NEW YORK

NEW YORK (AP)—The stock market continued to decline Monday for the third straight session. Trading was moderate.

The drop in stocks was accompanied by the spate of year-end tax-loss selling and profit taking which has marked recent sessions. It took place despite a fairly encouraging background of business news.

Once again, there was no great rush to unload. Volume was a run-of-the-mill 4,560,000 shares compared with 4,620,000 Friday.

The Dow Jones industrial average fell 2.38 to 756.38.

Losses of key stocks went generally from fractions to a point or so. Among the high flyers, Xerox lost 4⅞, Control Data 4 and Polaroid 3½.

Securities of many of the most successful companies, whose stocks have made the biggest gains in 1963, took sharp losses as profits were established for tax purposes.

Radio Corp. was basically traded and down 1⅝ even as David Sarnoff, chairman, estimated this year's earnings would be $3.55 to $3.60 a share compared with $2.84 in 1962, making record highs for the second straight year.

GENERAL MOTORS DOWN

General Motors, fifth most active stock, fell ¾ to 76½ as chairman Frederic Donner predicted auto industry sales in 1964 would be around 7,500,000 passenger cars. The market ignored these news items and typical December cross currents continued.

The Associated Press average of 60 stocks fell 1.7 to 383.4.

It was the sharpest decline since Nov. 22 when the average fell 7.2 on news of President Kennedy's assassination.

An estimated $2,600,000,000 was clipped from the quoted value of stocks listed on the New York Stock Exchange, based on the decline in the AP average.

MOST ACTIVE GAINER

Sperry Rand, the most active gainer last week, continued to attract a big following and was the volume leader, rising ⅞ to 22 on 118,000 shares. Texaco was second, down 1¼ at 66¢ on 112,200 shares. Third was J. Ray McDermott, up 1⅜ at 22¢ on 56,000 shares.

Among Canadian issues Aluminium dropped ¢, Canadian Pacific, Dome Mines, Granby Mining each ¼, International Nickel gained ¾, Walker Gooderham ¼.

Prices on the American Exchange were generally lower. Molybdenite, Preston, Fargo Oil each lost 1-16. Canadian Javelin and Scurry Rainbow Oil added ¼, Jupiter Corp. ⅛.
