A. C. McDonald and others.

After a general discussion, the following resolutions, reported by the committee, were adopted:

AS TO PROVINCIAL AFFAIRS.
The Conference of the Liberal Conservative party, today assembled, deprecates the financial crisis impending over this Province, and views with alarm the steadily but rapidly increasing public debt.

In the name of the people, we denounce, in the strongest terms, the deceit and corruption by which the present administration obtained a continuance of power at the last election, and the unscrupulous waste and extravagance which it has since practised in every branch of the public service.

We unreservedly condemn the annually recurring deficits, and in order to arrest the alarming increase of the Provincial debt we demand the most rigid economy in expenditure and the strictest honesty in administration.

This Conference firmly pledges itself to the pursuit of policy which shall put a stop to the vicious practice of piling up a public debt, and to that end we call upon all electors, irrespective of party, to join in an effort to secure for the people an honest and economical administration of public affairs.

We heartily approve and commend the able, patriotic and manly course pursued by the Hon. Daniel Gordon and his supporters in the Legislature in exposing and denouncing, in the interests of the country, the reckless and unscrupulous management of our affairs.

AS TO FEDERAL MATTERS.
1. That this Conference places on record its strong condemnation of the double dealing whereby the Laurier administration gained power at the late elections, as well as their open violation, at even this early period of their administration, of the most solemn pre-election promises made by their party candidates.

2. That this Conference strongly condemns the terrorizing of officials, inspired by the numerous dismissals of efficient officers for political reasons, and also the system of espionage introduced by the appointment of so-called commission to ferret out charges against public servants with the ill-concealed purpose of obtaining places as rewards for violent partisans of the administration.

3. That this conference expresses its high appreciation of the eminent services rendered by Sir Charles Tupper, Baronet, as leader of the Liberal Conservative party during the late election, and as leader of the present Opposition in the House of Commons, as well as the beneficial effects of his labors in behalf of the people of Canada as High Commissioner and former Minister of the Crown.

4. That in the opinion of this conference the early construction of the Belfast and Murray Harbor Railway is of paramount importance to the Province, and is highly necessary for the development of that large section of country south of the Hillsborough River, and we firmly believe that the just claims of Prince Edward Island for public works should not be bartered away for an increase in the Provincial subsidies in which other Provinces would participate, or for any other equivalent, but should be devoted to Railway extension in this Province as outlined in the policy announced by the late Government led by Sir Charles Tupper, whereby the sum of \$250,000 was to be applied during the then current fiscal year towards the construction of the Belfast and Elmira branches, and the construction of branch lines to West Cape, Richmond Bay, New London, Crapaud and Rustico were to be proceeded with during the present Parliamentary term.

5. That this conference condemns the extravagant administration of public affairs and the enormous increases of debt and taxation by the Laurier Administration.

6. That this Conference condemns and denounces in the strongest terms, the corrupt

use of money and liquor for the purpose of influencing a portion of the electorate, and hope that no candidate or agent of the Liberal Conservative party will follow the pernicious example of our opponents in this regard.

TAKE NOTICE.
During the year the space devoted to advertising MINARD'S LINIMENT will contain expressions of no uncertain sound from people who speak from personal experience as to the merits of this best of Household Remedies.

Only Soiled
Just because they are soiled, we are selling a lot of really good HAIR BRUSHES away down in price, some even below cost. The bristles are just as good as they ever were, only you know yourself when any goods become soiled you cannot get the regular price for them—that's the way we found it. We're not making anything worth talking about at the prices at which these are selling, but all we want is our money back. The money is worth more to us just now than the brushes. It may be opposite with you—We hope so.

They came the sale of baskets, which netted a good sum, the young men showing by their brisk bidding in a keen competition a high appreciation of the fair sex of that section of the country. Rev. Dr. Doyle is to be congratulated upon having such a beautiful and neat little chapel for the benefit of his parishioners, and also upon having such a very able and talented choir.
