## CEO. CARTER & CO.

### MR. JOHN CHARLTON A LIFE-LONG LIBERAL

Says His Party Should Adopt Sir Charles Tupper's Preferential Trade Policy.

### LIBERAL PLANKS IGNORED

He Concludes by Saying that It's High Time Liberals Made Good Their Pledges.

SIMCOE, October 20.—John Charlton, M. P., has issued a manifesto to the electors of North Norfolk, in which he says things which are not entirely flattering to the Laurier administration.

He says: "Canada now discriminates in favor of the British importers to the extent of 33 1-3 per cent, and this discrimination is purely gratuitous and sentimental. For Great Britain gives to Canada not the slightest tariff concession that does not equally apply to all other nations. In addition to this discrimination we have put forth great efforts, spent much money and sacrificed many valuable lives for the purpose of maintaining the cause of the empire in South Africa. All this has been done without a return, and has been done ungrudgingly, and perhaps there may be some force in the assertion that under the circumstances it would have done no harm if a greater effort had been made to

OBTAIN FROM GREAT BRITAIN some trade concession in our favor, and it is not unreasonable to suppose that at least some slight advantage, such perhaps as the removal of restrictions upon the importation of cattle, might have been obtained from the British government. I shall, if again permitted to sit in the House of Commons, urge the opening of negotiations with the home government with the purpose of obtaining, if possible, a trade concession from that nation, which will put us in a more favorable position in her market than enjoyed by the foreign states.

GOD TIMES PRECEDED THEM. "The government was fortunate in assuming office just at the beginning of a period of prosperity, which not only applies to us but to all commercial nations, and which it is well to realize has been due to the blessing of Providence, and to causes beyond the control of the Canadian government. It is the duty of the government, under such circumstances, to follow the example of a wise ruler of old, and in years of plenty provide for meeting the exigencies of succeeding years of scarcity. Increased prosperity has caused a large increase in the public revenue. Under the stimulus of overflowing coffers, a scale of expenditure has been set that it will probably be found necessary to recede from when bad times come, with its decreased receipts, and it is desirable that action in this direction should be taken at once.

IGNORED LIBERAL PLATFORM. "The Liberal convention of 1893 declared in favor of selling public lands to actual settlers only. I had the honor of first introducing this publicly by resolution in parliament in 1880. Since the Liberal party came into power no legislation has been placed upon the statute book to give effect to this salutary policy, the observance of which would have been the settlement of the North-west and to protect settlers from the greed of land speculators. I shall, if again elected to represent you, press for legislation in the house.

ANOTHER "EVIL" UNABATED. "The policy of making grants of public

lands to railway corporations has been carried beyond prudent limits in the past, I think that the time has arrived when the making of the grants of this character should either cease entirely or be made to a very limited extent, and with careful regard to the public interest.

LIBERAL QUEBEC CAMPAIGN. "The effect likely to be produced by utterances of certain French-Canadian members of parliament in the province of Quebec, in their attack upon the policy of incurring expenses, and sending men to defend the British empire, and in their assertion that Canada is not warranted in acting in concert with other colonies for the maintenance of Britain's power on the world's broad field of action, is in my opinion deeply to be regretted."

TIME LIBERAL PLEDGES WERE FULFILLED. Mr. Charlton also says: "I feel called upon to announce it as my firm conviction that our public improvements are now as far advanced as the necessities of the country in the near future are likely to require, and that the time has arrived more fully to redeem the pledges of the Liberal party by practising greater economy in public expenditure, and by reducing the public debt. The expenditure should not, in any case, in my opinion, exceed the amount of revenue, and the public debt should be reduced each year to at least the extent of the sinking fund."

BOERS CAPTURED. With Ammunition and Numbers of Sheep.

CAPE TOWN, Oct. 22.—General Lord Methuen engaged the Boers at Beurst on Saturday, capturing large numbers of sheep and a quantity of ammunition.

THE CHINESE CAMPAIGN. General Waldesee Says That it is Ended.

PEKIN, via SHANGHAI, Oct. 22.—Field Marshal all Con Von Waldesee said today that he regarded the campaign as over and expected soon to be recalled personally.

The ministers in Pekin are not ready to meet Prince Ching and Li Hung Chang on Saturday, so that the meeting will probably be adjourned. The Fourteenth United States infantry leaves here on Sunday.

AN ISLAND HERO. Lieut. Mellish One of the Brave Maritim Men.

The following is taken from the Cape Times, of 13th September:—"Lieut. Arthur J. B. Mellish, A. D. C. to Governor of Prince Edward Island, Canada, an officer in the 82nd Battalion, Royal Canadian Infantry militia, and who has served throughout the present war as a private in the ranks of the Royal Canadian regiment of infantry, has recently been invalided to Wynberg. Mr. Mellish is a barrister-at-law and a graduate of Harvard University, and is but one of a large number of Canadians who willingly sacrificed a life of comparative ease for the honor of fighting the enemies of the Queen."

Lieutenant Mellish was with his company (G) in the long march from Belmont to Pretoria, and fought in all the engagements. At Eshaba N'Ohu he was thrown into the air by an exploding shell, and at Zand River received a slight wound in the leg from a Mauser. A short time ago while on duty on an armoured train, took ill and was sent to the hospital, from whence he sailed in the Kildonan Castle for London, where he arrived a few days ago. At last accounts he was well on the road towards recovery.—Halifax Herald.

Committed For Trial.

MONTREAL, Oct. 20.—Alex. McCullough and D. J. McGillis, accused of conspiring to defraud the Merchants' Bank of Halifax out of \$220,000 by means of bogus warehouse receipts on which advances were obtained, have been committed to stand trial at the court of the Queen's bench. Bail was fixed at \$40,000. It is expected it will be furnished tomorrow. T. J. Clisholm, the third party arrested, broke bail and is supposed to be en route to South Africa. The bank will probably attempt to bring him back.

STEEPLE CHSING. Several Racing Horses Killed

[SPECIAL TO THE EXAMINER.] LONDON, Oct. 22.—At Sandown Park, today, there was a series of exciting accidents. During the steeple chasing, three horses, including Lord Wm. Beresford's Hailshower, was killed outright and others were injured.

TERRIBLE MASSACRE. Armenians Aga in Suffer Martyrdom

[SPECIAL TO THE EXAMINER.] PARIS, Oct. 22.—A special despatch from Constantinople to the Petit Bleu says that frightful massacres of Armenians have just occurred in the district of Diarbekir. The Mussulmans, it is asserted, pillaged, outraged and killed during five days, without the intervention of the Turkish troops. Eight villages, it is added, were entirely destroyed and burned.

WHAT PEOPLE SAY.

Is Not What Makes a Remedy Valuable.

Testimonials are good things and we are always glad to get them, but they don't make our remedy any better. Stuart's Dyspepsia Tablets are good because they do good—because they cure. Testimonials simply prove that the tablets have helped other people, but it's your self you are most interested in, and whether they will cure you is the question. It is very easy to find out—try them. A full package costs but fifty cents at your druggist's. They are worth that if they only help you a little bit. The chance is worth taking at the price. We put it on that basis because you don't know about the tablets. If you know as much about them as we do you would have complete confidence; this advertising would be unnecessary. We have seen them cure the worst cases of stomach trouble. Cases of long standing and obstinacy, cases that other medicines and even high priced doctors had failed to subdue.

Here are some testimonials. If you care to read them we have thousands of them:

Rev. J. R. Hoag, of Wymore, Nebraska, writes: For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather, that the stomach trouble was the cause of the heart disturbance. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes which lasted me three months and I can eat any kind of food I want and have a good vigorous appetite. Although I am seventy-seven years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtue of Stuart's Dyspepsia Tablets.

Mrs. Lydia Bartram, of Aesyrta, Mich., writes: I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken.

We honestly believe that Stuart's Dyspepsia Tablets are the best medicine ever made for the cure of stomach troubles. Don't mistake our meaning. We don't claim them to cure anything but dyspepsia and stomach disorders. Just the one thing is what they are made for, but that one thing is the cause—the starting point of nearly all the sickness in the world.

Use Stuart's Tablets regularly. Keep your stomach right, and you can never be sick.

THE GHOST OF '96.

An incident of one of the Davies meetings, amusing and instructive, occurred when Sir Louis was about the middle of his speech. A little boy with a five gallon oil can labeled "The Robber Barons are Bleeding the People White," "Coal Oil 10c per gallon," "Binder Wine 7c per pound," etc., etc., approached the stage and deposited the can upon the table where Sir Louis was speaking. There was general consternation among the faithful present. Many thought it was an infernal machine, and the great Sir Louis was in imminent danger. On further investigation, though, the audience was reassured. It was only the ghost of the Davies utterances of '96; and he would as soon come face to face with an infernal machine any day.
