

Marvelous Balsamic Essences Cure Catarrh No Drugs To Take—A Direct Breathing Cure

Statistics Prove Ninety-seven Per Cent of Canada's Population is Infested With the Germs of Catarrh.

This disease is most dangerous owing to its tendency to extend to the bronchial tubes and lungs, where it causes Consumption. Unfortunately the people have had faith in sprays, ointments and snuffs, which can't possibly cure, and in consequence catarrhal disease has become a national curse.

throat and lungs, carrying health-giving medication to every spot that is tainted or weak. You don't take Catarrhozone like cough mixture—you inhale its healing vapor at the mouth and it spreads all through the breathing organs, soothing and curing wherever Catarrh exists. This is nature's way of supplying the richest balsams, the purest antiseptics known to science.

A sneezing cold is cured in ten minutes. A harsh cough is eased in an hour, the most offensive catarrh is thoroughly drawn from the system. For Asthma and Bronchial Irritation nothing can equal Catarrhozone—every physician and druggist says so, and we advise our readers to try this treatment if suffering with a winter ill. The complete outfit costs \$1.00, medium size 50c. at all dealers.
