HAITI - DOMINICAN REPUBLIC 1984

Applications for the 1984 WUSC International Seminar to Haiti - Dominican Republic are now available on university and college campuses across Canada.

Thirty students and three faculty leaders will be selected to participate in the summer programme which begins in July 1984 and includes six weeks of travel, study and exploration of development projects in various regions of Haiti and the Dominican Republic.

WUSC seminars have been providing opportunities for cross-cultural study and travel for Canadian students since the first WUSC seminar to Germany in 1948. Research topics in the areas of economics, education, and the social and health sciences lead participants into special interest fields with the help of Canadian professors and local resource people. Participation in rural development projects and a variety of cultural events are integral parts of the programme which takes members of the academic community into first-hand experiences in the developing world.

The working language of the Haiti - Dominican Republic seminar will be French and a familiarity with Spanish would be an asset for faculty applicants.

Selected students will be required to raise a portion of the programme costs which will be covered by WUSC, including travel, lodging, meals, and all seminar activities, beginning with a pre-departure briefing in Ottawa and an orientation series in Port-au-Prince upon arrival.

The deadline for faculty applications is November 18, with student applications due November 28, 1983. Information and application forms may be obtained from the local WUSC committee representative on campus:
