The pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depend upon what he gets out of his food. This depends on his digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness and heartburn. The "Pellets" are very gentle in their action. They simply assist nature. They give no violent wrench to the system. They cause no pain, nor griping.

THE PROJECT ENDORSED.—The establishment of a projected first-class steamship line between Canada and Jamaica is strongly endorsed by Montreal steamship men, who state the present service amounts to very little. They believe that should the right company take hold of the project with the aid now being given by the Government an excellent service could be established. Montreal is favored as the summer port and St. John as the winter terminus.

DEATH OF LEVI SMITH.—Messrs. Weeks & Co's flag is today flying at half-mast out of respect to the memory of Mr. Levi Smith, who died this morning shortly after eight o'clock. QUEEN SQUARE GARDENS.—The removal of the fence from Queen Square Gardens, while an improvement in some sense leaves the gardens entirely unprotected. She complained that she was sick and despondent and did not care what happened to her. She eventually returned to her home.

The plague of fine leather's thirst—The finer it is the drier it is, and the drier it is the more it needs fibre-food pol sh.

Any shoe polish that shines without brushing is a varnish—and varnish or waxy dressing must burn leather, seal up its pores and crack it.

SLATER SHOE POLISH is made to protect Slater Shoes, by people who know what leather needs and who dare not advise poor polish on the shoes they guarantee. It contains no wax or varnish, and is equally good for women and children's shoes.
