

# Soccer Panthers sweep Beothuks in two shutouts

by Ross Hartinger

The University of Prince Edward Island Panthers scored twelve goals in two victories against Memorial University of Newfoundland last weekend, keeping their winning record intact in the pursuit of another Atlantic University Athletic Association soccer title.

Saturday, Scott Neil scored four goals as UPEI trounced the sometimes helpless MUN team 9-0. Richard Pierre-Gilles scored twice and Doug Blain, Dave MacRae and

Alan Spinks each scored once for UPEI, which led 5-0 at halftime.

Jean-Francois Painchaud recorded the shutout in the game Saturday which some fans described as boring in that UPEI controlled for the entire match.

There were exciting moments, though, especially when Scott Neil neared the goal. He has fourteen goals this season.

Steve Polenz, who returned to the line-up last week for the victory over Mount Allison, played Saturday but didn't

dress Sunday in the 3-0 victory over MUN.

Key players did not start in the first half Sunday, giving some of the rookie players some game experience as UPEI heads into the home stretch.

Dave MacRae, Glen Smiley and Doug Blain each scored once for the Panthers, who are leading the AUAA West Division with a record of 8 wins, 0 losses, and 3 ties. Trent Hayes recorded his fifth shutout for the Panthers, who play this weekend in their final game of the AUAA

regular season against Université de Moncton in Moncton.

A great home stand for UPEI was rivalled only by the outstanding displays of grace by the Panthermaniettes.

So the Panthers must look ahead to the game Saturday in Moncton, the playoffs at St. F.X. October 27, 28 and hopefully make it through to the Canadian Inter-University Athletic Union semi-finals and a probable CIAU title.

## Athletic Council to process complaints

By Jill Warburton

After a three-year absence, the U.P.E.I. Athletic Council has been re-instated to help determine the direction of sports activities at the university.

The seven-member council held its first monthly meeting on September 25 in the small dining room at the Cafeteria.

Right now the members are Chairman Jim Griffith, Athletic Director Ed Hilton, Alumni Representative Jo-Anne Ings, Student Union Rep Steve Polenz, Faculty Rep Ninian LeBlanc, and High School Interscholastic Rep Brenda Millar.

A Community Representative at Large remains to be named by U.P.E.I. President Peter Meincke. Their terms all run until June, 1985.

As well, coaches of all

varsity sports have been invited to attend meetings.

Jim Griffith feels the Council can provide a vital voice for the university community in directing athletic policy. While the Council will not make final decisions on policy, it is the only organization which expresses a collective opinion with regard to sports.

He says the athletic program is there for every student and is probably the single largest service available to students. He would welcome input from organizations or individuals on campus and says, "whatever the future direction (of the Council), it will be with the support of the university at large."

The council wants to be known as a viable, credible organization and Griffith

hopes to have information on all of its functions available to everyone. He stresses the Council is not going to disappear again and that it is here to express the opinions of the university community.

Some of the items the Council will likely be reviewing and making recommendations on include: a U.P.E. Panther Booster club for all sports, distribution of athletic bursaries, athletic fees, visibility of female athletes, publicity for U.P.E.I. sporting competitions, off-campus promotion of U.P.E.I. athletics by our teams, athletic facilities, and corporate and brewery sponsorships.

Council meetings are scheduled for the last Tuesday of every month, in the small dining room. Anyone with ideas or concerns is invited to attend.

Panther Richard Pierre-Gilles, left, seems to be inspecting his teammate Don Mackenzie as both players tower over two Memorial players. (Photo by Ross Hartinger)

## Maniettes plot carwash

Notorious Panthermaniette Bill Harwood announced at a recent press conference (sitting around the radio station late Tuesday night) that the boisterous cheerleaders are deigning to host a car wash.

The great event will take place this Saturday from 10 to 3 in no less a place than the Burger King parking lot.

Harwood said the proceeds will go towards lots and lots of Whoppers ... but seriously, folks, the Maniettes want to be there to spur the soccer team on to victory at the AUAA playoffs the 27 and 28 of October.
