

OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY

Three men were instantly killed when the Maritime Central Airways plane they were flying crashed late yesterday afternoon in the water at Cartwright, Labrador.

The amphibious Canso was on a routine freight run from Gander, Newfoundland, to the Labrador base and it was reported that it attempted to make a water landing with the wheels down. It submerged after it hit the surface.

Old Island newspaper files and other historic material in the Charlottetown Public Library will shortly be accessible to readers in microfilm. It is planned to fit up about one-half of the basement of the library for this purpose.

The section to be used will be closed off from the rest of the basement, properly ventilated and equipped with steel filing cabinets for the original newspaper files which extend back to 1800 and earlier.

Maj. Claude Ives of Charlottetown has returned to Canada after serving for three years as a United Nations observer in Kashmir.

Maj. Ives was one of nine Canadian army officers who make up the U. N. representation of about 60 observers in that Asiatic state.

In addition to Canada the observers are from the U. S., Australia, New Zealand, Belgium, Sweden, Norway, Denmark, and Chile.

Mr. Leo MacIsaac, secretary of the Federation of Agriculture, arrived home from Quebec last night after a visit to that Province to obtain information and examine new dairying processes.

He was accompanied by Mr. Henry MacDonnell, Provincial Dairy Superintendent, and several representatives of dairy businesses in Prince County who are investigating the possibility of amalgamation.

Although nothing definite has been decided, it is believed that a large modern plant might be established in the vicinity of Summerside.

In the group visiting Quebec Dairies were Mr. Murdoch MacLeod, Kensington Dairying Co-operative; Mr. C. M. Arsenault, Regmont Bay; Mr. J. S. Wright, Dunk River Dairy; Mr. W. J. Reid, Dunk River Dairy and Mr. Elmer Gamble, Tryon Dairying Company.

The latter three did not return as Major Wright is attending the Dominion convention of the Canadian Legion in Montreal.

Two prisoners in Queen's County made a successful bid for freedom early Sunday morning, but their escape was short lived. The escape was made by moving a window on the west side, and the getaway lasted for roughly one hour.

One of the prisoners was serving six months for theft, while the other was being detained as a suspect in connection with a car theft on May 15th, when a stolen car was found in the ditch on the St. Peters highway, near the Windmill.

Shortly after midnight on Saturday, Mr. Wynn Cudmore reported his car stolen from in front of his residence on Elm Ave., and City Police who had been alerted by the jail break, were soon on the trail of the missing men.

The other escaped man was recaptured fifteen minutes later while taking part in a brawl on Sydney Street.

TUESDAY

Plays by St. Mary's Dramatic Club, Scurie, and the Indian River Dramatic Club were selected last night as finalists out of the rural entries in this class for the forthcoming Provincial Drama Festival.

The playoffs were completed last night in St. Peter's Bay when the St. Peter's Bay Dramatic Club presented their comedy, "More Power To You," under the direction of Mr. Daniel MacDonnell.

A warm tribute to the work of the Salvation Army was paid yesterday by His Honour Lieutenant Governor T. W. L. Frowie in officially opening the special Red Shield campaign for funds for the extension of Sunset Lodge.

Stating that he felt it "an honour and a privilege" to appeal to the public in this connection, His Honour added: "Each and everyone of us knows the splendid work done by all connected with this grand organization — no one in need has ever been turned away regardless of colour, race or religious affiliation.

In peace and during war, as well, thousands have been helped by the 'Army' as it is affectionately called by those who know it best.

The Canadian Citizenship Council combined its annual meeting with a luncheon at the Charlottetown Hotel yesterday at 1 p.m. There were two absentees, Mrs. J. Walker Jones who accompanied the Premier on a business trip to Ontario, and Mrs. A. G. Putnam who is visiting in Montreal.

Reports were read by the President, Mrs. J. B. Murray, the Secretary, Mrs. J. T. Davis and the Treasurer, Mrs. Emma Bruce. Mrs. W. F. MacMillan spoke about the year's work and voiced her pleasure at the increased importance the Council has assumed in the eyes of the public.

Other speakers including Miss Iphigene Arsenault of the Red Cross, spoke in a similar vein, and were pleased to see such organizations as

the Board of Trade, the Rotary Club, The Catholic Women's League, Women's Institute and the I.O.G.E. contributing money and assistance, to help carry on the work of the Council.

The appearance and general efficiency of H. M. C. S. Queen Charlotte naval reserve personnel drew favorable comment last night from Capt. A. G. Boulton, D.S.C., Ottawa, director of naval reserves, who is on an inspection tour of Maritime centres.

Capt. Boulton expressed himself as quite pleased with the results of training displayed by the reserve, and hoped to see an increase in numbers. Accompanied by Cmdr. (S) C. G. King, Ottawa, he arrived Sunday night and will be in the City until Wednesday morning. They are carrying out a complete inspection of the establishment ranging from administration to training.

The second annual "Adventure in Citizenship" sponsored by the Rotary Club of Ottawa, in co-operation with other Rotary clubs throughout the Dominion, is being brought together at Ottawa, May 19th to 22, over 150 selected high school students of all ten provinces for a complete program of sightseeing and first hand observation of their country's national government in operation.

Mr. Lorne Moase, the Summerside Rotary Club's choice to attend the gathering from here, left by plane on Sunday to attend these meetings. The comprehensive plans include a visit to the Houses of Parliament while in session, the receiving of certificates of Canadian citizenship at the hands of Prime Minister Louis St. Laurent, and a call on His Excellency the Governor General, the Hon. Vincent Massey, at Rideau Hall.

WOLVILLE, N.S., May 19 — (CP) — H. O. Purdy told graduates of Horton Academy here today that "The world does not owe you a living, rather you owe the world your life."

Ronald Nicholson of Charlottetown gave the valedictory. Prize winners included: Suzanne Wilson, Saint John, N.B., high aggregate in Grade 10; Sandra Levine, Moncton, N.B., highest aggregate in Grade nine; Gordon Simmons, Summerside, P.E.I., history prize; Ruby Stewart, Tide Head, N.S., science prize.

Larry Lockhart, Andover, N.B., athletic award; Maynard Schurman, Summerside, gold medal for leadership in student affairs.

Prince Edward Island graduates: Charles Gordon Simmons, Summerside; Donald Robert Cox, Merrill; Jane LeBlond Giddings, Ronald Nicholson, Charlottetown; Peter MacArthur Pope, Summerside; Joanne Daphne Tanton, Charlottetown.

WEDNESDAY

A telegram from Premier J. Walter Jones received last night stated that the Canadian National Holstein Sale at Toronto had concluded. The sale average was \$90.

The Premier sold two head from his Bunbury herd at better than average prices. Abegweit Lime-light, a bull calf, sold for \$1,500, and Abegweit Plush sold for \$1,000.

HALIFAX, May 20 — (CP) — Miss Dorothy Cullen of Charlottetown has been named president of the Maritime Library Association, retiring president Peter Grossman said today. She was elected by a mail vote.

Other incoming officers of the Association include Maurice P. Boone of the Legislative Library, Fredericton; Miss Ruby Wallace, Sydney, of the Cape Breton Regional Library; and William Ledwell of the Prince Edward Island Libraries, as vice-presidents for the three provinces.

Miss Evelyn Campbell, Halifax, of the Nova Scotia Research Foundation Library was re-appointed secretary-treasurer.

About 150 representative civic leaders from all districts of Prince County met last night at the dinner held at Robsons Restaurant of the citizens committee which officially opened the \$250,000 Prince County Hospital completion fund.

The citizens committee has endorsed the policy and is serving in the capacity of informal advisors of the campaign committee of which Mr. William Hayward is the general chairman.

The purpose of the meeting was to present the growth of the hospital services, the necessity of expansion of the capacity of the hospital and the construction of a new nurses home and training school, the architect's plans of which, were first revealed at the dinner by Mr. Donald Baker.

Word was still being awaited late last night of the success of the appeal in reaching the grounded M.V. Blue Prince which sailed from here Saturday with a full cargo of livestock and produce bound for St. Pierre and Newfoundland.

Earlier attempts by the C.G.S. Saurel and the tug Glenlivet II to pull the vessel into deeper water had failed when the hawser snapped under the strain after the Blue Prince had been moved only 10 feet. Another ledge similar to the one on which she had gone aground Sunday stopped the attempt as the ship was lying in only a few feet of water.

The Foundation Josephine was reported to have left Quebec Monday and was due to reach the Blue Prince last night. The stranded vessel is lying on her starboard side after going aground in a fog early Sunday morning.

"As a fitting climax to a thoroughly enjoyable visit to Canada's Garden Province, the seven Assistant Trade Commissioners, destined to various parts of the world in the interests of Canada's foreign trade, were tendered a dinner last evening at the Charlottetown Ho-

tel by the Provincial Department of Industry and Natural Resources. The Minister, Hon. Eugene Cullen, presided, the principal speaker being Mr. W. R. Shaw, Deputy Minister of Agriculture.

"I appreciate the opportunity to meet you young men," said Mr. Shaw, "as you set out for your various fields of endeavour to assist in opening new markets to Canadian products, be it mine, factory or farm. Your special training has no doubt fitted you for the task ahead, and it is a task, because we are confronted with an expanding production, and a receding export trade.

A course of instruction in the operation of highway buses and trucks for local Railway men will be provided in connection with the proposed C. N. R. bus services in this Province, and all such services will be operated by men now in the employ of the Railway who can meet the standards required, states Mr. C. T. Montgomery, Superintendent of the Prince Edward Island Division, C.N.R., in a letter forwarded to all employees of the Island division.

In addition, Mr. Montgomery states all C.N.R. highway vehicles will be repaired in a garage to be established on the Island and qualified railway men will have first chance at these jobs. Anyone now employed by the Railway who transfers to the operation or maintenance of buses and trucks will retain his seniority with the Railway and his pension will be protected.

The Superintendent also emphasized that there is no intention to abandon any trackage in this Province, as it will all be required to operate train services for carload freight.

THURSDAY

The body of Clifford MacQuarrie, flight engineer on the M.C.A. Canco plane which crashed in Labrador waters last Sunday, was recovered yesterday and was flown to this city last night. It arrived at the local airport at 11 p.m.

No word has been received regarding the bodies of Capt. George J. Edwards and First Officer Johnny Dutchak. The plane crashed in the waters of Cartwright, Labrador, on a routine freight flight from Gander, Newfoundland.

It was reported that the nose section of the amphibious Canso had been ripped off but has not yet been found. It was also reported that a diver had been searching the waters of Cartwright.

Mr. Claude Smith, East Royalty, last night was elected president of the P.E.I. Division of the Community Planning Association of Canada at the first annual meeting held in Prince of Wales College. He succeeds Mr. Orin Simons, Charlottetown.

Several projects for the Association were suggested and it was agreed that small ones should be attempted first to show the public that community planning could be a success before going on to long range projects. One of the smaller ones mentioned was the placing of wire baskets at various points in this city in which the public could deposit waste paper instead of having it litter the streets.

Mr. Walter Hyndman outlined the difference between the C.P.A. and a Town Planning Board. The former, he said, was formed of citizens and was purely voluntary. In the main it is designed to be more advisory and educational than authoritative. Once the general public had come to realize the usefulness of the projects undertaken then, he thought, a Town Planning Board with authority might come into effect. In the meantime the community planning group would serve as a "bridge-head." He thought it would remain educational for a long time to come.

The annual meeting of the P. E. Island Advisory Board of the Canadian National School for the Blind was held last evening at The Charlottetown, and was highlighted by an encouraging review of the year's activities by the Board chairman, Mr. W. G. Foster. Officers elected for the ensuing year were: Chairman, Lt. Col. K. S. Rogers; 1st Vice, Judge C. St. C. Trainer; 2nd Vice, S. T. Green; Secretary, Mrs. Dorothy Palmer; Treasurer, T. D. DeBlols.

It was decided to inaugurate a Province-wide drive for funds on October 27th, to continue the work of the Association. Executive officers are: Mr. J.

F. Arnett, Summerside; Mayor Percy Boudreau, Georgetown; Dr. J. A. Clark, T. R. Cudmore, B. Earle MacDonald, M.L.A., Col. Leo F. MacDonald, T. D. DeBlols, Judge J. S. DesRoches, W. L. Delaney, W. G. Foster, A. Walton Gaudet, S. T. Green, W. S. Grant, J. A. Gallant, Clarence MacGuigan, Harry MacKay, Jack MacLean, Cyril Leard, Mrs. W. J. P. MacMillan, John Myrick, Mrs. Lorne Noonan, Mrs. H. L. Palmer, Peter Pate, Col. K. S. Rogers, Reginald Rogers, Mrs. D. J. Riley, Dr. W. J. Soper and Judge C. St. Clair Trainer.

BIRTHS

MACDONALD—At the Charlottetown Hospital on May 17th, to Mr. and Mrs. K. V. MacDonald, St. Peter's Bay, a daughter, Claire Marie, weight 9 lbs, 7 oz.

POWELL—At the King's County Hospital, Montague, on May 17th to Mr. and Mrs. Louis Power, Elliotville, a son.

Elected Director Standard Brands

The election of Mr. James Muir as a director of Standard Brands Incorporated was announced yesterday in New York by Joel S. Mitchell, President of the Company. Mr. Muir is President of The Royal Bank of Canada. He is also on the Board of other Canadian enterprises, including the Canadian Pacific Railway Company.

This emphasizes the close relationship between Canada and this large American food corporation. The common stock of Standard Brands Incorporated was admitted to trading on the Montreal and Toronto Stock Exchanges earlier this month. Its Canadian subsidiary, Standard Brands Ltd., operates four plants and maintains six district offices and 49 branches throughout Canada.

Some of the better known products of Standard Brands are Chase and Sanborn Coffee, Magic Baking Powder,

WE MADE 300 MILES OF CONCRETE PIPE IN THE PAST 7 YEARS. Yes, throughout Eastern Canada and Quebec towns and municipalities, in sewers and under airports, are installed systems whose 24-hour, day-after-day and year-after-year efficiency depends upon SHAW "New Process" Concrete Sewer Pipe. This obvious confidence in SHAW Concrete Sewer Pipe is well-founded, for the "Facker Head" process involved in its production ensures added strength plus greater hydraulic capacity. SHAW Concrete Sewer Pipe needs less maintenance because its ease of alignment assures smooth internal flow and less danger of obstructions. We invite municipal engineers and consulting engineers to write for our new Sewer Pipe Bulletin. SHAW Concrete Sewer Pipe is your best buy. Listen to Claude Cain's "Grist for the Mill" over CFYV Tuesday, Thursday and Friday, at 2:55 P. M. L.E. SHAW LTD. HEAD OFFICE: 100 GARDEN ROAD, HALIFAX, N.S.
