LOBSTER CATCHES SAID 'GOOD TO 'DESPERATE'

Lobster catches during the last few days were ranging from good to a 'desperate situation' as fishermen in Souris state. The Souris fishermen say they never saw the fishing so slack. One fisherman hauled 320 traps over the weekend and got a return of 47 pounds of lobsters. Reports from Rustico indicate that the fishing is very good with catches running as high as 700 pounds to 1,000 pounds per boat last week. Joseph Gaudin said that catches were averaging about three-quarters of a pound to one and one-quarter pounds per trap last week. He said the fishermen there were very satisfied and if catches were as good during the next two weeks as they have been during the last three, they would consider it a good season. Fishing at Alberton was reported as being fair with no large catches while at Montserrat catches were running from one-quarter to one-half pounds per trap. Conditions are expected to be better in the next few weeks as fishermen state consistent catches usually are had this time of year. Meanwhile in Souris, fishermen engaged in other types of fishing are reporting good catches of cod, haddock and flounder. The fishermen at Montserrat were landed at Souris over the weekend with one boat the MV Ildora, captained by Jones Bjornson, bringing in 90,000 pounds. He holds the record for the largest catch. The record was set last year when he brought in 105,000 pounds.

Rev. H.L. Mitton, pastor of the First Baptist Church of Charlottetown, announced his resignation at yesterday morning's service to become effective Sept. 30 of this year, at which time he will take up his duties as senior minister of the Brunswick Street Baptist Church in Fredericton, N.B. In making the announcement, Mr. Mitton said, in part: "At least two things have made the thought of my resignation exceedingly difficult. First, I have become deeply attached to you. For upwards of seven years you have stood with me in the labors of the Gospel. "The second reason why the thought of severance is painful lies in the fact that you have shown such faith, courage and vision. You have provided such wonderful facilities for the carrying on of the work of the Lord. This beautiful church edifice, matched with a beautiful parsonage, are almost without parallel in the communion of which we are a part. "Mr. Mitton has been active not only in his church and denomination (he is currently serving as president of the Maritime United Baptist Convention), but in community affairs as well.

P.E.I. members of the Maritime Motor Transport Association are planning for a week-long program with a day-long session in the inland town of Montserrat to start with on Wednesday June 20. The meeting which opens at 10 a.m., will be under the chairmanship of Arthur Bowens, Charlottetown, and vice-president of the MMTA for this province. Plans for the week of activity by Bowens were outlined yet, Mr. Bowens said.

Elderly Lady Dies In City

The death occurred early Saturday morning at the home of her niece, Mrs. Walter Kneebone, 128 Dorchester Street, of Mrs. Margaret Gillis, 86 years of age. The former Margaret Stewart, she was the daughter of the late Mr. and Mrs. William Stewart of Bellisle. She was married to Daniel Gillis of Charlottetown who predeceased her 18 years ago. In addition to Mrs. Kneebone, she is survived by three nieces, Florence, in Vancouver, Millie, in Boston, Mass., and Dolores, and one nephew, William. The remains are resting at the MacLean Funeral Home, where the funeral will be held Tuesday, June 5 with service commencing at 2 p.m. Interment will be in the Belfast cemetery.

REV. HAROLD L. MITTON

On two successive years he was the president of the Charlottetown Ministerial Association. At the present time he is a director of the Mental Health Association and of the Protestant Family Service Bureau, as well as serving on the executive of the Canadian Bible Society. In addition, Mr. Mitton is attached to No. 2 Militia Group headquarters as senior Protestant chaplain.

Mrs. Mitton has been active in the church's program of Christian education, regularly teaching the Young Women's Bible Class and serving as resource leader in the various missionary groups. The church's pulpit and deacon's committee is invited with the responsibility of recommending to the congregation the name of Mr. Mitton's successor.

Pickersgill Is Due Today

J. W. Pickersgill, Liberal member of the House of Commons for Bonaville-Twillingate in the last parliament, was delayed last night in arriving in Charlottetown at scheduled. However, a party spokesman said he was expected on the early morning flight today. It was believed Mr. Pickersgill missed air connections somewhere on the mainland. Today he is expected to tour fishing establishments on the north shore of Queen's County. He will be accompanied by Queens Liberal party candidates Allison Gillis and Ira Lewis. The major stop will be at North Rustico where Mr. Pickersgill will address the lobster factory. Tonight he will tour a rotary club in the town of Charlottetown. The public meeting he gave under way at 9 o'clock. He is expected to arrive early Tuesday morning.

Stock Trading Is Expected To Simmer Down This Week

NEW YORK (AP)—With the widest week since the hectic days of the 1929 stock-market crash behind it, Wall Street looks toward a new week of trading wondering "what's ahead?" After last week's roller-coaster ride, the ups and downs left the market just about where it was before the week began. Most Wall Street opinion was that trading would simmer down considerably this week as investors concentrated on actual valuations rather than wild hopes and pipe dreams. One of the most historic weeks in Wall Street history came as a climax to a five-month decline from the record market peak of last December. VOLUME SOARS Even though there was no trading Wednesday, Memorial Day, last week's volume soared to 40,563,239 shares from 22,862,000 from the full, five-day market week preceding. It was the largest volume for any week since the Nov. 11, 1929. Volume was 14,750,000 shares, second only in market history to the "black Tuesday" total of 16,400,000 shares when the 1929 crash was at its worst. Wednesday: Stock exchanges closed for holiday. Brokerage offices open to clean up paper work and take orders. "Buy" orders heavily outnumbered "sell" orders. Thursday: Strong continuation of the rally; 10,700,000 shares traded, Friday: Irregular decline as traders took pre-summer profits. Volume down to 8,700,000 shares.

Rangers Seek 'Boom Boom'

By W. E. WHEATLEY MONTREAL (CP)—It was so ominously quiet on the hockey rink Sunday night you could scarcely hear a huddle and even the murmurs over Muzz Patrick's grandiose plan were faint. Before setting out for the National Hockey League's annual meeting, opening today, the general manager of New York Rangers let it be known he will make a pitch for Montreal Canadiens' Bernie (Boss) Boom) Geoffrin. Patrick didn't say just what he would offer in return for the high-scoring Boom. At the same time he figured Canadiens had turned a big sour on their bill-shouldered right-winger. From authoritative sources it was learned that Muzz has indeed made some preliminary overtures but it is the feeling that if he is serious he would have to offer far more than the rangers could afford to give up. It is considered in hockey circles that Muzz would stand in line such fellows as Andy Bathgate and Dean Prentice and possibly some really promising youngsters, to say nothing of a wad of stock in Madison Square Garden. An enthusiastic amateur photographer for a great many years, Mr. Taylor possesses photo albums that vividly recall early travel and island scenes at the turn of the century. Mr. Taylor was twice married. These were two sons by his first marriage, Ernest at home and J. Leland in Winnipeg. Mr. Taylor for a while lived in a small hotel and later in Bedouque. He has been retired since 1937.

CONGRATULATIONS ARE EXTENDED

Newly-elected officers of the Maritime Board of Trade are seen receiving congratulations from Mayor A. Wallen. Congratulators include: G. Arnold Wightman, past president, is making the introduction.

Truck Operators Given Warning

Having a warning to large truck operators, Magistrate A. J. Haslam said Saturday in city police court "you fellows have got to exercise more control over your vehicles, and not go tearing through the streets of the city with these heavy trucks." The remark was made in passing sentence on Wynand Westerman of East York, Ontario, on a charge of speeding. Evidence of Cpl. Keith Wakeham revealed that the accused had driven his three-ton gravel truck west on Brighton Road at 33 m.p.h. for which the accused was fined \$40 and costs or 20 days. The increased penalty was given at the request of Chief of Police C. W. MacArthur, who revealed to the magistrate that this was not the first time that Westerman had appeared in the city court for speeding.

Also pleading guilty to speeding at 40 m.p.h. east on Easton Street, William Wright, Charlottetown, was fined \$30 and costs or 10 days in jail. A lone drunk and incapable was sentenced to 30 days in the Queens County Jail.

Lightning Started Fire Burns York Pt. Barns

A brief electrical storm Saturday night destroyed three small barns at York Point and caused fairly heavy damage to electric power lines in the province. Heavy rain, which accompanied the storm caused flooding in some sections of the city. The three barns were burned to the ground when they were believed to have been struck by lightning between 8 and 9 p.m. They were located on the driven in Weddell Dock-berk at York Point. The barns contained some machinery and about two tons of hay. Neighbors succeeded in removing the machinery but the hay was destroyed. The absence of high wind prevented the flames from reaching the house as the barns were situated approximately eight feet away. There was little or no insurance on the buildings. Maritime Electric officials stated last night that the storm caused down lines on many of the lines in the city and in rural areas. All damage has been repaired. Telephone company officials reported comparatively light damage. Approximately 23 inches of rain fell during the period from

Radio, TV Shop Opens

A new radio and television repair shop opens its doors to the public this morning. The shop, Central Radio and TV Service, will be located at 101 Kent Street and will be operated by Sterling Brown and d Sterling Moore, both of Charlottetown. The two young men offer free pickup and delivery and service any make or model radio, television or record player. Mr. Brown has had seven years experience in the business of Charlottetown's largest radio and television sales and services centre, while Mr. Moore has had five years experience in the business.
