NOWHERE can better Bargains be had than at R. YOUNG'S.

TWENTY converts were recently baptized by Rev. Mr. Wallace, at Granville, N. S.

THE coming benefit is that to be given to Mr. Cummings, Keeper of the Rink, to-morrow night.

REV. W. A. COREY, Baptist Minister, Portland, St. John, died at his residence on Tuesday evening.

LARGE numbers of farmers and laborers are leaving Scotland for Canada. The whole space on the Allan steamers for the next four months is engaged.

It is believed that President Arthur will veto the Anti-Chinese Bill, which has passed both Houses of Congress, on the ground that it is a violation of treaty.

AN Ottawa despatch says: "From present indications the next annual volunteer review will be held at Sussex, N. B. It is quite likely that a few companies from Prince Edward Island will drill at the camp."

ONE night lately some malicious person put a quantity of poison into a small fish pond, owned by Chief Constable Rogers, Farrie, Ont. The pond was stocked with fine speckled trout, every one of which died within a few hours.

A Rome despatch of the 27th reports that at Consistory the Pope created seven Cardinals, including Archbishop McCabe of Dublin, Archbishop Lavergne of Algiers, and Archbishop Luch of Seville. His Holiness afterwards delivered an Allocution on the position of the Church.

THE valuable farm on St. Peter's Road, six miles from Charlottetown, which is advertised by A. McNeill, Auctioneer, in our columns to-day, for sale on Thursday, the 6th day of April next, offers a grand chance for any man who wishes to secure a splendid homestead at a bargain.

RENT reductions continue in Scotland. Within the past few months in Midlothian reductions of 20, 30, and 40 per cent have been commonly made, but even at these terms some of the landlords find difficulty in obtaining tenants. Similar results have been experienced in other Scotch counties.

THE Hamilton, Ontario, Coffee Tavern Company, a few days ago, held its first general meeting since commencing business, and the report presented by the directors shows that since the opening of the pioneer coffee house on the first day of this year a sufficient profit has been realized, after providing for current working expenses, to cover the whole of the preliminary expenses of organization.

WHEN the Moncton court opened on Friday last to proceed with the trial of the Moore Ha's stabbing case, it found itself unable to go ahead on account of the absence of Moore. He was bound in two sureties, one of \$100 and one of \$200, for his appearance in court; but found it convenient to skip, leaving his bondsmen to pay—nothing, as, owing to some informality they cannot be called upon to pay anything.

MR. HOUBES' Bill to further secure the independence of Parliament, introduced at Ottawa a few days ago, proposed to add to the Act of 1868 a provision that no member of Parliament shall accept any office of emolument under the Government of Canada during the duration of the Parliament to which he is elected, under penalty of forfeiture of \$100 per day for every day he holds such office.

A DESPATCH from Winnipeg says some 1200 persons arrived during the last ten hours from the south and west. Hotels are crowded and the British immigrant sheds are full. The Government sheds are not yet ready. Tents in different parts of the city are rapidly filling. Special trains are being sent to Brandon to take immigrants west. Over 600 immigrants for Winnipeg were detained some time at St. Paul, because the railroad was unable to provide cars to send them forward.

AN exciting whale hunt is reported from the west coast of the Shetland Islands, where 300 whales have been captured by a fleet of small fish catching boats peculiar to these islands. About 400 or 500 whales, known as "bottle noses" were observed sporting about in Weesdale Bay, and as soon as the news spread every available boat was manned by fishermen, farmers, and crofters, and a general chase commenced, with the result that ultimately 300 were stranded.

ON a single day during the recent Jumbo excitement in London no fewer than 8,571 persons visited the Zoological Gardens to take a farewell look at the monster elephant. Last year, on the corresponding day, the number of visitors was only 674. Within a short time the officers of the gardens have received between 600 and 700 communications in regard to the removal. Some of the writers inclosed buns for Jumbo, which were promptly given to him.

"BRAE MAR" Division, at Bonshaw, was, on Wednesday evening, visited by the G. W. Patriarch, G. W. Bentley, Esq., and Grand Scribe. The Grand Officers were most kindly welcomed by the Division through the W. Patriarch, James Robertson, Esq., and deputy Albert Morrow, Esq. The G. W. Patriarch's address was full of cheer for temperance workers, and at the same time giving many practical suggestions for the proper government of Divisions. "Brae Mar" is composed of good material, and will, no doubt, continue to prosper.

In the Legislative Council, on Tuesday, Mr. Dodd rose to ask permission to lay on the Table of the House, a list of the stockholders of the Union Bank. In the Act of Incorporation of the Bank there was a provision authorizing the House of Assembly and Legislative Council, to appoint a Joint Committee to examine into the affairs of our Banks. Since the trouble had arisen in connection with the Bank of Prince Edward Island, the minds of the people had been exercised about the solidity of the other Banks of the place, and he brought the matter up at this time, to see if hon. members considered it advisable to appoint this committee. He (Mr. Dodd) had been connected with the Union Bank for some time and had every confidence in its solidity. The Board of Directors courted enquiry at the present time, as a favorable report by a committee of the Legislature would settle the minds of the public, and prevent unfounded rumors from disquieting the people. Some person started the most unfounded stories, and those stories increased the further they went, and might be the means of causing a run on the Bank, when there was not the slightest necessity for any uneasiness regarding the standing of the Bank. He would also wish to lay on the Table of the House the last annual statement of the Union Bank.

SAYS the London Truth:—When a lady strikes her husband, spits in his face, pulls his beard, and throws glasses of grog at him, besides threatening his life, injury is not too hard an epithet to apply to her conduct; and when the husband procures a decree of judicial separation, on the ground of cruelty and violence, ignominious as the course may appear, it is perhaps the best he can take under the circumstances. Such a decree was the result of the case of McAlpin vs. McAlpin, but the lady has now added insult to injury by bringing a suit for the restitution of conjugal rights. She evidently misses her amusement of husband-baiting. Very properly, however—despite the eloquence of four learned counsel—three Lord Justices concurred in dismissing this extraordinary appeal.

MARRIED.

At the residence of Arthur Davison, Southampton, N. S., 22nd inst., by the Rev. W. J. Stewart, Mr. James G. Francis, of Craupud, P. E. I., to Miss Mary L. Come, of Trapani, N. S.

At the Methodist Parsonage, Montague Bridge, on the 28th inst., by the Rev. John C. Ferris, Mr. Finlay McKenzie, to Margaret McDonald, both of St. Mary's Road, Lot 61, King's Co.

DIED.

On February 25th, after a brief illness of about two months, sweetly trusting in her Redeemer, Miss Margaret Therese Clements, of Lot 33, aged 28 years. She leaves a large circle of friends, who deeply mourn their loss. By a truly Christian life, fully consecrated to her Saviour, and by the remarkable patience which she displayed in suffering the will of her Master, she leaves a glorious testimony, that she is gone to be with Jesus which is far better. "Blessed are the dead who die in the Lord."

"We shall sleep, but not forever; There shall be a glorious dawn; We shall meet to part, no never, On the resurrection morn."

STEEL PENS.

MORE LIGHT!

THE Charlottetown Gas Light Company have imported some of "BRAY'S BURNERS," which they will supply and fit on Gas Brackets, etc., at a moderate cost to consumers.

These Burners are reported to be the best Flat Flame Burner yet produced, and will give a far greater amount of light than any other Burner with the same consumption of Gas.

Dr. Wallace, F. R. S. E., F. C. S., Gas Examiner to the City of Glasgow, in a lecture delivered by him, calculated that 415,000 (\$650,000) a year are thrown away in Glasgow by the use of imperfect fittings. On the subject of Gas Burners he says: "Another and as I think a better Burner is that called Bray's regulator, and as I consider these the best union Burners attainable at moderate cost, I have selected them for a series of experiments."

The Report of the Committee of the British Association of Science to enquire as to the best means for the development of light from Coal Gas of different qualities—comprising Dr. William Wallace, Professor Dittmar, and Mr. Thomas Willis, F. C. S., F. I. C. E., showed that Bray's Burner yielded the greatest amount of light of all the two or three scores of Burners reported upon, which included all the Burners of repute in the market.

In a pamphlet upon Light and Heat, published by R. B. Tabor, A. M., he says: "The cost of Gas as compared with other illuminants is much more economical when rightly used, than many suppose. From experiments made for this purpose, the following results have been obtained. They were made by burning samples of Devoe's Brilliant Oil and ordinary Oils, and testing their illuminating power. It was found that Coal Gas costing one cent at \$3 per thousand feet, gave a light equal to 18 candles, while Devoe's Brilliant Oil consuming 27.4 grammes costing half a cent, gave a light equal to 9 candles."

A good Argand or Johnson's Burner, the Burner used in the last experiment, will therefore give the light of 2 ordinary Oil Burners in direct comparison, at no greater expense in the case of the finer and safer grades of Oil. Lights, however, on the authority of Scientists, are not to be compared in direct proportion, but in proportion to the squares of their powers, and such a comparison with the case of the use of Gas, its cleanliness, freedom from odor and dangers, renders its use desirable wherever it can be introduced."

As the above experiments were made with Gas at \$3 per 1000 feet, and not consumed through Bray's Burners, it will readily be seen how much more economical it is to consume Gas instead of Oil, when its price is only \$2.63 per 1000 feet as now charged here when consumed, more especially through Bray's Burners.

Messrs. Goodwin & Co., of Philadelphia, the well-known manufacturers of Scientific instruments for testing the illuminating power of Coal Gas, etc., say in their Circular to Gas Companies: "In presenting the Bray's Standard Patent Silt Union Burners and Lanterns, for which we are the sole Agents in the United States, to the attention of the public, we are convinced that we are filling a want long felt." They further add: "The yield of light from these Burners is 12 to 20 per cent. greater per cubic foot of Gas consumed than that from any flat flame Burner hitherto introduced." [no 4 eod]

Darnley Farm for Sale.

TO be Sold by PUBLIC AUCTION, at Summerside, on WEDNESDAY, 19th April, at 12.30 p.m., (if not previously disposed of by private sale) either in one lot or divided to suit purchasers, that well-known Darnley Farm, lately occupied by Hon. J. C. Pope.

The farm consists of about 300 acres, all cleared, well fenced, and in good condition, watered by a spring and running brook, and with never failing wells of good water. There are on the farm a large and commodious dwelling house, with good barns and out-buildings of all kinds. On the shore fronts of the farm are abundant supplies of mussel mud and a shipping place.

Terms 25 per cent of the purchase money, cash on execution of the deed; 50 per cent. may remain secured on the farm; for the remaining 25 per cent. approved security on real estate will be taken.

Also at the same time and place, about 67 acres of wood land on Lot 20, near Mr. James Sutherland's. Terms easy, that well-known Darnley Farm, lately occupied by Hon. J. C. Pope.
