DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

They supply in condensed form all the substances needed to enrich the blood and to rebuild the nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, such as neuralgia, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, the tired feeling that afflicts so many, etc. They have a specific action on the nervous system of both men and women, restoring lost vigor.

WEAK MEN
Young and old, suffering from mental worry, overwork, insomnia, excess, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN
Afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcers, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS
Should take these PILLS. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

PREVENE INFECTIONS. These Pills are sold in all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of money—enclosed in box or by order.

D. T. ELWELL.
Perfectly Well at 79 Years of Age!
AT SKODA'S COMMAND!
"Time Rolls Back in Its Flight!"

ENLARGEMENT OF PROSTATE GLAND AND CHRONIC INDIGESTION CURED BY THREE BOTTLES!

MR. D. T. ELWELL, FORMERLY OF FALLEN, ABBOTSFORD COUNTY, N.S., BUT FOR THE LAST THREE YEARS LIVING AT ROCKLAND, ME., NO. 5 BUNKER ST., WITNESSES:
GENTS—I am now 79 years of age. Have been troubled for twenty years with inflammation of neck of bladder and enlargement of Prostate Gland. For six years, have been afflicted with irregular action of the bowels, alternating between diarrhoea and extreme constipation. For two years the constipation has been so great that for better or five or six days would have no action of the bowels at all. I have been a great sufferer from indigestion with no appetite. Within fifteen minutes after taking food into the stomach, it would become strongly acid with extreme burning and nausea, and no action of the stomach whatever. Previous to taking SKODA'S DISCOVERY I had taken many remedies, including nuxvomica, but by all the same I was unable to get any relief. I had been taking your Discovery but a few days before I felt a decided change. I have now taken one full course (three bottles), and have a fine appetite; not the least distress or burning after eating, bowels regular in action every day, and food tastes as good to me as when a boy; my bladder trouble has entirely disappeared. I feel as if I had a great change that I feel I owe to your medicine. Very truly yours,
D. T. ELWELL.

NEWS BY TELEGRAPH

Salvationists Mobbed!
What the Globe Thinks About East York.
Fined \$150 for Retaining Letters.

[SPECIAL TO THE GUARDIAN]

WATERLOO, Ont., May 12.—The Salvation Army sent a contingent down here yesterday. The soldiers were pelted with ancient eggs, and had their band-instruments broken. The Army presented a sorry appearance.

What the Globe Thinks.
TORONTO, May 12.—The Globe, commenting on the East York election, says that the lists were against the Liberals by legitimate and illegitimate means, for they were soundly lousy stuffed. The Globe also publishes a lot of "Reptile Food" for 'smile, relating to the election of Sir Hector Langevin in 1887.

Mercier's Trial.
MONTREAL, May 12.—The preliminary proceedings in the Mercier-Pacaud trial closed today. Judge Chauvin has taken the case en delibere and will give his decision in a few days. It is expected here that Mercier and Pacaud will not be committed.

Result in East York.
TORONTO, May 12.—The election in East York, yesterday, the late Hon. Alex. McKenna's constituency, resulted in the return of Wm. McLean, publisher of the Toronto Daily World. Mr. McLean ran as an independent Conservative. His majority is 137.

O'Donovan Rossa Abroad.
CARACAS, Venezuela, May 12.—On Tuesday night a dynamite bomb exploded alongside the residence of the Minister of Finance and shattered the house and French Consulate. Yesterday the police discovered a dynamite and a number of rifles stored away in an unoccupied house.

He Won't Do It Again.
CHATHAM, Ont., May 12.—Alexander Jamieson was fined \$150 yesterday for unlawfully retaining letters belonging to another person, which he took from the post office.

Berhing Sea Patrol.
VICTORIA, B. C., May 12.—The British Berhing Sea patrol leaves here on June 1st. Their orders are to seize all vessels found sealing, whether notified or not.

Thirty Persons Killed.
BUENOS AYRES, May 12.—Thirty persons were killed yesterday by the collapse of an unfinished roller skating rink.

Chicago Market.
(Special Telegram to GUARDIAN.)
CHICAGO, May 12.—May corn 47½; pork 8.65; wheat 82½; oats, 30.

The Weather.
PROBABILITIES FOR THE NEXT 24 HOURS—
WASHINGTON, May 12.—1 p.m.—Fair Friday; northwest winds.

New Brunswick Criminal Cases.
DORCHESTER, May 11.—The Supreme Court will open here on Tuesday, June 7th. There are only two criminal cases for trial. Bruce McDougall, of the Moncton Plain Dealer, will answer to the charge of slander. His counsel, Mr. Smith, will contend that the Solicitor General should not prosecute the defendant, but that the prosecution should be a private one.

Wm. Brown, brakeman, charged with stealing a rifle from General Woolesey, will also be up for trial. R. Barry Smith, of Moncton, and Hon. Surveyor-General Twedy, of Chatham, will defend Brown. They will contend that there is no evidence of larceny, but a legitimate sale.

The McDougall case is exciting much interest.

PARSONS' PILLS
Make New, Rich Blood!

These pills were a wonderful discovery. No other pills like them in the world. They positively cure or relieve all manner of disease. The distinguished physician who discovered them, says that if you take a box of these pills for a week, you will find that they will cure you of all ailments. They are sold in all drug stores. Price, 25 cents per box. Sold by mail for \$1.00 in stamps. New York, N.Y. [ap 11 2aw 2-1

Montague Notes.

ARRIVAL OF THE STEAMER ELECTRA—TEMPERANCE ALLIANCE.
Our little village had quite a ripple of excitement this afternoon on the arrival of the Company's SS. "Electra." Nearly all the inhabitants of the village turned out to greet her. She is nicely modelled and said to be a powerful little boat of about 80 tons burthen, and will, no doubt, be a great boon to the traders and travellers of this section of the country.

She has good freight accommodations, and on deck, forward of the engine, there is a nice dining saloon, about 12x40 feet, and aft there is a commodious cabin for ladies and gentlemen.

I understand the company have already mapped out part of her work. She leaves here twice a week for Pictou, calling at Georgetown and Murray Harbor, reaching Pictou in time to catch the afternoon train for Halifax, so that persons leaving here for Halifax, etc., will reach their destination the same evening instead of spending the greater part of the day going to Ch'town, remaining there over night and reaching their destination on the second evening. She is also to make one trip per week to Ch'town. We trust that, financially, the company may realize their expectations and we feel sure the community will soon realize the advantage of direct communication with our neighbors across the pond.

The King's County Temperance Alliance met in the Temperance Hall, Montague, on Wednesday, May 11. The President, Wm. McLeod, Esq., of Dundas, took the chair at 2.30 p. m., and after a few preliminary remarks referring to the object for which the meeting had been called, suggested as the first matter to which attention should be given was that of organization. The following officers were then appointed:

President—Rev D C McKay, of Dundas.
Vice President for Southern District—Miss A Horton of Murray River.
Vice President for Central District—Mr. N J McDonald, Montague.
Vice President for Northern District—Mr J S McLeod, West River.
Treasurer—Mrs D Forbes.
Secretary—Rev R Ogie.

After a long discussion upon the best means to be adopted for the better enforcement of the Sobriety Act and the nomination of an Inspector for the County, the whole matter was relegated to a committee which is to report to the next meeting of the Alliance.

A committee was also appointed to inaugurate a fund for carrying out the above purpose, with instructions to bring the matter before the various churches and temperance organizations throughout the county.

A good deal of time was spent discussing the draft of a constitution for the Alliance, which had been prepared by a committee, during the earlier part of the day.

The convention, which was fairly well attended, considering the limited and somewhat indefinite notice which had been given, and the disorganized condition into which the Alliance had relapsed, closed at 10 p. m. and the members separated, feeling assured that better work and more of it will be done when they meet again.—C.M.

Montague, May 11th, 1892.

A Hard Experience.
FEVER CARRIES OFF 79 CAPTAINS AND 600 SEAMEN.

DIGBY, May 10.—Capt. D. C. Dunham, of the brigantine Nelson Rice, of Weymouth, arrived home, Saturday last, via Yarmouth, having left Santos on the 6th of April by the steamer Advance, sailing to New York. When interviewed by your correspondent at his home in Barton, Capt. Dunham said: "The fever was dying out when we left, but that was chiefly for want of material to work on, most of those who remained having been already 'salted.' When it was properly given a person could not walk 200 yards on a principal street without seeing half a dozen corpses. In the day time these were easily avoided, but it was no pleasurable experience when moving about at night to stumble over a body and fall bumping your head against the vest of a gentleman who had died of 'Yellow Jack' a few minutes before. My chief mate went ashore one evening and I think got some liquor, no doubt to cheer himself up. Within a few hours we had to dispose of his dead body. At the time I left Santos fever had carried off seventy-nine captains and upwards of 600 seamen, but the death rate was on the wane. I am the only survivor of those who left Santos on the Advance affected with the fever. It was no unusual thing for one of the crew, especially the firemen poor fellows, to rush up from below, spring into the rigging, leap into the sea and go to the bottom. Some fell dead with the shovels in their hands, others when crazed with fever were put in irons, only to die after a few hours of raving. The Nelson Rice I left in charge of Capt. Amoro, a Digby county man. She will probably lie there about four months longer. Although Santos is a city of some 100,000 inhabitants there are only two wharves. The port is constantly crowded with vessels waiting to discharge. This it generally takes eight months to accomplish, and if the fever breaks out in the meantime most of these pilgrims die."

THE CITY'S ASSESSMENT.

Important Special Meeting of the Council Last Night.

A special meeting of the City Council was held last evening, to receive and pass a by-law for laying and specifying the Civic Assessment, also a by-law allowing a rate of discount on Personal Property and Real Estate.

There were present—His Worship Mayor Haviland, Councillors Crabbe, Hogan, Beer, Hughes, Hooper and Taylor.

The Estimates for the year, submitted by Councillor Crabbe, were as follows:—

ESTIMATE OF EXPENDITURE 1892.	
The City Government.....	2760 00
P. E. L. Electric Light Co.....	4375 00
The Police Dept.....	6000 00
The Fire Dept.....	2560 00
The Market House.....	1250 00
Maintenance of Streets.....	6000 00
Pumps and Wells.....	200 00
Assessing & Collecting Taxes.....	750 00
Maintenance of Victoria Park.....	800 00
Int. & Discount City Debentures.....	5550 00
Maintenance of Streets.....	3000 00
Boards of Health.....	200 00
Insurance.....	225 00
School Trustees.....	10315 00
Queens Wharf Debentures.....	1000 00
Queens Square Gardens.....	383 00
Hospitals.....	100 00
Charities.....	300 00
Queens Wharf.....	1000 00
City Buildings.....	400 00
Provincial Rifle Association.....	100 00
Report on Sewers.....	1000 00
Soult Act.....	750 00
	\$46063 00

REVENUE 1892.

Ordinary revenue.....	\$ 9000 00
Real estate, value \$2,072,037 at 1 per cent.....	20,720 30
Personal property, value \$880,970 at 1 per cent.....	8,809 70
1600 Polls at \$2.00.....	3,200 00
	38,729 70
Less reduced by ap's 1,000 00	
	37,729 70

Surplus, 66 70 **\$46,797 70**

Coun. Crabbe spoke at some length in explanation of the Estimates, and more particularly in reference to the item of \$1000 to obtain a report on sewers for the city. This was the only item of expenditure which caused discussion.

Coun. Beer said he did not think the Council would be justified in laying this amount of money out without first consulting the people.

Coun. Taylor was of the same opinion, although he believed we needed a better sewerage system. Times were so hard it might be premature.

Coun. Hughes feared the new Council might be stigmatized by the epithet "extravagant" if they voted the \$1000 this year, especially when so much had been laid out without value being received. He referred to the sums voted the W. C. T. U., Fire Tournament, etc. He was afraid the streets would suffer in consequence.

It is enough to give sewerage when the citizens ask for it.

Coun. Hooper agreed with Councillors Beer and Hogan. He thought the \$1000 should be struck off.

A strong plea in favor of sewerage was made by Coun. Hogan. He did not consider the taxes so very high, and thought the highest tax payers, when they looked at the question intelligently, would be in favor of sewerage. It might not cost more than \$500 to get a good report. The estimate for streets is nearly \$5000 less than last year.

Coun. Beer remarked there was no amount in the Estimates for miscellaneous expenditure which would be required.

Coun. Crabbe replied that all necessary contingencies had been provided for. The streets would not suffer while \$5000 was expended on them. The plank platforms, boxed drains and long bridges, were becoming a nuisance. The matter of sewerage was a most important one and should be taken up. He did not say the council should build the sewers, but it should be brought before the people, as yet they had not looked into it. The best way to get them to do so was by having a proper report to lay before them. We recognized its necessity when we wrote to Ottawa for permission to use the government drain. The proposed changes in the market-house could not be carried out without sewerage. He believed before two years the sewerage system could be made self sustaining.

Coun. Hughes thought it would be better to vote \$1200 for an engineer to look after the improving of our streets and platforms.

Coun. Taylor enquired if a law could not be made to relieve the city of the responsibility of defective planks.

His Worship.—We can't make it.

It was moved by Coun. Beer, seconded by Coun. Hughes, that the \$1000 for a report on sewers be struck out.

Coun. Hogan regretted this action. He had conversed with Dr. Macleod and other intelligent citizens and they spoke strongly in its favor. It would not cost so much, and only those who lived in the vicinity of it would be taxed for the sewer.

Coun. Beer claimed more time to consider it.

The motion was put and resulted in a tie. Ayes: Beer, Hughes, Hooper. Nays: Crabbe, Hogan, Taylor.

His Worship voted to vote the \$1000 for the sewer.

opinion that in the interests of the health and well being of the city a better system of sewerage was needed. He did not think the matter could be brought before the people better than by engaging an engineer to investigate and report. This was the precedent as regards the Waterworks. He, therefore, voted to retain the item of expenditure of \$1,000 to this end.

A by-law providing that the rate of assessment on Real Estate and Personal Property in the city of Charlottetown for Civic purposes for the current year shall be at the rate of 1 per cent, and a by-law for allowing 2½ per cent discount on the assessment of Real Estate and Personal Property in the city for all who paid before the 15th of July next, was read a first and second time.

These by-laws will be read a third time at a meeting of the Council at 10 o'clock, this morning. Meeting adjourned.

Methodist Sustentation Fund.
This is a comparatively new institution of the Methodist Church. Its object is the same as that of the "Augmentation Fund" of the Presbyterian Church. As stated in its constitution; this object is "to augment the salaries of our ministers and preachers on domestic missions and semi-independent circuits." Along this line it has already done good work, and is therefore becoming more popular year by year, both with the ministry and laity of the Church.

It is a local scheme, and is controlled wholly by the Annual Conference, which have it. At the last session of the N.E. & P.E.I. Conference important alterations were made in the principles of administering the fund. These were the outcome of a well-digested resolution introduced by Rev. J. Goldsmith of S. Miramichi, which after full discussion was adopted. This, with the other features of the Constitution, may be found, by all concerned, on page 68 of last Conference minutes.

The annual collection for this fund will be taken in the Second Methodist church on Sunday night. Rev. W. J. Kirby of Winaloe will occupy the pulpit at both services, and will make suitable appeals on behalf of the fund.

These he is prepared to forcibly present, being the possessor of excellent pulpit abilities and withal directly interested in the success of the Fund. Mr. Kirby has proved himself "a workman that needeth not to be ashamed" during his pastorate at Winaloe, now drawing to a close, as well as during the earlier periods of his ministry.

At every appointment of his present charge the property of the Church has been improved and increased in value, while the spiritual interests also have been steadily developing under his ministry. As this may be the last opportunity his city friends will have to hear him before his removal from the vicinity, it is likely he will be greeted by large congregations, and it is desirous that the Sustentation Fund scheme, for which he will make a special appeal, should be aided by liberal collections.

C. W. H.

Ch'town, May 12, 1892.
[Exam. and Pat. please copy.]

Progress.
It is very important in the age of vast material progress that a remedy be provided to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Coming!
