

# MEN and MATERIALS ARE AVAILABLE NOW!

## PLAN TO GET THAT JOB DONE IMMEDIATELY

### START INTERIOR HOME PROJECTS NOW

The traditional time for home repairs and improvements is the Spring and Summer months. Interior work that could be more economically done now, is delayed until the rush season begins. Delay in starting can result in costly inconveniences and extra time in completing your projects.

MARITIMES GENERAL CONTRACTORS

Dear Folks:

Do you know why I am always so bright and cheerful? It's because you keep me busy 24 hours a day every day of the year, rain or shine. How happy I am to be busy!

Lately I have been hearing quite a bit about "Seasonal Unemployment" Those are pretty long words but they mean that friends of yours and mine are having a rather tough time waiting for work to start up. Now I'll just bet that some of that work could be done right now, especially if it is inside your house or office, and you wouldn't be waiting around in the real busy season ahead.

There are a lot of jobs that are left until late in the spring. What usually happens? You can't find anyone to do them. Why not get some of those jobs done right now? From what I can gather there is going to be a big demand for construction workers and tradesmen.

Give the National Employment Service Offices a call. They have men available NOW!

Thanks folks.

Yours Obediently,

# NATIONAL EMPLOYMENT SERVICE CAMPAIGN AGAINST UNEMPLOYMENT IS UNDERWAY

## PROCLAMATION

By virtue of the authority vested in me, I earnestly request the citizens of Charlottetown to wholeheartedly co-operate with the National Employment Service in their campaign to level out and help eliminate the seasonal unemployment situation.

Construction prospects for the Spring and Summer are very good. Skilled men and laborers will be at a premium. Householders by having their repair work, rebuilding and remodeling done now, will avoid delay and disappointment.

This is our Centennial Year and every effort should be made to make our City attractive. If you have a project in mind, however small, do it now and in this way all will benefit.

J. DAVID STEWART,  
Mayor.

## The Traditional Time

IS NOT NECESSARILY THE BEST TIME TO HAVE WORK DONE!

By having as much work done now as possible you will be avoiding delays — inconveniences — and possibly extra costs — that arise when construction projects are at their peak. You will also be helping your community by providing seasonal workers with employment during their slack months. "LET'S-DO-IT-NOW!"

For any advice or assistance you may need in securing skilled or unskilled workers

Of the Unemployment Insurance Commission

5595 or 5596

GRAFTON ST., CHARLOTTETOWN

## CLEAN-UP — PAINT-UP — FIX-UP FOR CENTENNIAL

We are calling on the Homeowners and Business Men to institute now their plans for repairing, remodeling, redecorating and rebuilding, instead of the traditional time of late Spring and Summer. Tradesmen and laborers will all be fully employed by then. You will be doing yourself and the community a service if you will have as much work done now as possible.

There will be many visitors to our City this summer and accommodation will be scarce. If you are thinking of taking summer guests, get that spare room ready NOW!

During the Spring and Summer, skilled, semi-skilled and unskilled workers will be busy on construction projects. Homeowners may find it difficult to have their work done without costly delays, unnecessary inconveniences. By having all possible work done now, you will be assured of highest standards with the minimum of delay. Save yourself time and money by arranging for your home improvements to be done immediately.
