 Peoples' Druggist

Drugs are expensive. Sometimes they are more expensive than need be. And sometimes they are not so reliable as they ought to be. There was a time when the prices of drugs were away up—too high altogether. That is not the case now. The Apothecaries Hall changed that some time ago. You can get prescriptions from pure drugs at the proper prices—no fancy profits. You can get all my reliable special remedies; they've been tried and found effective.

The price—the main thing—will be found right in every case.

THE MILITARY CAMP

Interesting Items Regarding the 82nd Battalion—Camp Life.

Charlottetown is now a military city, and will remain so for twelve days. On Tuesday upon the arrival of the trains from the eastern and western parts of the province, the troops were marched to Camp Brighton, there to perform the annual training. They were immediately examined by Surgeon-Major Warburton and Surgeon-Lieut. Stewart as to their physical fitness for active service. The medical inspection over blankets, straw, etc., were issued to the men, the allowance being two bags of straw and two blankets to each man. Every other arrangement was also made to make the troops comfortable and yesterday, the regular routine of camp life began, which is as follows:—

Reveille 5.30 a. m.; roll call 5.45 a. m.; rations, bread and meat, 6 a. m.; breakfast 6.30 a. m.; sick report 8 a. m.; 1st drill 7.30 to 8.45 a. m.; 2nd drill 9.30 to 12 a. m.; dinner 12.30 p. m.; 3rd drill 2 to 4.30 p. m.; evening parade and duties 5.15 p. m.; tea 6 p. m.; rations, groceries, 6 p. m.; guard mounting 6.30 p. m.; retreat 6.30 p. m.; 1st post 9.30 p. m.; last post 10 p. m.; lights out 10.15 p. m.

At reveille the men must all turn out of bed, wash, shave, etc., shake and fold their blankets neatly, air the tents and straw, and at roll call answer to their names. Then the rations are issued and the men have breakfast, which consists of coffee without any milk, bread and cheese—there being no allowance of butter. Then comes physical drill, and at 8 o'clock the sick are paraded at the hospital tent where they are examined by the surgeon. Those who think that our soldier boys have a snap when in camp should be out there with a gun on their shoulder in the morning and afternoon parades. After the morning parade, they would not offer the least objection to the dinner allowance of barley soup and bread or roast beef and potatoes, but would gladly sit on their bags of straw, with their plate on the ground and eat as hearty a meal as if they had all the luxuries of a first-class hotel. For supper the men have tea without milk, bread and cheese as in the morning. At retreat the guard is mounted; at last post every man must answer to his name, or if absent, have a pass, and when "lights out" sounds, every light must be extinguished, and silence reigns supreme until reveille sounds the next morning.

The officers and sergeants messes are admirably looked after by Quartermasters Davison and Cameron, who have a very efficient staff of waiters.

The pride of the 82nd Battalion is undoubtedly bugler Eric Warburton, son of His Worship Mayor Warburton.

Mr. E. I. Goodwill is to be congratulated on his appointment as paymaster's clerk. Sergt. Brewer has been appointed Brigade Sergeant.

A Lady Is Judged

By the taste displayed in the choice of a perfume as much as on her choice of dress.

If a loud, offensive, cheap odor is used; you at once put the person down as possessing the same characteristics.

While if a choice French odor such as Vera Violette, Cedrela, Girofle, Royal Heliotrope, or French Carnation Pink, is used, you at once class the user as a modest lady of the upper class. We sell all the odors mentioned above.

Local and Other Items.

HELD OVER.—We are compelled to hold over Mr. L. P. Tanton's letter on the taxation of the city until tomorrow.

PICNIC.—A Apple Tree wharf on Thursday the 13 of July a picnic will be held by the Farmer's and Dairymen's Association of Marshfield. Reserve that day for that picnic.

POLICE COURT.—One drunk, Joseph Duster, was this morning fined \$2 or 10 days.

A prosecution for treating was further adjourned until July 5th, and a warrant was ordered for the arrest of a witness who had failed to appear upon his summons.

THE DRAMA.—"Captain Jack: or the Irish Outlaw," was played very successfully at Kirkora last evening. Specialties were given by Charlottetown talent including Miss Nellie Robb, Messrs William Brown, George Hennessy, Jack Hughes and Ted Reddin.

THE SPORTS.—Foreign bicyclists who are entered for the races here Dominion Day are beginning to arrive, and everything presents a lively appearance around the grounds of the C. A. A. A., where the foreigners are testing the track and getting into condition.

GAS NOTES.—The following are taken from an English exchange: The Antwerp railway station is now fitted out with fifty three gas stoves on the Siemens regenerative system, and the result is highly satisfactory and very economical.

Huddersfield, G. B., has over one thousand street lamps in use with the aner burner. Birmingham will install two thousand of the aner lamps on the streets this year.

The Dundee Co. Company increased its output last year by nearly fifty million cubic feet. This is in the face of competition from electricity which so far has cut but a poor figure.

The street lighting report of the city of Worcester, Mass., shows an expenditure of seven thousand dollars last year for lamps using the aner burner. This is in addition to what is spent for electric and other lighting. The aner burner is found to be the most satisfactory on streets with shade trees.

SUPREME COURT

The Grand Jury were discharged yesterday afternoon. Before their discharge they brought in "true bills" against Frank Murphy indicted on four separate charges of forgery. Murphy was not present in court and a bench warrant was issued for his arrest.

The Grand Jury also submitted report of their visit to the Hospital for the Insane, the Poor House, Jail and Market House,—the full text of which is given elsewhere in to-day's issue. The Chief Justice, in acknowledging the report, complimented the Grand Jury upon the painstaking manner in which they have discharged their duties. The work accomplished by them was in the interest of the country and could not fail to do much good. The remarks regarding the Hospital for the Insane were of especial importance. Although the attention of the Government had been called to the condition of this institution in past years nothing seems to have been done. He regretted that the court had no control over the Government, and was therefore unable to take action. All the court could do was to hand over the report of the Jury to the Government; and this he instructed the clerk to do.

Since our last report the following cases have been disposed of:

Davis vs. Moore.—The judgment of the Chief Justice at Chambers ordering security for costs was, on appeal, sustained.

Haywood and another vs. Bernard and another. Action on promissory note. Verdict for plaintiff for \$186 65. Morson, Q. C., for plaintiff.

B. Stewart and another vs. Alex Dixon. Action of debt. Verdict for plaintiff for \$43. Stewart, Q. C., for plaintiff; McLean, Q. C., for defendant.

Donald Farquharson vs. Duncan Campbell. Action of debt. Verdict for plaintiff for \$115 18. J. A. McDonald for plaintiff; McLean, Q. C., for defendant.

Geo. H. Toombs vs. G. F. Smallwood. Action for debt. Verdict for plaintiff for \$113 19. Rattenbury for plaintiff.
