

Dal 6 UPEI 2  
Acadia 5 UPEI 2

We travelled "abroad" to see our boys take on Dalhousie and Acadia on Friday and Saturday and, while we garnered no points, we feel they made a good showing... being really outplayed in only one of the six periods...the second one in Halifax when they were outscored 5-1. The game was quite a rough one and Jack Kane did not send his players out to shake hands at the end of the game as a protest against the unwarranted attack that a Dal defenceman made on Donnie Brown in the final period. They fell with the Dal man on top and Donnie facedown and the Dal Player proceeded

to punch the Hell out of the back of Donnie's head. With the weight difference at approximately 50 pounds it looked really bad. Fortunately he had the good sense to keep covered up as his position made him defenceless. The game was played in the Halifax Forum and a goodly number of Islanders "abroad" were on hand... among them Gordie Beck who wished he could put on a green uniform. Ron McInnis suffered an injury to his rib cage and will be out for at least two weeks. Art McGuigan took his place, stopped a good and, we felt, could not be faulted for the number of goals that were scored on him. Players who caught our eye in this game were Dave Murnaghan, Lennie Kelly, and Donnie Brown.

At Wolfville on Saturday the play of Allan Hume in Acadia's goal was outstanding...perhaps lucky...but we have never seen a good goal tender who was not lucky. We outshot the opposition but the times the puck goes

into the net is how they mark they score. The Axemen were sparked by outstanding play by two previous Panthers...

Claude Lambert, Lambert and Mike Paiement. Claude scored three goals and Mike had two assists. It was also notable that Garth Campbell from Summerside played a very aggressive game. For us the highlight of the game was Louis Dherty's stop of a point-blank shot by Lambert on goal as Art McGuigan was on the front of the crease...Louis slid across on his knees and smothered the puck on his chest...would have made a heck of a mess had it hit him on the face...Acadia must have done a lot of recruiting as the scorecard shows but 5 Bluenoses out of a roster of 23. Players taking our fancy were Brown, Bernard, and Drake.

On the way home we were quite impressed with Jack Kane's talk to the players...it is a team composed, to an unusual degree, of rookies...they have loads of talent but they have to learn to play as a TEAM...it was noticeable that they improved in the two games. We like Jack's attitude...NOBODY wants to lose any less than he does but if it happens he has no recriminations and always looks ahead to the next game...which, by the way, is against U. de Moncton here next week. They have, we think, the best fans in the league, and will be well represented so let's go out there and be loud... but unobusive. We'd like to add, in discussing Jack Kane that he surprised us by holding his own in arm wrestling with strongman Tommy Hayward.

The basketball Lady Panthers open their home season on the 6th against U.N.B. Red Bloomers...Barb Mullaly has her work cut out for her as the only holdovers on the team are Mary Bradley, Sandra Dunford, Janet Trainor, and Rose King. We have a bit more height than last year and we have

every hope of a good season.

Panthers 105 Alumni 69. We weren't able to see this game but we have been told that this was the "Battle of the Bulge" as the Ex-greats claimed that condition was the difference. We were also told that the best basketball took place in the faculty lounge and, like the 19th hole, description of the game and play, long past lost nothing in the telling...it never pays to let truth spoil a good story...

Let's all go out and beat MONCTON.
