Total sales: Industrials 690,600, mines and oils 419,800

TORONTO

TORONTO (CP) — Industrial prices pulled through with an unqualified recovery — showing an index climb of 1.55 points at the close after recording a deficit of 9.95 at 2 p.m.— the sixth sizeable swing of the stock market Wednesday.

A temporary withdrawal of the 30 per cent takeover tax to be imposed on foreign investors buying large blocks of Canadian stocks—a term of the federal budget which was tabled last week — was announced by Finance Minister Walter Gordon Wednesday afternoon, and was credited with the remarkable about face.

The original tax levy was blamed earlier in the day for the sharp decline sustained by major industrials before the finance minister's announcement.

Some of the chief issues included in the one-half hour recuperation were Algoma Steel, up ¼ to 57½ after dropping to 55 at 2 p.m., Bell Telephone, up ¼ to 56 after a low of 54½ and Distillers Seagrams, unchanged at 54¾ after an earlier dip to 52½.

Other issues which were down at 2 p.m. but more at 3 p.m. or close showed advances at the close included Moore, up ½, Trans-Canada Pipe Lines, up 1¼ and Dupont, up ⅛.

The five major banking stocks all showed losses in a ¼ to ⅝ range at mid-afternoon but at 3:30 p.m. Toronto-Dominion was up 1⅜ to 64 for the largest recovery of two points, Montreal and Imperial Bank of Commerce were ahead ⅞ each, Royal was up 1 and Nova Scotia edged ahead ¼.

INDUSTRIALS AHEAD

On index, industrials pulled ahead 11.50 after 2 p.m. to post a gain of 1.55 to 640.55 for the session. Golds were down 87.60, base metals gained 1.56 to 211.49 and western oils advanced 1.95 to 119.18. Final volume was 6,009,000 shares compared with 5,703,000 Tuesday.

Senior base metals followed a pattern similar to that of industrials during the day but changes were held in a more modest range.

Falconbridge off ½ earlier, was up ½ to 62 and International Nickel, down 1⅝ at 2 p.m. rose ⅜ to 67¾ at the close. Noranda, which sustained a drop of ⅝ at mid-day, closed unchanged at 36¾. Denison was ahead ⅜.

Several speculatives were active throughout the session but price changes were only less than five cents among those showing heavy turnover.

Cusco dropped 2½ cents to 39 cents on a volume of more than 1,000,000 shares and Tribag rose four cents after trading 144,000 shares.

In western oils activity, Dome Petroleum gained ¾, Home B rose ⅜ and Home A and Great Plains each advanced ½. Central Del Rio jumped 45 cents to $7.70 after reaching $8.25 on fairly heavy turnover.

Calgary and Edmonton dropped 1¼ to a new 1963 low of 20.
