Expect Subsidies To Gold Mines Will Be Renewed

By HAROLD MORRISON
Canadian Press Staff Writer

The cost of government subsidies for Canada's gold mines is increasing but indications are they will be renewed in 1955 with some modifications.

The subsidy plan first launched in 1948 is designed to assist the economies of gold-mining areas and to help operators hampered by multiple price and exchange factors.

While federal officials are convinced the program is essential for the welfare of northern mining communities and maintenance of the gold industry they are concerned over the rise in federal costs.

The aid program for 1954 for example, is estimated to rise to about $16,000,000, nearly $1,200,000 higher than the $14800000 costs in 1953. This will bring federal subsidy outlays to the industry to more than $80,000,000 since the program began.

Only mines which sell gold to the government and do not export to the so-called world free markets are eligible for federal aid. Officials said the main reason for the rise is the drop in selling to the free market. More than 70 mines now receive aid.

But while federal aid costs are increasing, the industry still faces many of the critical problems that have prevailed for many years.

While production costs have risen in postwar years, attempts by governments to persuade the United States—the world's main gold buyer—to agree to a price rise have failed.

PRICE FIXED

The official gold price has remained fixed for many years at $35 an ounce in U. S. funds. The U. S. has rejected appeals for an increase on the grounds that such a move would be inflationary.

Meanwhile, the rise in the exchange value of the Canadian dollar has added to the industry's headaches. The Canadian dollar now is worth just over $1.03 in relation to the U. S. dollar and thus the operators receive a price of less than $35 an ounce in terms of Canadian funds.

Canadian Dollar

NEW YORK (CP)—The Canadian dollar was 1-32 of a cent higher at a premium of 3 11-32 per cent in terms of U. S. funds Friday. Pound sterling up 1-32 of a cent at $2.78 19-32.

Grains

WINNIPEG (CP)—Grain prices held to a narrow range in dull pre-holiday trading on the Winnipeg grain exchange Friday.

There was no information on overnight export loadings of Canadian wheat.

Lakehead prices for the top grades of class two, IWA and domestic wheat remained unchanged from Thursday.

Closing prices:

Oats: Dec. unchanged 85½ May ¼ higher 83⅝B; Jly ½ higher 80-⅜B.

Barley: Dec. ⅜ lower 1.17⅛B; May ¼ higher 1.15A; Jly ¼ higher 1.08¾.

Rye: Dec. ½ higher 1.11½B; May ⅛-⅜ higher 1.16⅜; Jly ⅜ higher 1.15¼-B.

Flax: Dec. 1⅛ higher 3.01⅛B. May 2⅛-⅝ higher 3.06⅛B; Jly ¾ higher 3.00½A.

Prices for class two wheat for export to countries outside IWA: 1 Nor. 1.71; no. 2 1.67; no. 3 1.65. no. 4 1.62; 1 durum 2.70; no. 2 2.68; no. 3 2.67. IWA prices: 1 Nor. 1.71; no. 2 1.67; no. 3 1.65; no. 4 1.62; 1 durum 1.98½; no. 2 1.97; no. 3 1.96. Domestic prices: 1 Nor 1.71; no. 2 1.67; no. 3 1.65; no. 4 1.62; 1 durum 2.08½; no. 2 2.07; no. 3 2.06.

N. Y. Stocks

By RADAR WINGET

NEW YORK (AP) — Christmas this year was really merry in Wall street for both customers and brokers. Profits were fat for stockholders as the market stood within the shadow of its historic 1929 peaks.

Commissions were great for brokers who enjoyed their heaviest business since the stock market began its heroic rise from the depression in 1933.

The Associated Press average of 60 stocks registered its eighth straight weekly gain with a rise of $1 at $153.40. At that point the average was the highest since Sept. 7, 1929, when it stood at $154.20.

ALL DIVISIONS ACTIVE

Rotating strength took in almost all major divisions of the market. Steels, rails, metals, oils and aircrafts were in demand. Low-priced issues also came to the fore with vigor. Brokers and traders were not unmindful of the Wall street belief that low-priced shares have a habit of coming to life in late stages of a boom.

The market closed last week at a 25-year high, and it kept right on going up Monday with trading heavy. On Tuesday it slowed down both in pace and in gains. On Wednesday, traders had an opportunity for profit-taking.

That proved to be a short-term affair. The Thursday market started with a pre-holiday air and continued that way most of the day with prices steady. Then toward the close, railroads came to life and sent prices up all around to new peaks.

The five most active issues this week on the New York stock exchange were:

Benguet Consolidated mining up ⅝ at 1⅝. Pennsylvania Railroad up 2 at 24, Curtiss-Wright up 3½ at 17¾, Alleghany Corporation up ⅝ at 8⅜, and Baldwin-Lima-Hamilton up 1⅜ at 12½.

CANADIAN ISSUES CHANGE

Fractional changes were recorded by Canadian stocks at the week's close. Higher were Canadian Pacific, which gained ¾, Dome Mines, up ½, and Distillers Seagram, ahead ¼. Lower stocks included Hiram Walker and International Nickel, each off ¼.

Canadian issues on the American exchange closed the week lower. Giant Yellowknife fell ¼ and Royalite Oil and Lake Shore both eased ⅛.

Montreal Stocks

MONTREAL (CP) — The stock market was irregularly higher Friday at the close of a dull, curtailed session. The market closed at noon. Gains for the most part were held to minor fractions.

Canada Cement, preferred up ¾ point to 31¼, led Powell River, Brown, Consolidated Smelters, Bank of Montreal and Seagrams small fractions higher.

Lower were Howard Smith, Bell, Imperial Oil and Atlas.

Mining shares reflected the industrial trend in quiet trading. Dominion Asbestos, Quebec Chibougamau, Meta, Dominion Asbestos and Boreal were ahead pennies. Western oils traded lightly and no definite trend was established.

Industrial volume was 16,188 shares and mines, 67,905.

BIG WIND

The word hurricane developed from "huracan" early Portuguese term for Caribbean storms.

Toronto Stocks

TORONTO (CP—The stock market closed thoroughly mixed after a two-hour session of light trading Friday.

The day's activity ended at noon for the Christmas holiday. The market is scheduled to reopen today.

Western oils featured Canada Oil Lands, Canso Oil Products and Gridoil on the downside but no losses were greater than 25 cents.

Golds featured San Antonio with a 13-cent gain and Pioneer, up 39 cents to $2.30 in light turnover.

New Thurbois was active among low - priced mines, turning over 425,000 shares for a 1954 high of 38 cents.

Would Change Landing Direction

OTTAWA, (CP)—An alternative approach for instrument landings in poor weather at Toronto's Malton airport is possible but may present difficulwties, a transport department official said Wednesday.

The radio signal beam which guides planes to Malton in bad weather passes over Brampton, Ont., near where a Trans-Canada Air Lines Super-Constellation crashed last Friday.

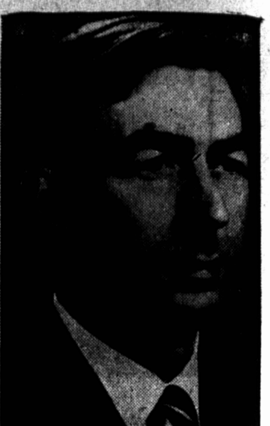
The town has asked the department to change the beam's direction and the request now is under study.

SUPERINTENDENT OF AGENCIES—Jordan W. Smith has rejoined the Maritime Life Assurance Company as Superintendent of Agencies. Mr. Smith, who is a native of Liverpool, Nova Scotia, was formerly associated with the Maritime Life, first as an agent, then as Assistant Manager of the Nova Scotia Branch and finally as Manager of the New Brunswick Branch.

In 1947 Mr. Smith formed a General Insurance Agency under the name of Smith - McDermaid Limited at Saint John, N. B., of which he is the President and General Manager.

Mr. Smith is well-known in life underwriting, having been president of the Nova Scotia Life Underwriters Association as well as the Moncton Life Underwriters Association.

Mr. Smith has sold his interest in Smith-McDermaid Limited and will assume his new position with the Maritime Life the end of January.



APPOINTED SECRETARY—At a recent meeting of the Board of Directors of the Maritime Life Assurance Company, Mr. J. S. M. Wason was appointed Secretary of the Company.

Educated at the Leys School, Cambridge, Mr. Wason enlisted as a Gunner in 1941 during World War II and saw service in the Mediterranean and European theatres with the Surrey and Sussex Yeomanry retiring in 1946 with the rank of Captain.

He joined the Standard Life Assurance Company of Edinburgh, Scotland, in 1946, resigned in 1950 to join the Maritime Life Assurance Company as Actuarial Assistant, became Head of the Actuarial Department in 1952.

NO REPORTERS ON MISSION

UNITED NATIONS, N. Y. (AP) Secretary General Dag Hammarskjold cannot take correspondents with him on his free-the-fliers mission to Peiping, the UN said Friday, but he intends to see that the world press is informed fully of "whatever can be said." He proposed that reporters apply directly to the Red China regime if they want to cover his trip. Peiping, however, issues few visas to outside correspondents.

Eastman Kodak Settles Case

WASHINGTON, (AP)— Attorney-General Herbert Brownell announced Tuesday Eastman Kodak Co. has agreed to sell its amateur color film without including a processing charge.

The agreement settled an anti-trust proceeding the justice department had brought against the company.

Heretofore, Eastman has included a processing charge in the selling price of its amateur color film. Under this arrangement, the buyer, once he has taken pictures, sends the exposed film to Eastman and it is finished without further charge.

The justice department contended this prevented other photo finishers from competing with Eastman on the processing and was an illegal restraint on trade.

ANCIENT LIBRARY

Clay tablets found in southwest Turkey are believed relics of an Assyrian "library" of about 700 BC.
