

# Saint Dunstan's-Mount A Play Here This Afternoon

BURNING AN EFFIGY

Saint Dunstan's University students last evening performed the ceremony of burning an effigy of the Mount 'A' football team.

## Stampers' Win Over Riders Involved More Than Luck

By THE CANADIAN PRESS  
When coach Otis Douglas tells there was more involved than luck in Calgary's Stampede 47 victory over Saskatchewan riders last weekend, Stampede coach George Terlep told the loss unlikely but Douglas says Stampede's victory was more than luck. The cowboy line had to do with it, and anyway, isn't it about time we got some that luck? This is the first time we've been able to sneak a close one.

## SPORTS FRONT

By PIUS CALLAGHAN

DON 'DUCK' TRAINOR certainly must have earned his right to a top notch main event by his display against Mario in his last Wednesday night.

Trainor could not have been asked for much more than he did against the lumberjack from Bathurst. He made few mistakes, gave the woodsman a really sound beating and proved he was able to take the best of the game—Heddie Nini had to offer.

IT'S STRANGE that very often the last place that will give credit to a fellow is his home town. Strangers in every phase of sport may come and perform some athletic feat that has been many times by locals, but because the performer is not a native, he'll get rave notices that are denied the boys from home. It's no different in boxing than any other branch of sport.

'DUCK' TRAINOR is a homester that has had varied success in the fight game, but his recent showings seem to indicate that he has overcome the jinx that made him look terrific in training and mediocre in actual combat. He possesses fine boxing ability and can hit with the authority of a heavyweight.

Trainor takes his training very seriously and when he steps in the ring, folks know that 'Duck' has done his utmost to be ready for his opponent. You can't ask more of a guy than this. We feel it's about time that some of the critics starting railing that Trainor is real headline material. Instead of belittling men that he conquers, a word of commendation for the 'Duck' would certainly be in order.

This Island can produce pretty fair athletes in any branch of sport. Even in Canadian football which is something entirely new to us here, our boys such as Don Nicholson and Brian Chandler of Dalhousie and all the local players with Saint Dunstan's, are proving that all you have to do is show our lads how it's done, they'll do the rest.

So let's be real loyal fans. Don't go knocking our own boys who are trying with all their hearts to be proficient at these various sports.

It's so easy to knock, isn't it?

WE SPENT MOST of Thursday night listening to radio broadcasts of the disaster at Springfield but while waiting for a news-ast, we watched television for a brief period and what we saw really disgusted us.

It was wrestling from East York Arena, Toronto and the display was about as horrible as one could watch. We kept watching just to see how awful the affair was going to be.

What burns us up is the fact that this form of 'entertainment' is classified as sport. If these performers must display their talents, we would strongly urge that they be classified in some other category. We see nothing wrong with putting them under the 'drama' heading because there undoubtedly are many fine actors among these matmen.

BREAKING CHAIRS over each other's heads, putting these awful things in opponent's eyes, smashing the referee, hair pulling and many, many other bits of nonsense, are hardly in keeping with what we term sports.

We have just finished witnessing the world series, one of the greatest, if not the greatest sport spectacles of the year. Since then we have had opportunities to see Canadian football and National League hockey, all truly great sports. There is no question in our minds that what is termed wrestling has no business being associated with these great games. If it must continue, why not put it in some other group and not keep up this nonsense.

The disregard for authority, the apparent forgetting of true sportsmanship and the win at all costs, all take wrestling immediately out of the sport picture. Apparently some folks still want to watch this kind of action. It's none of our business if they do. But, we feel it is our business as sport columnist to deplore the fact that those promoting these affairs are allowed to be classified as sport promoters.

Let them find some other dispute and leave the sport field to what is really sport.

THIS IS A BIG DAY for Toronto Argonauts. Indeed it's a big day for all the Big Four performers with the exception of Hamilton Tiger-Cats. They move into Montreal to battle the Alouettes and the outcome of that game has no bearing on the final standings but right now they are the only club that's sure of a playing in the Hamilton club. The Tiger-Cats have captured first off spot.

HOWEVER, the case of the Argonauts is the toughest. They trail Montreal by three points with three games to play. After today's battle in Toronto with Ottawa Rough Riders, the Argos have two games left, both with the Alouettes.

On the strength of their 41-0 trouncing of Ottawa last Saturday in the capital city, the Toronto club should be favourites to beat the Rough Riders this afternoon. But Argos need the help of the Tiger-Cats in this last ditch stand for a playoff position. And Hamilton has no great need to extend themselves today with nothing at stake for them.

SHOULD THE Argonauts and Tiger-Cats conquer this afternoon, then the second and third playoff spots will be more in jeopardy than ever. Those games between Argos and Alouettes are certainly going to be really big ones, providing the Toronto boys can come up with a victory this afternoon.

Whoever represents the East in the Grey Cup classic is really going to earn their way into this one. And it could be those Argonauts yet.

TOMMY IVAN lost no time in dealing with his Chicago Black Hawks following their 9-1 setback by Canadiens Thursday night in Montreal.

Tommy slapped \$100 fines on all eighteen players for what he termed indecent play. Tommy didn't say that he expected his Hawks to beat the Stanley Cup holders but he certainly did expect more effort than he got.

Ivan maintains they've tried everything in Chicago these last few games and the result has been the same. He hopes the assault on the pocketbook will bring about a change.

## Braves Pitcher Conley Signs With Celtics

BOSTON (AP) — Milwaukee Braves pitcher Gene Conley has signed to play basketball for Boston Celtics, but he also threw the fat in the fire with the baseball club.

The six-foot-eight Conley, who played briefly with the Celtics during the 1952-53 season, signed with the National Basketball Association club Thursday for an undisclosed amount.

## Cardinals Top Japan All-Stars

TOKYO (AP)—St. Louis Cardinals rocked Japan's All-Stars 5-2 Friday in the opener of a 15-game baseball tour of Japan. The game was watched by 25,000 fans at Korakuen Stadium.

## Soviet Claim Speed Mark

LONDON (AP)—Moscow radio claimed Friday a Soviet Zvezda-6 racer has broken the world speed mark for 250 c.c. cars with an average speed of 114.25 miles an hour.

The International Automobile Federation now lists 109 miles an hour as the record, set by an Italian at Monza April 26, 1957.

## Promoter Is Fired

SYDNEY, Australia (AP)—The promoter who pulled off Friday night under the United States promoter who offered fabulous professional contracts to Australia's ace miler, Herb Elliott, and the record-smashing Konrads kids.

The promoter, Leo Leavitt, was fired by his boss, Fred Spiess, secretary-treasurer of Western Promotions of San Francisco. The dismissal is effective Nov. 26.

Leavitt magnified his position and greatly overstepped his authority. Spiess told a press conference here. Leavitt offered Elliott, the world's fastest miler, \$250,000 to turn professional. He reportedly made a \$125,000 offer to Jon and Lisa Konrads, who hold many of the world's swimming records.

After Elliott turned down Leavitt's offer, the promoter attacked amateur officials as "a bunch of slob" and threatened to make disclosures which would ruin Elliott's amateur career.

Western Promotions sponsors the tour of a group of Negro professional basketball players in Australia.

## Harvey Hopes To Play Tonight

MONTREAL (CP)—Doug Harvey, burly defenceman of Montreal Canadiens who has been sidelined two weeks with an ankle injury, hopes to dress for tonight's National Hockey League game against Boston Bruins.

The all-star defenceman had the cast removed from the ankle Friday and examination showed it in good condition.

Harvey said he plans to skate this morning and if all is well he will dress for the game. Whether he is used—and to what extent—will be left to coach Toe Blake.

## Greaves, Vejar Bout Cancelled

LOUISVILLE, Ky. (AP)—The Chico Vejar vs. Wilf Greaves proposed Nov. 12 middleweight fight will be cancelled because of a complaint by a Kentucky boxing commissioner, promoter Bill King said Friday.

Commissioner Bernie Bax said the fight was cleared as required by the commission, before King announced the fight Thursday.

King said Vejar had not confirmed the date for the 10-round bout but with the Canadian middleweight champion from Edmonton and published reports made the bout appear more definite than it was.

## DOWN THE BACK STRETCH

The biggest purse that ever was offered for a two-year-old trot was raced for at Yonker track, New York, last Tuesday night. It was named the Hilltop and the purse was \$99,837.50, and it consisted of only one dash.

The top two-year-old trotters of 1958 were there. These included such stars as Hickory Pride, driven by Del Miller; Solid Choice driven by Ralph Baldwin; Circo, driven by Billy Haughton; Brogue Hanover, driven by Joe O'Brien, and others. Hickory Pride and Circo were listed as a stable on the scorecard, and they went to the post as favorites.

On October 10, in the Arden Down Stake at Washington, Pa., Brogue Hanover (Joe O'Brien) had headed these trotters in this stake for two-year-old trotters, purse \$13,593, with Hickory Pride 3-2 and Circo 2-3. But Circo and Hickory Pride had won at Lexington in faster time.

On October 10, in the Arden Down Stake at Washington, Pa., Brogue Hanover (Joe O'Brien) had headed these trotters in this stake for two-year-old trotters, purse \$13,593, with Hickory Pride 3-2 and Circo 2-3. But Circo and Hickory Pride had won at Lexington in faster time.

Tuesday night, Circo headed the O'Brien-driven two-year-old, time 2:06 2-5, which equals the world's record for two-year-old trotters on a half-mile track, and

We are delighted to have a letter from a horseman friend who has been a Guardian reader for over thirty years, Jerry Gillespie, Parrsboro, N.S. He also encloses a subscription for his friend, Martin D. Gavin, another long-time friend of "Down The Backstretch".

PROSPECT  
Jerry closes with: "Look for Pineland Duke, Wheby's horse, that George Turner marked in 2-13, to be one of the good ones."

(Continued on page 9)

What our action will be regarding Conley's flouting of a section of his baseball contract will not be determined until (president) Joe Cairnes, (executive vice-president) Birdie Tebbetts and I have had a chance to sit down and thrash it out.

Quinn said the standard one-year baseball contract signed by the big righthander provides: "The player agrees... he will not engage in any game or exhibition of football, basketball, hockey or other athletic sport."

The two top teams in the Maritime Intercollegiate Football League clash this afternoon at St. Dunstan's field in a game on which hinges the league leadership.

Saint Dunstan's have surprised with their showing to date, garnering wins over Saint Mary's and Acadia University. They have three games remaining Mount Allison, St. Thomas and University

of New Brunswick, Mount Allison, in addition to today's game with the local Saints, must meet Acadia and Saint Mary's.

So far this year in intercollegiate ranks, the Mounties have beaten U.N.B. 17-7 and St. Thomas 47-13. They expect this afternoon to be their sternest test to date.

The visiting Garnet and Gold will be top favourites to sideline the locals this afternoon but that won't dampen the spirits of the Red and Whiteners one bit. They realize that Saints' teams have been underdogs before this and come out on the victorious side. They don't think that this task of upsetting the Mounties is impossible. College teams have a habit of playing their toughest when the odds are against them.

Here is a list of Saint Dunstan's performers: Frank Gill, defensive back, Charlie Sak, centre; Ray MacMurray, defensive guard; Emmett Folly, left guard; Peter Leveseur, linebacker; Parker Lund, defensive back; George Trainor, defensive back; Reg Pendergast, tackle; Gerald Murphy, halfback; Larry Hickey, guard; Ian MacDonald, guard; Will Cain, tackle; Rollie Sullivan, tackle; Ken Mackinnon, tackle; Peter Steele, end; Basil Gillan, defensive back; Brian Noonan, left end; Vince MacIntyre, corner linebacker; Martin O'Connell, end; Gerry Tingley, end; Pic Bileaud, quarter and linebacker; Bob Simmons, fullback; Paul Arsenault, halfback; Mike O'Brien, wing back; Don LeClair, halfback; Gil Collins, quarterback; Brendan Dunphy, guard; Jack James, fullback.

## Bowling Results

The following are the results of the Ladies League candlepin games rolled this week at the Rollaway Alleys:

## Plan No Early Revision Of CS Salaries

OTTAWA (CP)—There will be no general revision of civil service salaries in the next few months, Prime Minister Diefenbaker said Friday.

He made the statement after an 80-minute conference with officials of the Civil Service Federation of Canada, representing some 80,000 of the 130,000-odd federal government employees.

After the civil service commission, the government's personnel agency, had twice rejected their demands for an eight-per-cent salary increase, they had gone direct to the prime minister to press their case.

"I advised them that the government has no intention of granting a general salary increase in the next few months," Mr. Diefenbaker told reporters later.

However, he had also informed them that salary increases for two classes of civil servants had been recommended by the civil service commission and now were being considered by treasury board. He did not specify what classes or how many persons were involved.

## Nationalists And Reds Trade Artillery Blows

TAIPEI (AP)—Nationalist big guns on Quemoy traded fire with the Chinese Reds Friday in a day-long artillery duel.

The Reds intensified their shelling for an hour in the afternoon. Then fire slackened off with Nationalist shells pounding the Red coast.

Associated Press correspondent David Lancashire on Quemoy said the Nationalists answered the Red fire with eight-inch howitzers and other guns supplied by the United

States during the Reds' self-imposed cease-fire.

The Nationalist defence ministry reported that since the Communists broke their cease-fire last Monday, Nationalist guns had knocked out 51 Red guns—one-tenth of the number believed in use against Quemoy. The ministry said 12 ammunition dumps and a motor pool with 45 trucks also were destroyed.

## Would Honor Canada's PM In London

LONDON (CP)—The Daily Express wants to see Canada's Red Ensign on display along the Mall when Prime Minister Diefenbaker comes to London next week.

The newspaper, published by Canadian-born Lord Beaverbrook, sets the example by flying the flag on the upper left-hand corner of its front page on top of an article describing the prime minister's itinerary during the London portion of his world tour.

Another flag appears at the head of its lead editorial, which notes that 43 German flags flew on both sides of the broad London thoroughfare during the four-day state visit of President Theodor Heuss, and that none are scheduled to fly on Canada's behalf.

The Express concedes that the Queen herself rather than the prime minister is Canada's chief of state but says this should not be used as an excuse.

"The mood of the nation is unmistakable. It would rather do honor to Canada than to Germany."

## NAME FAST JET

FARNBOROUGH, Eng. (Reuters)—The first fully supersonic all-weather fighter for the RAF—and probably its last conventional fighter—was officially named the Lightning here Thursday. Marshal of the Royal Air Force Sir Dermot Boyle gave the name when he broke a bottle of champagne over its nose. The Lightning is reported to have reached speeds of more than 1,200 miles an hour during tests.

States during the Reds' self-imposed cease-fire.
